## **I. DOING BUSINESS WITH FHA**

### **A. FHA LENDERS AND MORTGAGEES**

The Doing Business with FHA section in this *FHA Single Family Housing Policy Handbook (SF Handbook)* covers Federal Housing Administration (FHA) approval and eligibility requirements for both Title I lenders and Title II Mortgagees, as well as other FHA program participants. The term “Mortgagee” is used throughout for all types of FHA approval (both Title II Mortgagees and Title I lenders) and the term “Mortgage” is used for all products (both Title II Mortgages and Title I loans), unless otherwise specified.

A Mortgagee must fully comply with all of the following approval and eligibility requirements in order to be approved by FHA to participate in the origination, underwriting, closing, endorsement, servicing, purchasing, holding, or selling of FHA-insured Title I or Title II Mortgages.

The requirements outlined below in subsections 1 through 9 apply to both Single Family (one-to four-units) and Multifamily Mortgagees. If there are any exceptions or program-specific requirements that differ from those set forth below, the exceptions or alternative program requirements are explicitly stated or hyperlinked to the appropriate guidance. Terms and acronyms used in this *SF Handbook* have their meanings defined in the [Glossary and Acronyms](#) or in the specific section of the *SF Handbook* in which the definitions are located.

#### **1. Types of Program Approvals**

---

### **1. Types of Program Approvals**

FHA approves Mortgagees separately for participation in the Title I and Title II programs. FHA approval is conveyed to a specific legal Entity and cannot be shared with or extended to other Entities, such as a parent or subsidiary, or any Affiliates of the Mortgagee.

#### **a. Title I**

##### **i. Definition**

A Title I Mortgagee is a Mortgagee that (a) holds a valid Title I contract of insurance and is approved by FHA, or (b) held a Title I contract that has been terminated or suspended but remains responsible for servicing or selling the Title I Mortgages that it holds and is authorized to file insurance claims on these Mortgages.

##### **ii. Standard**

A Title I Mortgagee may be approved to originate, underwrite, close, endorse, service, purchase, hold, or sell loans under the Property Improvement program and/or the Manufactured Housing program. #### **b. Title II**

##### **i. Definition**

A Title II Mortgagee is a Mortgagee that has been approved to participate in Title II and/or Title XI programs under the National Housing Act (12 U.S.C. § 1707 et seq. and 12 U.S.C. § 1749aaa et seq.).

The Mortgagee must register each branch office and pay [branch office registration fees](#) through the [Lender Electronic Assessment Portal \(LEAP\)](#). A 10-digit FHA Lender ID will be assigned to each registered branch office.

The Mortgagee cannot register a new branch office within a HUD Field Office jurisdiction in which it has withdrawn a branch office in the last six months. The Mortgagee must instead make a request through [LEAP](#) to reassign the former office's 10-digit FHA Lender ID to the new branch and must pay the branch office registration fee.

##### b. Single Family Lending Area

###### i. Definition

An "Area Approved for Business" (AAFB) is the geographic area in which a Mortgagee's home or branch office is permitted to originate or underwrite FHA Mortgages. The AAFB is subdivided into HUD Field Office jurisdictions.

The Mortgagee's AAFB can be viewed through [LEAP](#). The jurisdiction of each HUD Field Office can be verified on [www.hud.gov/lenders](http://www.hud.gov/lenders) under the Mortgage Origination tab through the link titled "[HUD office jurisdictions](#)."

###### ii. Standard

All branch offices registered by a Mortgagee will initially be granted a nationwide AAFB. **ii. Exception for Existing Leases**

In cases where a Mortgagee acquires an existing office with the intent of operating it as a branch office, and the lease of the acquired office is not transferable to the Mortgagee, FHA will allow the Mortgagee to operate the acquired office as a branch office until the lease expires upon its own terms, so long as the Mortgagee can demonstrate that it has assumed financial liability for the payment of the lease. In such cases, the Mortgagee must document and maintain evidence that it has assumed financial liability for the payment of the lease and produce this documentation to FHA upon request.

**5. Supplemental Mortgage Authorities**

After a Mortgagee is approved, the Mortgagee can apply for additional supplemental Mortgagee authorities in accordance with the following requirements.

**a. Title II Direct Endorsement Authority**

**i. Scope of Authority**

The Mortgagee must obtain separate DE approval for forward mortgage and Home Equity Conversion Mortgage (HECM) programs.

**(A) Definitions**

**(1) Conditional Authority**

Conditional Authority is the authority of a Mortgagee that has applied for and received basic FHA Mortgagee approval as a Supervised, Nonsupervised, or Government Mortgagee, and has not entered or completed the Test Case phase.

**(2) Test Case Phase**

**(3) Unconditional DE Authority**

Unconditional DE Authority permits a Mortgagee to underwrite and close Title II Single Family Mortgages prior to submitting them to FHA for FHA insurance endorsement.

**(B) Standard**

To obtain Unconditional DE authority, the Mortgagee must successfully complete the Test Case phase, which permits FHA to evaluate the Mortgagee's qualifications, experience, and expertise to underwrite Mortgages that satisfy FHA requirements.

**(C) Exception**

Unconditional DE authority may be granted, without the need for the Test Case phase, to the following categories of Mortgagees created by merger, acquisition, or reorganization:

- new Mortgagees resulting in new FHA Lender IDs.

**ii. Eligibility Requirements**

A Mortgagee must meet the following requirements in order to apply for and participate in FHA's DE Program.

**(A) Standard**

## (B) Exception for Certain Mortgagees Created by Merger, Acquisition, or Reorganization

Unconditional DE authority may be granted without the need for the Test Case phase following a merger, acquisition, or reorganization, so long as the following criteria are met:

- Either or both institutions, of the surviving FHA-Approved Mortgagee or the FHA-Approved Mortgagee resulting in a new FHA Lender ID, were unconditionally DE-approved prior to the merger, acquisition, or reorganization.
- If both institutions are unconditionally DE-approved, then the management and staff of at least one of the Mortgagees involved with the Mortgagee's Unconditional DE authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Mortgagee. If only one institution is unconditionally DE-approved, then the management and staff involved with that Mortgagee's Unconditional DE authority prior to the merger, acquisition, or reorganization must continue to exercise those responsibilities for the new Mortgagee.
- Both Mortgagees have claim and default rates at or below the 150 percent national compare ratio. If only one institution is unconditionally DE-approved, then only that Mortgagee's claim and default rate is to be considered.

## iii. Application and Approval

The Mortgagee must participate in an in-person or telephone entrance conference with the HOC before it will be eligible to submit Test Cases.

**(a) Case Binder Submission**

The Mortgagee must submit all Test Case files to the Jurisdictional HOC associated with the Mortgagee's home office.

**(i) Pre-closing Submission**

If the Mortgagee submitted the case binder before closing, the HOC will either issue a Firm Commitment (approval) or Firm Reject (denial). The Mortgagee may close and submit for insurance endorsement any Mortgage that has received a Firm Commitment.

**(ii) Post-closing Submission**

If the Mortgagee first submitted the case binder to FHA after closing, the HOC will perform a Test Case review for compliance with FHA underwriting guidelines. The HOC will either insure the Mortgage, or reject the Mortgage and return it to the Mortgagee for correction. The Mortgagee must make any necessary corrections and provide any required documents to the HOC before the loan can be insured.

**I. DOING BUSINESS WITH FHA**

**q. Mergers, Acquisitions, and Reorganizations**

A non-surviving Mortgagee remains responsible for the payment of insurance premiums and compliance with all other obligations associated with the FHA Mortgages until the Mortgages are transferred and the mortgage record changes are reported accurately to HUD through [FHAC](#), Electronic Data Interchange (EDI), or Business to Government (B2G).

#### **(4) Policy on Use of Electronic Signatures**

##### **(a) Definition**

An Electronic Signature refers to any electronic sound, symbol, or process attached to or logically associated with a contract or record and executed or adopted by a person with the intent to sign the record. FHA does not accept an electronic signature that is solely voice or audio. Digital signatures are a subset of electronic signatures.

##### **(b) Use of Electronic Signatures**

An electronic signature conducted in accordance with the Electronic Signature Performance Standards (Performance Standards) is accepted on FHA documents requiring signatures to be included in the case binder for mortgage insurance, unless otherwise prohibited by law.

Electronic Signatures meeting the Performance Standards are treated as equivalent to handwritten signatures.

##### **(c) Electronic Signature Performance Standards**

The Performance Standards are the set of guidelines that govern FHA acceptance of an electronic signature. The use of electronic signatures is voluntary. However, Mortgagees choosing to use electronic signatures must fully comply with the Performance Standards.

##### **(i) The Electronic Signatures in Global and National Commerce Act (E-Sign Act) Compliance and Technology**

A Mortgagee's electronic signature technology must comply with all requirements of the E-Sign Act, including those relating to disclosures, consent, signature, presentation, delivery, retention and any state law applicable to the transaction.

##### **(ii) Third Party Documents**

Third Party Documents are those documents that are originated and signed outside of the control of the Mortgagee, such as the sales contract. FHA will accept electronic signatures on Third Party Documents included in the case binder for mortgage insurance endorsement in accordance with the E-Sign Act and the Uniform Electronic Transactions Act (UETA). An indication of the electronic signature and date should be clearly visible when viewed electronically and in a paper copy of the electronically signed document.

##### (iii) Authorized Documents

Authorized Documents refer to the documents on which FHA accepts electronic signatures provided that the Mortgagee complies with the Performance Standards.

- **Mortgage Insurance Endorsement Documents:** Electronic signatures will be accepted on all documents requiring signatures included in the case binder for mortgage insurance except the Note. As of December 31, 2014, FHA will accept electronic signatures on the Note for forward Mortgages only. FHA will not accept electronic signatures on HECM Notes.
- **Servicing and Loss Mitigation Documentation:** Electronic signatures will be accepted on any documents associated with servicing or loss mitigation services for FHA-insured Mortgages.
- **FHA Insurance Claim Documentation:** Electronic signatures will be accepted on any documents associated with the filing of a claim for FHA insurance benefits, including form [HUD-27011](#), *Single Family Application for Insurance Benefits*.
- **HUD Real Estate Owned (REO) Documents:** Electronic signatures will be accepted on the HUD REO Sales Contract and related addenda.

##### (iv) Associating an Electronic Signature with the Authorized Document

The Mortgagee must ensure that the process for electronically signing authorized documents provide for the document to be presented to the signatory before an electronic signature is obtained. The Mortgagee must ensure that the electronic signature is attached to, or logically associated with, the document that has been electronically signed.

##### (v) Intent to Sign

The Mortgagee must be able to prove that the signer certified that the document is true, accurate, and correct at the time signed. Electronic signatures are only valid under the E-Sign Act if they are “executed or adopted by a person with the intent to sign the record.” Establishing intent includes:

- identifying the purpose for the Borrower signing the electronic record;
- being reasonably certain that the Borrower knows which electronic record is being signed; and

#### 1. Origination/Processing

---

- providing notice to the Borrower that their electronic signature is about to be applied to, or associated with, the electronic record.

Intent to use an electronic signature may be established by, but is not limited to:

- an online dialog box or alert advising the Borrower that continuing the process will result in an electronic signature;
- an online dialog box or alert indicating that an electronic signature has just been created and giving the Borrower an opportunity to confirm or cancel the signature; or
- a click-through agreement advising the Borrower that continuing the process will result in an electronic signature.

#### **(vi) Single Use of Signature**

Mortgagees must require a separate action by the signer, evidencing intent to sign, in each location where a signature or initials are to be applied.

This provision does not apply to documents signed by Mortgagee employees or Mortgagee contractors provided the Mortgagee obtains the consent of the individual for the use of their electronic signature. The Mortgagee must document the Borrower's consent.

#### **(vii) Authentication**

##### **Definition**

Authentication refers to the process used to confirm a signer's identity as a party in a transaction.

##### **Standard for Authentication**

Before a Mortgagee submits the case for endorsement, the Mortgagee must confirm the identity of the signer by authenticating data provided by the signer with information maintained by an independent source.

Independent sources include, but are not limited to:

- national commercial credit bureaus;
- commercially available data sources or services;
- state motor vehicle agencies; or
- government databases.

The Mortgagee must verify a signer's name and date of birth, and either their Social Security Number (SSN) or driver's license number.

#### 1. Origination/Processing

##### **(viii) Attribution**

###### **Definition**

Attribution is the process of associating the identity of a signer with their signature.

###### **Standard for Attribution**

The Mortgagee must maintain evidence sufficient to establish that the electronic signature may be attributed to the individual purported to have signed.

The Mortgagee must use one of the following methods, or combinations of methods, to establish attribution:

- selection by or assignment to the individual of a Personal Identification Number (PIN), password, or other shared secret, that the individual uses as part of the signature process;
- delivery of a credential to the individual by a trusted third party, used either to sign electronically or to prevent undetected alteration after the electronic signature using another method;
- knowledge base authentication using “out of band/wallet” information;
- measurement of some unique biometric attribute of the individual and creation of a computer file that represents the measurement, together with procedures to protect against disclosure of the associated computer file to unauthorized parties; or
- public key cryptography.

##### **(ix) Credential Loss Management**

Mortgagees must have a system in place to ensure the security of all issued credentials. One or a combination of the following loss management controls is acceptable:

- maintaining the uniqueness of each combined identification code and password, such that no two individuals have the same combination of identification code and password;
- ensuring that identification code and password issuances are periodically checked, recalled, or revised;
- following loss management procedures to electronically de-authorize lost, stolen, missing, or otherwise compromised identification code or password information, and to issue temporary or permanent replacements using suitable, rigorous controls;
- using transaction safeguards to prevent unauthorized use of passwords or identification codes; or

---

- detecting and reporting any attempts at unauthorized use of the password or identification code to the system security unit.

#### (d) Required Documentation and Integrity of Records

Mortgagees must ensure that they employ industry-standard encryption to protect the signer's signature and the integrity of the documents to which it is affixed. Mortgagees must ensure that their systems will detect and record any tampering with the electronically signed documents. FHA will not accept documents that show evidence of tampering.

If changes to the document are made, the electronic process must be designed to provide an "audit trail" showing all alterations, the date and time they were made, and identify who made them.

The Mortgagee's system must be designed so that the signed document is designated as the Authoritative Copy. The Authoritative Copy of an electronically signed document refers to the electronic record that is designated by the Mortgagee or holder as the controlling reference copy.

### (B) Mortgage Application and Initial Supporting Documentation

#### (1) URLA and HUD/VA Addendum to the URLA

Unless otherwise noted, *URLA* and *HUD/VA Addendum to the URLA* refer to both initial and final applications.

The Mortgagee must obtain the Borrower's initial complete, signed *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)) and page two of form [HUD-92900-A](#) before underwriting the mortgage application.

The Mortgagee must also include the debt of a non-borrowing spouse on the *URLA* if the Borrower resides in or the Property to be purchased is located in a community property state.

The **loan originator** identified on the *URLA* must be the actual licensed loan originator regardless of whether the **loan originator** is employed by a sponsored Third-Party Originator (TPO) or the Mortgagee. ### iii. Application Document Processing

#### **(A) Mortgagee Responsibilities**

The Mortgagee must order the FHA case number and perform any associated tasks in [FHA Connection \(FHAC\)](#). The Mortgagee may use non-employees in connection with its origination of FHA-insured Mortgages only as described below. The Mortgagee ultimately remains responsible for the quality of the Mortgage and for strict compliance with all applicable FHA requirements, regardless of the Mortgagee's relationship to the person or Entity performing any particular service or task.

#### **(1) Sponsored Third-Party Originator**

The Mortgagee is responsible for dictating the specific application and processing tasks to be performed by the sponsored TPO. Only HUD-approved Mortgagees acting in the capacity of a sponsored TPO may have direct access to [FHAC](#).

#### **(2) Housing Counseling Services**

##### (3) Other Contract Service Providers

The Mortgagee may utilize Eligible Contractors to perform the following administrative and clerical functions: typing of mortgage documents, mailing out and collecting verification forms, ordering credit reports, and/or preparing for endorsement and shipping Mortgages to Investors.

##### (4) Excluded Parties

The Mortgagee may not contract with Entities or persons that are suspended, debarred, or otherwise excluded from participation in HUD programs, or under a [Limited Denial of Participation \(LDP\)](#) that excludes their participation in FHA programs. The Mortgagee must ensure that no sponsored TPO or contractor engages such an Entity or person to perform any function relating to the origination of an FHA-insured Mortgage. The Mortgagee must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

#### (B) Initial Document Processing

The Mortgagee begins processing the Mortgage by obtaining an initial *URLA* ([Fannie Mae Form 1003/Freddie Mac Form 65](#)) and Part V of form [HUD-92900-A](#).

##### (1) Ordering Case Numbers

The Mortgagee must use [FHAC](#) to order FHA case numbers. A case number can be obtained only when the Mortgagee has an active mortgage application for the subject Borrower and Property.

In order to obtain a case number, the Mortgagee must:

- provide the subject Borrower's name, SSN, and date of birth;
- provide the property address; and
- certify that the Mortgagee has an active mortgage application for the subject Borrower and Property.

The Mortgagee is not required to input appraiser information at the time the case number is ordered.

##### (a) Automated Data Processing Codes

FHA Automated Data Processing (ADP) Codes are derived from the section of the National Housing Act under which the Mortgage is to be insured. The Mortgagee must select the correct ADP code for each Mortgage in [FHAC](#).

##### (b) Case Numbers on Sponsored Originations

The Mortgagee will not be able to order case numbers for sponsored originations unless their sponsored TPO has been registered in [FHAC](#).

##### (2) Holds Tracking

If FHAC detects that a case number currently exists for the Property, a case number will not be assigned. The Mortgagee will receive notification that the case number assignment has been placed in Holds Tracking. The Mortgagee must review the Holds Tracking screen in FHAC to determine the necessary actions to obtain a case number.

##### (3) Canceling and Reinstating Case Numbers

###### (a) Canceling a Case Number

The Mortgagee may request cancellation of a case number by submitting a request to HUD. A case number will be cancelled only if:

- an appraisal has not been completed and the Borrower will not close the Mortgage as an FHA-insured Mortgage;
- the FHA mortgage insurance will not be sought; or
- the appraisal has already expired.

The Mortgagee must submit a request for cancellation to the FHA Resource Center at [answers@hud.gov](mailto:answers@hud.gov) using the [Case Cancellation Request Template](#).

###### (b) Automatic Case Number Cancellations

Case numbers are automatically cancelled after six months if one of the following actions is not performed as a last action:

- appraisal information entered;
- Firm Commitment issued by FHA;
- insurance application received and subsequent updates; or
- Notices of Return (NOR) or resubmissions.

Updates to the Borrower's name and/or property address, an appraisal update, or a transmission of the Upfront Mortgage Insurance Premium (UFMIP) do not constitute Last Action Taken.

###### (c) Reinstatement of Case Numbers

The Mortgagee may request reinstatement of cancelled case numbers by submitting a request to the FHA Resource Center using the [Case Reinstatement Request Template](#).

Case numbers that were automatically cancelled will be reinstated only if the Mortgagee provides evidence that the subject Mortgage closed prior to cancellation of the case number, such as a Settlement Statement or similar legal document.

#### **(4) Transferring Case Numbers**

##### **(a) Requirements for the Transferring Mortgagee**

The original Mortgagee must assign the case number to the new Mortgagee using the Case Transfer function in [FHAC](#) immediately upon the Borrower's request.

The original Mortgagee may provide processing documents but is not required to do so.

The original Mortgagee may not charge the Borrower for the transfer of any documents, but the original Mortgagee may negotiate a fee with the new Mortgagee for providing the processing documents. The original Mortgagee is never entitled to a fee for the transfer of processing documents for a Streamline Refinance.

##### **(b) Case Number Transfer Involving a Rejected Mortgage**

If the transfer involves a rejected Mortgage, the original Mortgagee must complete the Mortgage Credit Reject function in [FHAC](#) prior to transferring the Mortgage.

##### **(c) Case Number Transfer Involving a Sponsored Third-Party Originator**

Where a case number is transferred to a new approved Mortgagee or sponsored TPO, the original Mortgagee, its authorized agent, or sponsored TPO that is also an FHA-approved Mortgagee must complete the appropriate sections in [FHAC](#) as described in the [FHAC Guide – Case Processing Support Functions](#).

#### **(5) Ordering Title Commitments**

The Mortgagee must order a title commitment to ensure the Property will be properly titled and the Mortgage secured in accordance with FHA requirements.

another case number, even if the prior appraisal is not yet more than 120 Days old.

##### **(a) Appraisal Integrity**

The Mortgagee is responsible for identifying any problems or potential problems with the integrity, accuracy and thoroughness of an appraisal submitted to FHA for mortgage insurance purposes.

Appraisers must comply with the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#), including the Competency Rule, when conducting appraisals of Properties intended as security for FHA-insured financing. In appraising any Property for the purpose of obtaining FHA mortgage insurance, the Appraiser must certify that they are capable of performing the appraisal because they have the necessary qualifications and access to all necessary data.

The Mortgagee must ensure that FHA is listed on the appraisal report as an Intended User of the appraisal.

##### **(b) Selection of a Qualified Appraiser**

The Mortgagee must order an appraisal from an Appraiser who is listed on the [FHA Appraiser Roster](#) and is qualified and knowledgeable in the specific market area in which the Property is located. The Mortgagee must evaluate the Appraiser's education, training and actual field experience to determine whether the Appraiser has sufficient qualifications to perform the appraisal before assignment.

The Mortgagee may not discriminate on the basis of race, color, religion, national origin, sex, age, disability, or actual or perceived sexual orientation and gender identity in the selection of an Appraiser.

##### **(c) Use of Appraisal Management Company or Third-Party Contractors**

The Mortgagee may engage an Appraisal Management Company (AMC) to perform services related to the obtaining of an appraisal. The Mortgagee remains responsible for the acts of its AMC or third-party contractors.

The Mortgagee may not pay the AMC and other third-party contractors fees in excess of what is customary and reasonable for such services in the market area where the Property being appraised is located. Any management fees must be for actual services related to the ordering process, or review of appraisal for FHA financing.

##### (d) Appraiser Independence

The Mortgagee must ensure it does not compromise the Appraiser's independence.

The Mortgagee may not allow the Appraiser to be selected, retained, managed, or compensated by a mortgage broker or any member of a Mortgagee's staff who is compensated on a commission basis tied to the successful completion of a Mortgage or who is not independent of the Mortgagee's mortgage production staff or processes.

The Mortgagee must ensure that it does not:

- compensate the Appraiser at a rate that is not commensurate in the market area of the Property being appraised with the assignment type, complexity and scope of work required for the appraisal services performed;
- withhold or threaten to withhold timely payment or partial payment for an appraisal report;
- prohibit the Appraiser from recording the fee paid for the performance of the appraisal in the appraisal report;
- condition the ordering of an appraisal report or the payment of an appraisal fee, salary, or bonus on the opinion, conclusion or valuation to be reached, or on a preliminary value estimate requested from an Appraiser;
- provide to the Appraiser, appraisal company, AMC or any Entity or person related to the Appraiser, appraisal company or AMC, stock or other financial or non-financial benefits;
- order, obtain, use, or pay for a second or subsequent appraisal or Automated Valuation Model (AVM) in connection with a Mortgage financing transaction unless:
  - there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such belief is clearly and appropriately noted in the mortgage file; or
  - such appraisal or AVM was completed pursuant to written, pre-established bona fide pre- or post-Disbursement appraisal review or quality control process or underwriting guidelines and the Mortgagee adheres to a policy of selecting the most reliable appraisal, rather than the appraisal that states the highest value;
- withhold or threaten to withhold future business from an Appraiser, or demote or terminate or threaten to demote or terminate an Appraiser in order to influence an Appraiser to arrive at a predetermined or desired value;
- make expressed or implied promises of future business, promotions or increased compensation for an Appraiser in order to influence an Appraiser to arrive at a predetermined or desired value;

- allow the removal of an Appraiser from a list of qualified Appraisers or the addition of an Appraiser to an exclusionary list of qualified Appraisers, used by any Entity, without prompt written notice to such Appraiser. The notice must include written evidence of the Appraiser's illegal conduct, violation of [USPAP](#) or state licensing standards, improper or unprofessional behavior or other substantive reason for removal;
- request that an Appraiser provide an estimated, predetermined or desired valuation in an appraisal report prior to the completion of the appraisal report, or request that an Appraiser provide estimated values or comparable sales at any time prior to the Appraiser's completion of an appraisal report;
- provide to the Appraiser an anticipated, estimated, encouraged or desired value for a subject Property or a proposed, or target amount to be loaned to the Borrower, except that a copy of the sales contract for purchase and any addendum must be provided; or
- perform any other act or practice that impairs or attempts to impair an Appraiser's independence, objectivity, or impartiality, or that violates any applicable law, regulation, or requirement.

#### (e) Additional Requirements When Ordering an Appraisal

The Mortgagee must provide to the selected Appraiser a complete copy of the subject sales contract including all addendums, land lease, surveys and other legal documents contained in the mortgage file necessary to analyze the Property.

The Mortgagee must disclose all known information regarding any environmental hazard that is in or on the subject Property, or in the vicinity of the Property, whether obtained from the Borrower, the real estate broker, or any other party to the transaction.

#### (7) Transferring Existing Appraisals

In cases where a Borrower has switched Mortgagees, the first Mortgagee must, at the Borrower's request, transfer the appraisal to the second Mortgagee within five business days. The Appraiser is not required to provide the appraisal to the new Mortgagee. The client name on the appraisal does not need to reflect the new Mortgagee. If the original Mortgagee has not been reimbursed for the cost of the appraisal, the Mortgagee is not required to transfer the appraisal until it is reimbursed.

The second Mortgagee may not request the Appraiser to re-address the appraisal. If the second Mortgagee finds deficiencies in the appraisal, the Mortgagee must order a new appraisal.

Where a Mortgagee uses an existing appraisal for a different Borrower, the Mortgagee must enter the new Borrower's information in [FHAC](#). The Mortgagee must collect an appraisal fee from the new Borrower and refund the fee to the original Borrower.

If a [Case Transfer](#) is involved, the new Mortgagee must enter the Borrower's information in [FHAC](#). The new Mortgagee must collect an appraisal fee from the Borrower, and send the fee to the original Mortgagee, who, in turn, must refund the fee to the original Borrower.

#### **(8) Ordering Second Appraisal**

The Mortgagee is prohibited from ordering an additional appraisal to achieve an increase in value for the Property and/or the elimination or reduction of deficiencies and/or repairs required.

The Mortgagee may order a second appraisal for Mortgages that are in accordance with requirements on [Property Flipping](#).

##### **(a) Second Appraisal by Original Mortgagee**

A second appraisal may only be ordered if the Direct Endorsement (DE) underwriter (underwriter) determines the first appraisal is materially deficient and the Appraiser is unable or uncooperative in resolving the deficiency. The Mortgagee must fully document the deficiency and status of the appraisal in the mortgage file. The Mortgagee must pay for the second appraisal.

Material deficiencies on appraisals are those deficiencies that have a direct impact on value and marketability. Material deficiencies include, but are not limited to:

- failure to report readily observable defects that impact the health and safety of the occupants and/or structural soundness of the house;
- reliance upon outdated or dissimilar comparable sales when more recent and/or comparable sales were available as of the effective date of the appraisal; and
- fraudulent statements or conclusions when the Appraiser had reason to know or should have known that such statements or conclusions compromise the integrity, accuracy and/or thoroughness of the appraisal submitted to the client.

##### **(b) Second Appraisal by Second Mortgagee**

A second appraisal may only be ordered by the second Mortgagee under the following limited circumstances:

- the first appraisal contains material deficiencies as determined by the underwriter for the second Mortgagee;

- the Appraiser performing the first appraisal is prohibited from performing appraisals for the second Mortgagee; or
- the first Mortgagee fails to provide a copy of the appraisal to the second Mortgagee in a timely manner, and the failure would cause a delay in closing and harm to the Borrower, including loss of interest rate lock, violation of purchase contract deadline, occurrence of foreclosure proceedings and imposition of late fees.

#### (c) Use of Second Appraisal

For the first two cases outlined above, the Mortgagee must rely only on the second appraisal and ensure that copies of both appraisals are retained in the case binder. For the third case above, the first appraisal must be added to the case binder if it is received.

#### (d) Required Documentation

The Mortgagee must document why a second appraisal was ordered and retain the explanation and all appraisal reports in the case binder.

### (9) Ordering an Update to an Appraisal

The Mortgagee may only order an update if (1) it is a Mortgagee listed as an Intended User of the original appraisal or (2) it has received permission from the original client and the Appraiser. The Appraiser incorporates the original report being updated by attachment rather than by reference per Advisory Opinion 3 of the [USPAP](#).

The Mortgagee may use an update of appraisal only if:

- it is performed by the FHA Appraiser who performed the original appraisal, who is currently in good standing on the FHA Appraiser Roster;
- the Property has not declined in value;
- the building improvements that contribute value to the Property can be observed from the street or a public way;
- the exterior inspection of the Property reveals no deficiencies or other significant changes;
- the update of appraisal was ordered by the Mortgagee and completed by the Appraiser prior to the expiration of the initial 120-Day period; and
- the original appraisal report was not previously updated.

#### b. General Mortgage Insurance Eligibility

##### i. Mortgage Purpose

FHA offers various mortgage insurance programs which insure approved Mortgagees against losses on Mortgages. FHA-insured Mortgages may be used to purchase housing, improve housing, or refinance existing Mortgages.

##### (A) Purchase/Construction to Permanent

The Borrower may finance the purchase of an existing one- to four-unit residence, and may also finance construction of a one- to four-unit residence through a [Construction to Permanent](#) Mortgage.

Properties to be acquired through an unrecorded land contract must be treated as a purchase.

##### (B) Rehabilitation

##### (1) 203(k) Standard and Streamlined Rehabilitation Mortgages

The [Section 203\(k\) Rehabilitation Mortgage Insurance](#) is used to:

- rehabilitate an existing one- to four-unit Structure, which will be used primarily for residential purposes;
- rehabilitate such a Structure and refinance the outstanding indebtedness on the Structure and the Real Property on which the Structure is located; or
- purchase and rehabilitate the Structure and purchase the Real Property on which the Structure is located.

##### (2) 203(h) and 203(k) for Disaster Victims

The [Section 203\(h\) Mortgage Insurance for Disaster Victims](#) program allows FHA to insure Mortgages made by qualified Mortgagees to victims of a Presidentially-Declared Major Disaster Area (PDMDA) who have lost their housing, or whose housing was damaged and are in the process of rebuilding or buying another house.

##### (C) Refinance

A refinance transaction is a new Mortgage for a Borrower with legal title on the same Property with the proceeds used to pay off any existing liens.

#### Types of Refinances

FHA insures several different types of [refinance transactions](#):

1. No cash-out refinances of FHA-insured and non FHA-insured Mortgages are designed to pay existing liens. These include: Rate and Term refinance, Simple Refinance, and Streamline Refinance.
2. Cash-out refinances are designed to pull equity out of the Property.
3. Refinances of non FHA-insured Mortgages are available for qualified Borrowers in negative equity positions ([Short Refi](#)).
4. Refinances for rehabilitation or repair (Section 203(k)).

#### ii. Borrower Eligibility

##### (A) General Borrower Eligibility Requirements

In order to obtain FHA-insured financing, all Borrowers must meet the eligibility criteria in this section.

A party who has a financial interest in the mortgage transaction, such as the seller, builder or real estate agent, may not be a co-Borrower or a Cosigner. Exceptions may be granted when the party with the financial interest is a Family Member.

##### (1) Social Security Number

###### (a) Standard

Each Borrower must provide evidence of their valid SSN to the Mortgagee.

###### Exception

State and local government agencies, Instrumentalities of Government and HUD-approved Nonprofit organizations are not required to provide an SSN.

###### (b) Required Documentation

The Mortgagee must:

- validate and document an SSN for each Borrower, co-Borrower, or Cosigner on the Mortgage by:
  - entering the Borrower's name, date of birth, and SSN in the Borrower/address validation screen through [FHAC](#); and
  - examining the Borrower's original pay stubs, W-2 forms, valid tax returns obtained directly from the IRS, or other document relied upon to underwrite the Mortgage; and
- resolve any inconsistencies or multiple SSNs for individual Borrowers that are revealed during Mortgage processing and underwriting using a service provider to verify the SSN with the SSA.

##### (2) Borrower Age Limits

The Borrower must be old enough to enter into a mortgage Note that can be legally enforced in the state, or other jurisdiction, where the Property is located (“State Law”). There is no maximum age limit for a Borrower.

##### (3) Borrower Minimum Decision Credit Score

###### (a) Definition

The Minimum Decision Credit Score (MDCS) refers to the credit score reported on the Borrower’s credit report when all reported scores are the same. Where three differing scores are reported, the middle score is the MDCS. Where two differing scores are reported, the MDCS is the lowest score. Where only one score is reported, that score is the MDCS.

An MDCS is determined for each Borrower. Where the Mortgage involves multiple Borrowers, the Mortgagee must determine the MDCS for each Borrower, and then select the lowest MDCS for all Borrowers.

Where the Mortgage involves multiple Borrowers and one or more of the Borrowers do not have a credit score (non-traditional or insufficient credit), the Mortgagee must select the lowest MDCS of the Borrower(s) with credit score(s).

###### (b) Eligibility Standard

The Borrower is not eligible for FHA-insured financing if the MDCS is less than 500.

##### (4) Borrower and Co-Borrower Ownership and Obligation Requirements

To be eligible, all occupying and non-occupying Borrowers and co-Borrowers must take title to the Property in their own name or a [Living Trust](#) at settlement, be obligated on the Note or credit instrument, and sign all security instruments.

In community property states, the Borrower’s spouse is not required to be a Borrower or a Cosigner. However, the Mortgage must be executed by all parties necessary to make the lien valid and enforceable under State Law.

##### (5) Cosigner Requirements

Cosigners are liable for the debt and therefore, must sign the Note. Cosigners do not hold an ownership interest in the subject Property and therefore, do not sign the security instrument.

##### **(6) Principal Residence in the United States**

Non-occupying co-Borrowers or Cosigners must either be United States (U.S.) citizens or have a Principal Residence in the U.S.

##### **(7) Military Personnel Eligibility**

###### **(a) Standard**

Borrowers who are military personnel, who cannot physically reside in a Property because they are on Active Duty, are still considered owner occupants and are eligible for maximum financing if a Family Member of the Borrower will occupy the subject Property as their Principal Residence, or the Borrower intends to occupy the subject Property upon discharge from military service.

###### **(b) Required Documentation**

The Mortgagee must obtain a copy of the Borrower's military orders evidencing the Borrower's Active Duty status and that the duty station is more than 100 miles from the subject Property.

The Mortgagee must obtain the Borrower's intent to occupy the subject Property upon discharge from military service, **if a Family Member will not occupy the subject Property as their Principal Residence.**

##### **(8) Citizenship and Immigration Status**

U.S. citizenship is not required for Mortgage eligibility.

##### **(9) Residency Requirements**

The Mortgagee must determine the residency status of the Borrower based on information provided on the mortgage application and other applicable documentation. In no case is a Social Security card sufficient to prove immigration or work status.

###### **(a) Lawful Permanent Resident Aliens**

###### **(i) Standard**

A Borrower with lawful permanent resident alien status may be eligible for FHA-insured financing provided the Borrower satisfies the same requirements, terms and conditions as those for U.S. citizens.

##### **(ii) Required Documentation**

The mortgage file must include evidence of the permanent residency and indicate that the Borrower is a lawful permanent resident alien on the *URLA*.

The U.S. Citizenship and Immigration Services (USCIS) within the Department of Homeland Security provides evidence of lawful, permanent residency status.

##### **(b) Non-Permanent Resident Aliens**

A Borrower who is a non-permanent resident alien may be eligible for FHA-insured financing provided:

- the Property will be the Borrower's Principal Residence;
- the Borrower has a valid SSN, except for those employed by the World Bank, a foreign embassy, or equivalent employer identified by HUD;
- the Borrower is eligible to work in the United States, as evidenced by the Employment Authorization Document issued by the USCIS; and
- the Borrower satisfies the same requirements, terms and conditions as those for U.S. citizens.

The Employment Authorization Document is required to substantiate work status. If the Employment Authorization Document will expire within one year and a prior history of residency status renewals exists, the Mortgagee may assume that continuation will be granted. If there are no prior renewals, the Mortgagee must determine the likelihood of renewal based on information from the USCIS.

A Borrower residing in the U.S. by virtue of refugee or asylee status granted by the USCIS is automatically eligible to work in this country. The Employment Authorization Document is not required, but documentation substantiating the refugee or asylee status must be obtained.

##### **(c) Non-U.S. Citizens without Lawful Residency**

Non-U.S. citizens without lawful residency in the U.S. are not eligible for FHA-insured Mortgages.

#### **(10) Borrower Ineligibility Due to Delinquent Federal Non-Tax Debt**

##### **(a) Standard**

Mortgagees are prohibited from processing an application for an FHA-insured Mortgage for Borrowers with delinquent federal non-tax debt, including deficiencies and other debt associated with past FHA-insured Mortgages.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### A. Title II Insured Housing Programs Forward Mortgages

#### 1. Origination/Processing

---

Mortgagees are required to determine whether the Borrowers have delinquent federal non-tax debt. Mortgagees may obtain information on delinquent Federal Debts from public records, credit reports or equivalent, and must check all Borrowers against the [Credit Alert Verification Reporting System \(CAIVRS\)](#).

#### **(b) Verification**

If a delinquent Federal Debt is reflected in a public record, credit report or equivalent, or CAIVRS or an Equivalent System, the Mortgagee must verify the validity and delinquency status of the debt by contacting the creditor agency to whom the debt is owed. If the debt was identified through CAIVRS, the Mortgagee must contact the creditor agency using the contact phone number and debt reference number reflected in the Borrower's CAIVRS report.

If the creditor agency confirms that the debt is valid and in delinquent status as defined by the [Debt Collection Improvement Act](#), then the Borrower is ineligible for an FHA-insured Mortgage until the Borrower resolves the debt with the creditor agency.

The Mortgagee may not deny a Mortgage solely on the basis of CAIVRS information that has not been verified by the Mortgagee. If resolved either by determining that the information in CAIVRS is no longer valid or by resolving the delinquent status as stated above, the Mortgagee may continue to process the mortgage application.

#### **(c) Resolution**

In order for a Borrower with verified delinquent Federal Debt to become eligible, the Borrower must resolve their federal non-tax debt in accordance with the [Debt Collection Improvement Act](#).

The creditor agency that is owed the debt can verify that the debt has been resolved in accordance with the Debt Collection Improvement Act.

#### **(d) Required Documentation**

The Mortgagee must include documentation from the creditor agency to support the verification and resolution of the debt. For debt reported through CAIVRS, the Mortgagee may obtain evidence of resolution by obtaining a clear CAIVRS report.

### **(11) Eligibility Period for Borrowers Delinquent on FHA-Insured Mortgages**

#### (12) Delinquent Federal Tax Debt

##### (a) Standard

Borrowers with delinquent Federal Tax Debt are ineligible.

Tax liens may remain unpaid if the Borrower has entered into a valid repayment agreement with the federal agency owed to make regular payments on the debt and the Borrower has made timely payments for at least three months of scheduled payments. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Mortgagee must include the payment amount in the agreement in the calculation of the Borrower's Debt-to-Income (DTI) ratio.

##### (b) Verification

Mortgagees must check public records and credit information to verify that the Borrower is not presently delinquent on any Federal Debt and does not have a tax lien placed against their Property for a debt owed to the federal government.

##### (c) Required Documentation

#### iv. Property Eligibility and Acceptability Criteria

##### (A) General Property Eligibility

The Property must be located within the U.S., Puerto Rico, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, or American Samoa.

##### (1) Special Flood Hazard Areas

The Mortgagee must determine if a Property is located in a Special Flood Hazard Area (SFHA) as designated by the Federal Emergency Management Agency (FEMA). The Mortgagee must obtain flood zone determination services, independent of any assessment made by the Appraiser to cover the Life of the Loan Flood Certification.

A Property is not eligible for FHA insurance if:

- a residential building and related improvements to the Property are located within SFHA Zone A, a Special Flood Zone Area, or Zone V, a Coastal Area, and insurance under the National Flood Insurance Program (NFIP) is not available in the community; or
- the improvements are, or are proposed to be, located within a Coastal Barrier Resource System (CBRS).

##### (a) Eligibility for Proposed or New Construction in SFHAs

If any portion of the dwelling, related Structures or equipment essential to the value of the Property and subject to flood damage is located within an SFHA, the Property is not eligible for FHA mortgage insurance unless the Mortgagee:

- obtains from FEMA a final Letter of Map Amendment (LOMA) or final Letter of Map Revision (LOMR) that removes the Property from the SFHA; or
- obtains a FEMA National Flood Insurance Program Elevation Certificate ([FEMA Form 81-31](#)) prepared by a licensed engineer or surveyor. The elevation certificate must document that the lowest floor including the basement of the residential building, and all related improvements/equipment essential to the value of the Property, is built at or above the 100-year flood elevation in compliance with the NFIP criteria, and insurance under the NFIP is obtained.

##### (b) Eligibility for Existing Construction in SFHAs

When any portion of the residential improvements is determined to be located within an SFHA, insurance under the NFIP must be obtained.

##### (c) Eligibility for Condominiums in SFHAs

The Mortgagee must ensure the Homeowners' Association (HOA) obtains insurance under the NFIP on buildings located within the SFHA. The flood insurance coverage must protect the interest of the Borrowers who hold title to an individual unit, as well as the common areas of the Condominium Project.

##### (d) Eligibility for Manufactured Housing in SFHAs

The finished grade level beneath the Manufactured Home must be at or above the 100-year return frequency flood elevation. If any portion of the dwelling, related Structures or equipment essential to the Property Value and subject to flood damage for both new and existing Manufactured Homes are located within an SFHA, the Property is not eligible for FHA mortgage insurance unless the Mortgagee obtains:

- a FEMA issued LOMA or LOMR that removes the Property from the SFHA; or
- a FEMA National Flood Insurance Program (NFIP) Elevation Certificate ([FEMA Form 81-31](#)) prepared by a licensed engineer or surveyor stating that the finished grade beneath the Manufactured Home is at or above the 100-year return frequency flood elevation, and insurance under the NFIP is obtained.

##### (e) Required Flood Insurance Amount

For Properties located within an SFHA, flood insurance must be maintained for the life of the Mortgage in an amount at least equal to the lesser of:

- the Appraiser's estimated replacement cost, less the Appraiser's estimated site value;

- the maximum amount of the NFIP insurance available with respect to the property improvements.

##### (f) Required Documentation

The Mortgagee must obtain a Life of Loan Flood Certification for all Properties. If applicable, the Mortgagee must also obtain a:

- FEMA Letter of Map Amendment;

#### (g) Restrictions on Property Locations within Coastal Barrier Resources System

In accordance with the [Coastal Barrier Resources Act](#), a Property is not eligible for FHA mortgage insurance if the improvements are or are proposed to be located within the [Coastal Barrier Resources System](#).

#### (2) Seller Must Be Owner of Record

##### (a) Standard

To be eligible for a mortgage insured by FHA, a Property must be purchased from the owner of record. The transaction may not involve any sale or assignment of the sales contract.

##### (b) Required Documentation

The Mortgagee must obtain documentation verifying that the seller is the owner of record.

Such documentation may include, but is not limited to:

- a property sales history report;
- a copy of the recorded deed from the seller; or
- other documentation, such as a copy of a property tax bill, title commitment, or binder, demonstrating the seller's ownership of the Property and the date it was acquired.

This requirement applies to all FHA purchase money Mortgages, regardless of the time between resales.

#### (3) Restrictions on Property Flipping

Property Flipping is indicative of a practice whereby recently acquired Property is resold for a considerable profit with an artificially inflated value, often abetted by a Mortgagee's collusion with an Appraiser.

##### (a) Definition

Property Flipping refers to the purchase and subsequent resale of a Property in a short period of time.

##### (b) Standard

##### (i) Time Restriction on Transfers of Title

The eligibility of a Property for a Mortgage insured by FHA is determined by the time that has elapsed between the date the seller has acquired title

to the Property and the date of execution of the sales contract that will result in the FHA-insured Mortgage.

FHA defines the seller's date of acquisition as the date the seller acquired legal ownership of that Property. FHA defines the resale date as the date of execution of the sales contract by all parties intending to finance the Property with an FHA-insured Mortgage.

#### **(ii) Restriction on Resales Occurring 90 Days or Fewer After Acquisition**

A Property that is being resold 90 Days or fewer following the seller's date of acquisition is not eligible for an FHA-insured Mortgage.

#### **(iii) Resales Occurring Between 91 Days and 180 Days After Acquisition**

A Mortgagee must obtain a second appraisal by another Appraiser if:

- the resale date of a Property is between 91 and 180 Days following the acquisition of the Property by the seller; and
- the resale price is 100 percent or more over the price paid by the seller to acquire the Property.

If the second appraisal supports a value of the Property that is more than 5 percent lower than the value of the first appraisal, the lower value must be used as the Property Value in determining the Adjusted Value.

The cost of the second appraisal may not be charged to the Borrower.

#### **(iv) Exceptions to Time Restrictions on Resale**

Exceptions to time restrictions on resale are:

- Properties acquired by an employer or relocation agency in connection with the relocation of an employee;
- resales by HUD under its REO program;
- sales by other U.S. government agencies of Single Family Properties pursuant to programs operated by these agencies;
- sales of Properties by nonprofits approved to purchase HUD owned Single Family Properties at a discount with resale restrictions;
- sales of Properties that are acquired by the seller by inheritance;
- sales of Properties by state and federally-chartered financial institutions and Government-Sponsored Enterprises (GSE);
- sales of Properties by local and state government agencies; and
- sales of Properties within PDMDAs, only upon issuance of a notice of an exception from HUD.

#### (5) Mixed Use of Property

- the commercial use will not affect the health and safety of the occupants of the residential Property.

#### (B) Property Types

FHA's programs differ from one another primarily in terms of what types of Properties and financing are eligible. ##### (c) Calculation

Net Self-Sufficiency Rental Income is calculated by using the Appraiser's estimate of fair market rent from all units, including the unit the Borrower chooses for occupancy, and subtracting the greater of the Appraiser's estimate for vacancies and maintenance, or **25 percent of the fair market rent**.

##### (4) Condominium Unit

A Condominium Unit is a Property contained in a multi-unit project that has individually-owned units, which may be either attached in one or more Structures or detached from each other, and is primarily residential in use.

##### (a) Standard

A condominium development is created by state or local law and is characterized by fee-simple ownership of a unit, which is defined in the condominium documents, together with common areas. The property interest in these areas is both common and undivided on the part of all unit owners, each of whom belongs to the HOA that typically maintains the Property and collects assessments or dues from each unit owner.

A [Condominium Project](#) must be FHA approved before a Mortgage on an individual condominium unit can be insured.

##### (b) Site Condominiums

Site Condominiums are Single Family detached dwellings encumbered by a declaration of condominium covenants or condominium form of ownership and do not need to be FHA-approved.

Manufactured Housing condominium units may not be processed as Site Condominiums.

- be classified as real estate (but need not be treated as real estate for purposes of state taxation);
- be built and remain on a permanent chassis;
- be designed to be used as a dwelling with a permanent foundation built in accordance with the [Permanent Foundations Guide for Manufactured Housing \(PFGMH\)](#); and
- have been directly transported from the manufacturer or the dealership to the site.

#### (c) Required Documentation

##### (i) HUD Certification Label

If the appraisal indicates the HUD Certification Label is missing from the Manufactured Housing unit, the Mortgagee must obtain label verification from the [Institute for Building Technology and Safety \(IBTS\)](#).

##### (ii) PFGMH Certification

The Mortgagee must obtain a certification by an engineer or architect, who is licensed/registered in the state where the Manufactured Home is located, attesting to compliance with the PFGMH.

The Mortgagee may obtain a copy of the foundation certification from a previous FHA-insured Mortgage, showing that the foundation met the guidelines published in the PFGMH that were in effect at the time of certification, provided there are no alterations and/or observable damage to the foundation since the original certification.

If the Appraiser notes additions or alterations to the Manufactured Housing unit, the Mortgagee must ensure the addition was addressed in the foundation certification.

If the additions or alterations were not addressed in the foundation certification, the Mortgagee must obtain:

- an inspection by the state administrative agency that inspects Manufactured Housing for compliance; or

- certification of the structural integrity from a licensed structural engineer if the state does not employ inspectors.

#### **(C) Property Valuation**

The Mortgagee is responsible for obtaining an appraisal to verify the value of the Property and the Property's compliance with HUD's [Minimum Property Standards \(MPS\)](#).

##### **(1) Integrity of Valuation Process: Communications with Mortgagees**

The Mortgagee must ensure the integrity of the valuation process by ensuring the valuation process is free from conflicts of interest and the appearance of conflicts of interest.

###### **(a) Standard**

The Mortgagee must prevent its staff, or any person who is compensated on a commission basis upon the successful completion of a Mortgage, or who reports, ultimately, to any officer of the Mortgagee not independent of the mortgage production staff and process, from having substantive communications with an Appraiser relating to or having an impact on valuation, including ordering or managing an appraisal assignment. Normal communications necessary to processing of a case is permissible, but cannot attempt to influence the Appraiser.

The underwriter who has responsibility for the quality of the appraisal report is allowed to request clarifications and discuss with the Appraiser components of the appraisal that influence its quality.

###### **(b) Exception for Smaller Mortgagees**

When absolute lines of independence cannot be achieved because of the Mortgagee's small size and limited staff, the Mortgagee must clearly demonstrate that it has prudent safeguards to isolate its collateral evaluation process from influence or interference from its mortgage production process.

##### **(2) Communications with Third Parties**

The underwriter may request a clarification or reconsideration of value from the Appraiser, following the requirements in [Reconsideration of Value](#). The Mortgagee may not discuss the contents of an appraisal with anyone other than the Borrower.

#### (3) Verifying HUD's Minimum Property Standards/Minimum Property Requirements

As the on-site representative for the Mortgagee, the Appraiser provides preliminary verification that a Property meets the Property Acceptability Criteria, which include HUD's Minimum Property Requirements (MPR) or Minimum Property Standards (MPS).

When examination of a Property reveals noncompliance with the Property Acceptability Criteria, the Appraiser must note all repairs necessary to make the Property comply with HUD's Property Acceptability Criteria, together with the estimated cost to cure.

#### v. Legal Restrictions on Conveyance (Free Assumability)

The Mortgagee must determine if there are any legal restrictions on conveyance in accordance with [24 CFR § 203.41](#).

A Property that contains leased equipment, or operates with a leased energy system or Power Purchase Agreement (PPA), may be eligible for FHA-insured financing but only when such agreements are free of restrictions that prevent the Borrower from freely transferring the Property.

Such agreements are acceptable, provided they do not cause a conveyance (ownership transfer) of the insured Property by the Borrower to:

- be void, or voidable by a third party;
- be the basis of contractual liability of the Borrower (including rights of first refusal, pre-emptive rights or options related to a Borrower's efforts to convey);
- terminate or be subject to termination all or part of the interest held by the Borrower;
- be subject to the consent of a third party;
- be subject to limits on the amount of sales proceeds a Borrower can retain (e.g., due to a lien, "due on sale" clause, etc.);
- be grounds for accelerating the insured Mortgage; or
- be grounds for increasing the interest rate of the insured Mortgage.

Any restrictions resulting from provisions of the lease or PPA do not conflict with FHA regulations unless they include provisions encumbering the Real Property or restricting the transfer of the Real Property.

Legal restrictions on conveyance of Real Property (i.e., the house) that could require the consent of a third party (e.g., energy provider, system owner, etc.), include but are not limited to, credit approval of a new purchaser before the seller can convey the Real Property, unless such provisions may be terminated at the option of, and with no cost to, the owner.

#### 2. Allowable Mortgage Parameters

---

#### 2. Allowable Mortgage Parameters

This section provides the basic underwriting standards for Single Family (one to four units) Mortgages insured under the National Housing Act. When underwriting a Mortgage, the Mortgagee must determine the Borrower's creditworthiness, capacity to repay, and available capital to support the Mortgage. The Mortgagee must also examine the Property to ensure it provides sufficient collateral for the Mortgage.

For each Mortgage the Federal Housing Administration (FHA) insures, the Mortgagee must fully comply with the following underwriting procedures.

##### a. Maximum Mortgage Amounts

A Mortgage that is to be insured by FHA cannot exceed the [Nationwide Mortgage Limits](#), the nationwide area mortgage limit, or the maximum Loan-to-Value (LTV) ratio. The maximum [LTV](#) ratios vary depending upon the type of Borrower, type of transaction (purchase or refinance), program type, and stage of construction.

Under most programs, the maximum Mortgage is the lesser of the [Nationwide Mortgage Limit](#) for the area, or a percentage of the Adjusted Value.

For purchase transactions, the Adjusted Value is the lesser of:

- purchase price less any inducements to purchase; or
- the Property Value.

For refinance transactions:

- For Properties acquired by the Borrower within 12 months of the case number assignment date, the Adjusted Value is the lesser of:
  - the Borrower's purchase price, plus any documented improvements made subsequent to the purchase; or
  - the Property Value.
- Properties acquired by the Borrower within 12 months of case number assignment by inheritance or through a gift from a Family Member may utilize the calculation of Adjusted Value for properties purchased 12 months or greater.
- For properties acquired by the Borrower greater than or equal to 12 months prior to the case number assignment date, the Adjusted Value is the Property Value.

##### i. National Housing Act's Statutory Limits

#### **(A) Requests for Local Increases**

Any requests to change high-cost area Mortgage limits determined by HUD must be received by FHA's Santa Ana Homeownership Center (HOC) at the address below no later than 30 Days from the publication of the limits each year. Any changes in area Mortgage limits as a result of valid appeals will be retroactively in effect for case numbers assigned on or after January 1 of each year.

Each request to change Mortgage limits must contain sufficient housing sales price data, listing one-family Properties sold in an area within the look-back period, January through August of the previous year. Requests should differentiate between Single Family residential Properties, and condominiums or cooperative housing units. Ideally, data provided should also distinguish between distressed and non-distressed sales. Requests for a change will only be considered for counties for which HUD does not already have home sales transaction data for the calculation of Mortgage limits.

All requests for local area increases in all areas will be handled exclusively by FHA's Santa Ana HOC:

#### **(B) Low Cost Area**

The FHA national low cost area mortgage limits, which are currently set at 65 percent of the national conforming limit of \$417,000 for a one-unit Property, are, by property unit number, as follows:

- One-unit: \$271,050
- Two-unit: \$347,000
- Three-unit: \$419,425
- Four-unit: \$521,250

#### **(C) High Cost Area**

For areas designated as high cost areas, the maximum FHA-insured mortgage limits (ceiling) by property unit number are as follows:

- One-unit: \$ 625,500

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **2. Allowable Mortgage Parameters**

---

- Two-unit: \$ 800,775
- Three-unit: \$ 967,950
- Four-unit: \$ 1,202,925

#### **(D) Special Exceptions for Alaska, Hawaii, Guam, and the Virgin Islands**

Mortgage limits for the special exception areas of Alaska (AK), Hawaii (HI), Guam (GU) and the Virgin Islands (VI) are adjusted by FHA to account for higher costs of construction. These four special exception areas have a higher ceiling as follows:

- One-unit: \$938,250
- Two-unit: \$1,201,150
- Three-unit: \$1,451,925
- Four-unit: \$1,804,375

#### **iii. Financing of Upfront Mortgage Insurance Premium**

Unless otherwise stated in this section (Origination through Post-Closing/Endorsement), restrictions to mortgage amounts and LTVs are based upon the amount prior to the financing of the Upfront Mortgage Insurance Premium (UFMIP) (Base Loan Amount). The total mortgage amount may be increased by the financed UFMIP amount.

#### **iv. Calculating Maximum Mortgage Amounts on Purchases**

The maximum mortgage amount that FHA will insure on a specific purchase is calculated by multiplying the appropriate LTV percentage by the Adjusted Value.

In order for FHA to insure this maximum mortgage amount, the Borrower must make a Minimum Required Investment (MRI) of at least 3.5 percent of the Adjusted Value.

#### **v. Additions to the Mortgage Amount for Repair and Improvement**

##### **(A) Appraiser Required Repairs**

A Mortgagee may add repair costs to the sales price before calculating the mortgage amount if:

- the repairs are required by the Appraiser to meet HUD's MPR;
- the repairs are paid for by the Borrower; and
- the sales contract or addendum identifies the Borrower as the party responsible for payment and completion of the repairs.

The maximum amount of repair costs that may be added to the sales price is the lesser of:

- the amount by which the value of the Property exceeds the sales price;
- the Appraiser's estimate of repairs; or
- the amount of the contractor's bid.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

#### 2. Allowable Mortgage Parameters

---

#### (B) Energy-Related Weatherization Repairs and Improvements

A Mortgagee may add energy-related weatherization costs, to be paid for by the Borrower, in accordance with [Weatherization](#) policies.

#### (C) Solar Energy Systems

A Mortgagee may add the cost of a solar energy system (including active and passive solar- and wind-driven systems) to the Mortgage in accordance with [Solar and Wind Technologies](#) policies.

When adding the cost of a solar energy system to the mortgage amount, the maximum insurable mortgage limit may be exceeded by up to 20 percent.

#### b. Loan-to-Value Limits

The determination of the maximum LTV percentage available is influenced by:

- the particular mortgage insurance program (See [Programs and Products](#)); and
- the transaction type.

The Mortgagee must apply the lowest applicable LTV percentage as determined under the requirements in this section.

#### i. LTV Limitations Based on Borrower's Credit Score (Applies to All Transactions)

The Mortgagee must review the credit report to determine the Borrower's Minimum Decision Credit Score (MDCS), except for Mortgages to be insured under [Section 247](#), [Section 248](#), [Streamline Refinances](#), and [Assumptions](#).

The MDCS will be used to determine the maximum insured financing available to a Borrower with traditional credit.

The table below describes the relationship between the Borrower's MDCS and the LTV ratio for which they are eligible. Borrowers with non-traditional or insufficient credit histories are eligible for maximum financing, but must be underwritten using the procedures in [Manual Underwriting](#).

If the Borrower's Minimum Decision Credit Score is...	Then the Borrower is...
at or above 580	eligible for maximum financing.
between 500 and 579	limited to a maximum LTV of 90%.

#### ii. Purchase

For purchase transactions, the maximum LTV is 96.5 percent of the Adjusted Value.

#### 2. Allowable Mortgage Parameters

---

For special programs and products including refinances, the maximum LTV is determined in accordance with requirements listed in this *SF Handbook's* [Programs and Products section](#).

#### (A) LTV Limitations Based on Identities of Interest

##### (1) Definitions

An Identity-of-Interest Transaction is a sale between parties with an existing Business Relationship or between Family Members.

Business Relationship refers to an association between individuals or companies entered into for commercial purposes.

Family Member is defined as follows, regardless of actual or perceived sexual orientation, gender identity, or legal marital status:

- child, parent, or grandparent;
  - a child is defined as a son, stepson, daughter, or stepdaughter;
  - a parent or grandparent includes a step-parent/grandparent or foster parent/grandparent;
- spouse or domestic partner;
- legally adopted son or daughter, including a child who is placed with the Borrower by an authorized agency for legal adoption;
- foster child;
- brother, stepbrother;
- sister, stepsister;
- uncle;
- aunt; or
- son-in-law, daughter-in-law, father-in-law, mother-in-law, brother-in-law, or sister-in-law of the Borrower.

##### (2) Maximum LTV for Identity-of-Interest and Tenant/Landlord Transactions

The maximum LTV percentage for Identity-of-Interest transactions on Principal Residences is restricted to 85 percent.

The maximum LTV percentage for a transaction where a tenant-landlord relationship exists at the time of contract execution is restricted to 85 percent.

##### (3) Exceptions to the Maximum LTV

The 85 percent maximum LTV restriction does not apply for Identity-of-Interest transactions under the following circumstances.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **2. Allowable Mortgage Parameters**

---

##### **(a) Family Member Transactions**

The 85 percent LTV restriction may be exceeded if a Borrower purchases as their Principal Residence:

- the Principal Residence of another Family Member; or
- a Property owned by another Family Member in which the Borrower has been a tenant for at least six months immediately predating the sales contract. A lease or other written evidence to verify occupancy is required.

##### **(b) Builder's Employee Purchase**

The 85 percent LTV restriction may be exceeded if an employee of a builder, who is not a Family Member, purchases one of the builder's new houses or models as a Principal Residence.

##### **(c) Corporate Transfer**

The 85 percent LTV restriction may be exceeded if a corporation transfers an employee to another location, purchases the employee's house, and sells the house to another employee.

##### **(d) Tenant Purchase**

The 85 percent LTV restriction may be exceeded if the current tenant purchases the Property where the tenant has rented the Property for at least six months immediately predating the sales contract.

A lease or other written evidence to verify occupancy is required.

#### **(B) LTV Limitations Based on Non-Occupying Borrower Status**

##### **(1) Definition**

A Non-Occupying Borrower Transaction refers to a transaction involving two or more Borrowers in which one or more of the Borrower(s) will not occupy the Property as their Principal Residence.

##### **(2) Maximum LTV for Non-Occupying Borrower Transaction**

For Non-Occupying Borrower Transactions, the maximum LTV is 75 percent. The LTV can be increased to a maximum of 96.5 percent if the Borrowers are Family Members, provided the transaction does not involve:

- a Family Member selling to a Family Member who will be a non-occupying co-Borrower; or
- a transaction on a two- to four-unit Property.

#### 2. Allowable Mortgage Parameters

##### iii. Refinance

For refinance transactions, the maximum LTV is determined in accordance with [Refinance](#) program specific requirements.

##### iv. New Construction

For New Construction transactions, the maximum LTV is determined in accordance with [New Construction](#) program specific requirements.

#### c. Required Investment

##### i. Total Required Investment

Total Required Investment refers to the amount the Borrower must contribute to the transaction including the Borrower's downpayment and the Borrower-paid transaction costs. The Total Required Investment includes the Minimum Required Investment (MRI).

##### ii. Minimum Required Investment

Minimum Required Investment (MRI) refers to the Borrower's contribution in cash or its equivalent required by Section 203(b)(9) of the National Housing Act, which represents at least 3.5 percent of the Adjusted Value of the Property.

#### d. Maximum Mortgage Term

The maximum mortgage term may not exceed 30 years from the date that amortization begins. FHA does not require that mortgage terms be in five year multiples.

#### e. Mortgage Insurance Premiums

FHA collects a one-time **Upfront Mortgage Insurance Premium (UFMIP)** and an **annual insurance premium**, also referred to as the periodic or monthly MIP, which is collected in monthly installments.

##### i. Upfront Mortgage Insurance Premium

###### (A) Upfront Mortgage Insurance Premium Amount

Most FHA mortgage insurance programs require the payment of UFMIP, which may be financed into the Mortgage. The UFMIP is not considered when calculating the area-based [Nationwide Mortgage Limits](#) and LTV limits.

The UFMIP charged for all amortization terms is 175 basis points (bps), unless otherwise stated in the applicable [Programs and Products](#) or in the [MIP chart](#).

The UFMIP must be entirely financed into the Mortgage or paid entirely in cash. Any UFMIP amounts paid in cash are added to the total cash settlement requirements.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **2. Allowable Mortgage Parameters**

---

However, if the UFMIP is financed into the Mortgage, the entire amount is to be financed except for any amount less than \$1.00.

The mortgage amount must be rounded down to the nearest whole dollar amount, regardless of whether the UFMIP is financed or paid in cash.

#### **(B) Refund and Credit of Upfront Mortgage Insurance Premium**

The UFMIP is not refundable, except in connection with the refinancing to a new FHA-insured Mortgage. See the [Refinances](#) Section.

#### **ii. Annual (or Periodic) Mortgage Insurance Premium**

The periodic MIP is an annual MIP that is payable monthly. The amount of the annual MIP is based on the LTV ratio, **Base Loan Amount** and the term of the Mortgage.

#### **Calculation of the MIP**

The MIP rate and duration of the MIP assessment period vary by mortgage term, Base Loan Amount, and LTV ratio for the Mortgage, as shown in the [MIP chart](#).

#### 3. Underwriting the Property

---

#### 3. Underwriting the Property

The Mortgagee must underwrite the completed appraisal report to determine if the Property provides sufficient collateral for the FHA-insured Mortgage. The appraisal and Property must comply with the requirements in [Appraiser and Property Requirements for Title II Forward and Reverse Mortgages](#). The appraisal must be reported in accordance with [Acceptable Appraisal Reporting Forms and Protocols](#).

##### a. Property Acceptability Criteria

The Mortgagee must evaluate the appraisal and any supporting documentation to determine if the Property complies with HUD's Property Acceptability Criteria. Existing and New Construction Properties must comply with [Application of Minimum Property Requirements and Minimum Property Standards by Construction Status](#).

##### i. Defective Conditions

The Mortgagee must evaluate the appraisal in accordance with [Defective Conditions](#) to determine if the Property is eligible for an FHA-insured Mortgage. If defective conditions exist and correction is not feasible, the Mortgagee must reject the Property.

##### ii. Minimum Property Requirements and Minimum Property Standards

As the on-site representative for the Mortgagee, the Appraiser provides preliminary verification that a Property meets the Property Acceptability Criteria, which includes HUD's [Minimum Property Requirements \(MPR\) and Minimum Property Standards \(MPS\)](#).

Minimum Property Requirements refer to general requirements that all homes insured by FHA be safe, sound, and secure.

Minimum Property Standards refer to regulatory requirements relating to the safety, soundness and security of [New Construction](#).

When examination of a Property reveals noncompliance with the Property Acceptability Criteria, the Appraiser must note all repairs necessary to make the Property comply with HUD's Property Acceptability Criteria, together with the estimated cost to cure. If the Appraiser cannot determine that a Property meets HUD's MPR or MPS, the Mortgagee may obtain an inspection from a qualified Entity to make the determination.

The Mortgagee must confirm that the Property complies with the following eligibility criteria. If the Mortgagee is to be insured under the 203(k) program, the Mortgagee must confirm that the Property will comply with the following eligibility criteria upon completion of repairs and improvements.

#### 3. Underwriting the Property

---

##### **(A) Encroachment**

The Mortgagee must ensure the subject's dwelling, garage, or other improvements do not encroach onto an adjacent Property, right-of-way, utility Easement, or building restriction line. The Mortgagee must also ensure a neighboring dwelling, garage, or other improvements do not encroach onto the subject Property. Encroachment by the subject or adjacent Property fences is acceptable provided such Encroachment does not affect the marketability of the subject Property.

##### **(B) Overhead Electric Power**

The Mortgagee must confirm that any Overhead Electric Power Transmission Lines do not pass directly over any dwelling, Structure or related property improvement, including pools. The power line must be relocated for a Property to be eligible for FHA-insured financing.

The residential service drop line may not pass directly over any pool, spa or water feature.

If the dwelling or related property improvements are located within the Easement area, the Mortgagee must obtain a certification from the appropriate utility company or local regulatory agency stating that the relationship between the improvements and Local Distribution Lines conforms to local standards and is safe.

##### **(C) Access to Property**

The Mortgagee must confirm that the Property is provided with a safe pedestrian access and Adequate Vehicular Access from a public or private street. Streets must either be dedicated to public use and maintenance, or retained as private streets protected by permanent recorded Easements.

Private streets, including shared driveways, must be protected by permanent recorded Easements, ownership interest, or be owned and maintained by an HOA. Shared driveways do not require a joint maintenance agreement.

##### **(D) Onsite Hazards and Nuisances**

The Mortgagee must require corrective work to mitigate potential adverse effects from any onsite hazards or nuisances reported by the Appraiser.

##### **(E) Abandoned Gas and Oil Well**

If the Property contains any abandoned gas or oil wells, the Mortgagee must obtain a letter from the local jurisdiction or appropriate state agency stating that the subject well was permanently abandoned in a safe manner.

#### 3. Underwriting the Property

---

If the Property contains any abandoned petroleum product wells, the Mortgagee must ensure that a qualified petroleum engineer has inspected the Property and assessed the risk, and that the appropriate state authorities have concurred on clearance recommendations.

#### **(F) Requirements for Living Unit**

The Mortgagee must confirm that each living unit contains:

- a continuing and sufficient supply of safe and potable water under adequate pressure and of appropriate quality for all household uses;
- sanitary facilities and a safe method of sewage disposal. Every living unit must have at least one bathroom, which must include, at a minimum, a water closet, lavatory, and a bathtub or shower;
- adequate space for healthful and comfortable living conditions;
- heating adequate for healthful and comfortable living conditions;
- domestic hot water; and
- electricity adequate for lighting, cooking and for mechanical equipment used in the living unit.

The Mortgagee must ensure that cabinets and built-in appliances that are considered Real Property are present and operational.

FHA does not have a minimum size requirement for one- to four-family dwellings and condominium units. For Manufactured Housing requirements, see the [Manufactured Housing](#) section.

#### **(G) Swimming Pools**

The Mortgagee must confirm that any swimming pools comply with all local ordinances.

#### **(H) Structural Conditions**

The Mortgagee must confirm that the Structure of the Property will be serviceable for the life of the Mortgage.

The Mortgagee must confirm that all foundations will be serviceable for the life of the Mortgage and adequate to withstand all normal loads imposed.

#### **(I) Economic Life/Section 223(e)**

The Mortgagee must confirm that the term of the Mortgage is less than or equal to the remaining economic life of the Property.

If the Property is located in an older, declining urban area and the remaining economic life produces an unreasonably short mortgage term by reason of its location, the Property may be acceptable under Section 223(e), provided:

#### 3. Underwriting the Property

---

- the area is reasonably able to support adequate housing and living conditions for families of lower income levels;
- the location features adversely affecting the desirability and usefulness of the Property do not endanger the health and safety of its occupants;
- the Property is marketable to the typical occupant of the area;
- the physical life of the Property is greater than or equal to the term of the Mortgage; and
- the Mortgage represents an overall acceptable risk as determined by the Jurisdictional HOC.

All Mortgages to be insured under Section 223(e) must be submitted to the Jurisdictional HOC for prior approval.

#### **(J) Environmental**

The Mortgagee must confirm that the Property is free of all known environmental and safety hazards and adverse conditions that may affect the health and safety of the occupants, the Property's ability to serve as collateral, and the structural soundness of the improvements.

#### **(K) Lead-Based Paint**

The Mortgagee must confirm that the Property is free of lead paint hazards.

#### **(L) Methamphetamine Contamination**

If the Mortgagee or the Appraiser identifies a Property as contaminated by the presence of methamphetamine (meth), either by its manufacture or by consumption, the Property is ineligible due to this environmental hazard until the Property is certified safe for habitation.

#### **(M) Repair Requirements**

The Mortgagee must determine which repairs must be made for an existing Property to be eligible for FHA-insured financing.

#### **(N) Utility Services**

If utilities are not located on Easements that have been permanently dedicated to the local government or appropriate public utility body, the Mortgagee must confirm that this information is recorded on the deed record.

**(O) Water Supply Systems**

**(1) Public Water Supply System**

The Mortgagee must confirm that a connection is made to a public or Community Water System whenever feasible and available at a reasonable cost. If connection costs to the public or community system are not reasonable, the existing onsite systems are acceptable, provided they are functioning properly and meet the requirements of the local health department.

**(2) Individual Water Supply Systems (Wells)**

When an Individual Water Supply System is present, the Mortgagee must ensure that the water quality meets the requirements of the health authority with jurisdiction.

If there are no local (or state) water quality standards, then water quality must meet the standards set by the EPA, as presented in the National Primary Drinking Water regulations in 40 CFR §§ 141 and 142.

Soil poisoning is an unacceptable method for treating termites unless the Mortgagee obtains satisfactory assurance that the treatment will not endanger the quality of the water supply.

Requirements for the location of wells for FHA-insured Properties are located in 24 CFR § 200.926d (f) (3).

The following tables provide the minimum distance required between wells and sources of pollution for Existing Construction:

<b>Individual Water Supply System for Minimum Property Requirements for Existing Construction*</b>	
1	Property line/10 feet
2	Septic tank/50 feet
3	Drain field/100 feet
4	Septic tank drain field reduced to 75 feet if allowed by local authority
5	If the subject Property line is adjacent to residential Property then local well distance requirements prevail. If the subject Property is adjacent to non-residential Property or roadway, there needs to be a separation distance of at least 10 feet from the property line.
* distance requirements of local authority prevail if greater than stated above

2	No exposure to environmental contamination
3	Continuing supply of safe and potable water
4	Domestic hot water
5	Water quality must meet requirements of local jurisdiction or the EPA if no local standard

#### **(3) Shared Wells**

The Mortgagee must confirm that a Shared Well:

- serves existing Properties that cannot feasibly be connected to an acceptable public or Community Water supply System;
- is capable of providing a continuous supply of water to involved Dwelling Units so that each existing Property simultaneously will be assured of at least three gallons per minute (five gallons per minute for Proposed Construction) over a continuous four-hour period. (The well itself may have a lesser yield if pressurized storage is provided in an amount that will make 720 gallons of water available to each connected existing dwelling during a continuous four-hour period or 1,200 gallons of water available to each proposed dwelling during a continuous four-hour period. The shared well system yield must be demonstrated by a certified pumping test or other means acceptable to all agreeing parties.);
- provides safe and potable water. An inspection is required under the same circumstances as an individual well. This may be evidenced by a letter from the health authority having jurisdiction or, in the absence of local health department standards, by a certified water quality analysis demonstrating that the well water complies with the EPA's National Interim Primary Drinking Water Regulations;
- has a valve on each dwelling service line as it leaves the well so that water may be shut off to each served dwelling without interrupting service to the other Properties; and
- serves no more than four living units or Properties.

For both proposed and existing Properties, the Mortgagee must ensure that the shared well agreement complies with the guidance provided in the following table.

<b>Item</b>	<b>Provisions that must be reflected in any acceptable shared well agreement include the following:</b>
1	Require that the agreement is binding upon signatory parties and their successors in title, recorded in local deed records when executed and recorded, and reflects joiner by any Mortgagee holding a Mortgage on any Property connected to the Shared Well.
2	Permit well water sampling and testing by the local authority at the request of any party at any time.
3	Require that corrective measures be implemented if testing reveals a significant water quality deficiency, but only with the consent of a majority of all parties.
4	Ensure continuity of water service to “supplied” parties if the “supplying” party has no further need for the shared well system. (“Supplied” parties normally should assume all costs for their continuing water supply.)
5	Prohibit well water usage by any party for other than bona fide domestic purposes.
6	Prohibit connection of any additional living unit to the shared well system without: <ul data-bbox="537 1066 1219 1182" style="list-style-type: none"><li>• the consent of all parties;</li><li>• the appropriate amendment of the agreement; and</li><li>• compliance with item 3.</li></ul>
7	Prohibit any party from locating or relocating any element of an individual sewage disposal system within 75 feet (100 feet for Proposed Construction) of the Shared Well.
8	Establish Easements for all elements of the system, ensuring access and necessary working space for system operation, maintenance, improvement, inspection and testing.
9	Specify that no party may install landscaping or improvements that will impair use of the Easements.
10	Specify that any removal and replacement of preexisting site improvements, necessary for system operation, maintenance, replacement, improvement, inspection or testing, will be at the cost of their owner, except for costs to remove and replace common boundary fencing or walls, which must be shared equally between or among parties.
11	Establish the right of any party to act to correct an emergency in the absence of the other parties onsite. An emergency must be defined as failure of any shared portion of the system to deliver water upon demand.

If connection costs to the public or community system are not reasonable, the existing Onsite Sewage Disposal Systems are acceptable provided they are functioning properly and meet the requirements of the local health department

When the Onsite Sewage Disposal System is not sufficient and an off-site system is available, the Mortgagee must confirm connection to an off-site sewage system. When the Onsite Sewage Disposal System is not sufficient and an off-site system is not available, the Mortgagee must reject the Property unless the Onsite Sewage Disposal System is repaired or replaced and complies with local health department standards.

##### **(Q) Termites**

For existing Properties, the Mortgagee must confirm that the Property is free of wood destroying insects and organisms. If the appraisal is made subject to inspection by a qualified pest control specialist, the Mortgagee must obtain such inspection and evidence of any required treatment to confirm the Property is free of wood destroying insects and organisms.

#### **iii. Minimum Required Repairs**

When the appraisal report or inspection from a qualified Entity indicates that repairs are required to make the Property meet HUD's MPR or MPS, the Mortgagee must comply with [Repair Requirements](#).

##### vi. Chain of Title

The Mortgagee must review the appraisal to determine if the subject Property was sold within 12 months prior to the case number assignment date. If the subject Property was sold within the previous 12 months the Mortgagee must review evidence of prior ownership and determine if there are any undisclosed Identity-of-Interest transactions, and for compliance with [Restrictions on Property Flipping](#).

##### vii. Opinion of Market Value

The Mortgagee must ensure the Market Value of the Property is sufficient to adequately secure the FHA-insured Mortgage.

##### viii. Reconsideration of Value

The underwriter may request a reconsideration of value when the Appraiser did not consider information that was relevant on the effective date of the appraisal. The underwriter must provide the Appraiser with all relevant data that is necessary for a reconsideration of value.

The Appraiser may charge an additional fee if the relevant data was not available on the effective date of the appraisal. If the unavailability of data is not the fault of the Borrower, the Borrower must not be held responsible for the additional costs. The effective date of the appraisal is the date the Appraiser inspected the Property.

The Conditional Commitment Direct Endorsement Statement of Appraised Value ([form HUD-92800.5B](#)) provides the terms upon which the commitment/direct endorsement statement of appraised value is made and the specific conditions that must be met before HUD can endorse a Firm Commitment for mortgage insurance. The underwriter must complete form HUD-92800.5B as directed in the form instructions.

Where a [Statement of Appraised Value](#) is required, the Mortgagee must provide the Borrower with a copy of the completed form HUD-92800.5B.

#### 4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)

##### a. Underwriting with an Automated Underwriting System

FHA's Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard is not an Automated Underwriting System (AUS) but a scorecard that must interface through a system-to-system connection with an AUS.

Each AUS using TOTAL Mortgage Scorecard provides a Feedback Certificate/Finding Report, which documents results of the credit risk evaluation, and identifies the credit report utilized for the scoring event. The Feedback Certificate/Finding Report upon which the Mortgagee makes its underwriting decision prior to endorsement must be included in the case binder.

##### i. Use of TOTAL Mortgage Scorecard

All transactions must be scored through TOTAL Mortgage Scorecard, except Streamline Refinance transactions and assumptions.

If the Mortgage involves a HUD employee, the Mortgagee must score the transaction through TOTAL. If the file receives an Accept, the Mortgagee must underwrite the transaction in accordance with the guidance in this Underwriting the Borrower Using the TOTAL Mortgage Scorecard section. The Mortgagee must submit the underwritten mortgage application to the Processing and Underwriting Division Director at the [Jurisdictional HOC](#) for [final underwriting approval](#).

Mortgagees using TOTAL remain solely responsible for prudent underwriting practices and the [Final Underwriting Decision](#).

##### ii. Requirements for the Submission of Data through TOTAL Mortgage Scorecard

The Mortgagee must submit data to TOTAL Mortgage Scorecard through an approved [AUS vendor](#) in a data format acceptable **to the AUS vendor**, to meet the requirements described in the [TOTAL Mortgage Scorecard Developer's Guide](#).

##### iii. Function of TOTAL Mortgage Scorecard

TOTAL Mortgage Scorecard evaluates the overall credit risk posed by the Borrower, based on a number of credit variables, when combined with the functionalities of an AUS.

The Mortgagee may not accept or deny an FHA-insured Mortgage based solely on a risk assessment generated by TOTAL Mortgage Scorecard.

The Mortgagee must ensure full compliance with all FHA eligibility requirements, and all requirements of this section. The Mortgagee must verify the information used to score

the Mortgage through TOTAL but does not need to analyze the credit history, unless otherwise stated in this section, if an Accept or Approve recommendation is received.

The underwriter must still underwrite all appraisals according to standard FHA requirements.

The underwriter must fully underwrite those applications where the AUS issues a Refer.

#### **(A) Automated Underwriting System Data Entry Requirements**

##### **(1) Mortgagees**

The Mortgagee must verify the integrity of all data elements entered into the AUS to ensure the outcome of the Mortgage credit risk evaluation is valid including:

- Borrower's Credit Report
- Borrower's Liabilities/Debt
- Borrower's Effective Income
- Borrower's Assets/Reserves
- Adjusted Value
- Borrower's total Mortgage Payment including Principal, Interest, Taxes, and Insurance (PITI)

The Borrower's total Mortgage Payment includes:

- Principal and Interest (P&I);
- real estate taxes;
- hazard insurance;
- flood insurance as applicable;
- Mortgage Insurance Premium;
- HOA or condominium association fees or expenses;
- Ground Rent;
- special assessments;
- payments for any acceptable secondary financing; and
- any other escrow payments.

The Mortgagee may deduct the amount of the Mortgage Credit Certificate or Section 8 Homeownership Voucher if it is paid directly to the servicer.

##### **(2) Sponsored Third-Party Originators**

The Mortgagee may permit a sponsored TPO to enter data into the AUS. Both the Mortgagee and its sponsored TPO must ensure and verify all data entered into the AUS. The Mortgagee remains ultimately responsible for ensuring the data entered into the AUS is correct.

The Mortgagee must ensure the Employer Identification Number (EIN) of its sponsored TPO is entered into the AUS. If the Mortgagee is using an AUS that is

unable to transmit the sponsored TPO EIN, the Mortgagee must enter “6999609996” in the Lender ID field.

#### **(B) New Versions of TOTAL Mortgage Scorecard**

From time to time, FHA will release new versions of TOTAL Mortgage Scorecard. FHA will announce the date that the new version will be available. All Mortgages being scored for the first time will be scored using the new version. For Mortgages with a case number, the Mortgages will be scored using the version that was effective when the case number was assigned. Existing Mortgages scored without a case number will be scored according to the version number tag that is provided in the TOTAL file by the AUS provider (if none, then the current version will be used). All Mortgages without a case number will be scored using the new version 90 Days after the new version is implemented.

#### **iv. Feedback Certificates: Risk Classification and Related Responsibilities (TOTAL)**

If the Feedback Certificate/Finding Report shows an Accept or Approve, it will be referred to as Accept.

#### **(A) Accept/Eligible**

If the Feedback Certificate/Finding Report shows an Accept/Eligible recommendation, the Mortgage may be eligible for FHA’s insurance endorsement provided the Mortgagee verified that data entered into the AUS is accurate and complete and that the entire mortgage application complies with all FHA requirements.

The Mortgagee must verify that all supporting documentation and information entered into TOTAL Mortgage Scorecard is consistent with the final underwriting decision if the Mortgage receives an Accept/Eligible.

#### **(B) Accept/Ineligible**

If the Feedback Certification/Finding Report shows an Accept/Ineligible recommendation, the Borrower’s credit and capacity would meet the threshold for approval, but the Mortgage does not fully comply with FHA’s eligibility requirements. The Feedback Certificate will identify the specific eligibility requirement that the Mortgage does not meet.

The Mortgagee must analyze the Feedback Certificate and determine if the reason for the ineligibility is one that can be resolved in a manner that complies with FHA underwriting requirements. If the Mortgagee can correct the reason for ineligibility, the Mortgagee may rescore the Mortgage in the AUS.

#### **4. Underwriting the Borrower Using the TOTAL Mortgage Scorecard (TOTAL)**

When the reason for ineligibility cannot be corrected in the AUS, the Mortgagee may underwrite the Mortgage using the following requirements for an Accept Mortgage, but must resolve the reason for ineligibility in accordance with FHA requirements and must provide an explanation of the resolution in the remarks section of form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*.

#### **(C) Refer**

The underwriter must manually underwrite any mortgage application for which the Feedback Certificate shows a Refer recommendation or any result other than those described above.

#### **v. Accept Risk Classifications Requiring a Downgrade to Manual Underwriting (TOTAL)**

The Mortgagee must downgrade and manually underwrite any Mortgage that received an Accept recommendation if:

- the mortgage file contains information or documentation that cannot be entered into or evaluated by TOTAL Mortgage Scorecard;
- additional information, not considered in the AUS recommendation affects the overall insurability of the Mortgage;
- the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts;
- the date of the Borrower's bankruptcy discharge as reflected on bankruptcy documents is within two years from the date of case number assignment;
- the case number assignment date is within three years of the date of the transfer of title through a Pre-Foreclosure Sale (Short Sale);
- the case number assignment date is within three years of the date of the transfer of title through a foreclosure sale;
- the case number assignment date is within three years of the date of the transfer of title through a Deed-in-Lieu (DIL) of foreclosure;
- the Mortgage Payment history requires a downgrade as defined in [Housing Obligations/Mortgage Payment History](#);
- the Borrower has undisclosed mortgage debt; or
- business income shows a greater than 20 percent decline over the analysis period.

#### **vi. Applicability of Automated Underwriting System Rules (TOTAL)**

If a determination is made that the Mortgage must be downgraded to manual underwriting, the Mortgagee must cease its use of the AUS and comply with all requirements for manual underwriting when underwriting a downgraded Mortgage.

#### **vii. TOTAL Mortgage Scorecard Tolerance Levels for Rescoring**

The Mortgagee must rescore a Mortgage when any data element of the Mortgage change and/or new Borrower information becomes available.

Income	Income verified is not less than 5% below the previously scored amount

#### b. Credit Requirements (TOTAL)

##### i. General Credit Review Requirements (TOTAL)

The Mortgagee must obtain a credit report for each Borrower who will be obligated on the mortgage Note. The Mortgagee may obtain a joint report for individuals with joint accounts.

The Mortgagee must obtain a credit report for a non-borrowing spouse who resides in a community property state, or if the subject Property is located in a community property state. The credit report must indicate the non-borrowing spouse's SSN was matched with the SSA, or the Mortgagee must provide separate documentation indicating that the SSN was matched with the SSA.

##### ii. Credit Reports (TOTAL)

The Mortgagee must use a traditional credit report. If a traditional credit report is not available or the traditional credit report is insufficient, the Feedback Certificate will show a Refer recommendation, and the Mortgagee must manually underwrite the Mortgage.

The Mortgagee must obtain a Tri-Merged Credit Report (TRMCR) from an independent consumer reporting agency.

#### (A) Requirements for the Credit Report (TOTAL)

Credit reports must contain all information from at least two credit repositories pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Mortgagee must retain copies of all credit reports.

The credit report must include:

- the name of the Mortgagee ordering the report;
- the name, address, and telephone number of the consumer-reporting agency;

The Mortgagee must obtain a **new** credit report and rescore the Mortgage through TOTAL if the underwriter identifies inconsistencies between any information in the mortgage file and the original credit report.

#### iii. Evaluating Credit History (TOTAL)

The Mortgagee must analyze the Borrower's credit history in accordance with the [Accept Risk Classifications Requiring a Downgrade to Manual Underwriting](#) section.

If a determination is made that the Mortgage must be downgraded to manual underwriting, the Mortgagee must cease its use of the AUS and comply with all requirements for manual underwriting when underwriting a downgraded Mortgage.

### **(B) Disputed Derogatory Credit Accounts (TOTAL)**

#### **(1) Definition**

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

Exclusions from cumulative balance include:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use. To exclude these balances, the Mortgagee must include a copy of the police report or other documentation from the creditor to support the status of the accounts.

#### **(2) Standard**

If the credit report utilized by TOTAL Mortgage Scorecard indicates that the Borrower has \$1,000 or more collectively in Disputed Derogatory Credit Accounts, the Mortgage must be downgraded to a Refer and manually underwritten.

Disputed Derogatory Credit Accounts of a non-borrowing spouse in a community property state are not included in the cumulative balance for determining if the mortgage application is downgraded to a Refer.

### **(C) Non-Derogatory Disputed Accounts and Disputed Accounts Not Indicated on the Credit Report (TOTAL)**

#### **(1) Definition**

Non-Derogatory Disputed Accounts include the following types of accounts:

- disputed accounts that are current and paid as agreed

#### **(2) Required Documentation and Standard**

If a Borrower is disputing non-derogatory accounts, or is disputing accounts which are not indicated on the credit report as being disputed, the Mortgagee is not required to downgrade the application to a Refer. However, the Mortgagee must analyze the effect of the disputed accounts on the Borrower's ability to repay the Mortgage. If the dispute results in the Borrower's monthly debt payments utilized in computing the Debt-to-Income (DTI) ratio being less than the amount indicated on the credit report, the Borrower must provide documentation of the lower payments.

Judgments of a non-borrowing spouse in a community property state must be resolved or paid in full, with the exception of obligations excluded by state law.

##### **Exception**

A Judgment is considered resolved if the Borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the Borrower has made timely payments for at least three months of scheduled payments and the Judgment will not supersede the FHA-insured mortgage lien. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

#### iv. Evaluating Liabilities and Debts (TOTAL)

The Mortgagee must review all credit report inquiries to ensure that all debts, including any new debt payments resulting from material inquiries listed on the credit report, are used to calculate the debt ratios. The Mortgagee must also determine that any recent debts were not incurred to obtain any part of the Borrower's required funds to close on the Property being purchased.

Material Inquiries refer to inquiries which may potentially result in obligations incurred by the Borrower for other Mortgages, auto loans, leases, or other Installment Loans. Inquiries from department stores, credit bureaus, and insurance companies are not considered material inquiries.

#### (A) General Liabilities and Debts (TOTAL)

The Mortgagee must determine the Borrower's monthly liabilities by reviewing all debts listed on the credit report, *Uniform Residential Loan Application (URLA)*, and required documentation.

All applicable monthly liabilities must be included in the qualifying ratio. Closed-end debts do not have to be included if they will be paid off within 10 months and the cumulative payments of all such debts are less than or equal to 5 percent of the Borrower's gross monthly income. Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating the Borrower's assets, do not require consideration of repayment for qualifying purposes.

The Mortgagee must document that the funds used to pay off debts prior to closing came from an [acceptable source](#), and the Borrower did not incur new debts that were not included in the DTI ratio.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

#### **(B) Undisclosed Debt Other Than a Mortgage (TOTAL)**

Child Support and Maintenance are to be treated as a recurring liability and the Mortgagee must include the monthly obligation in the Borrower's liabilities and debt.

##### **(3) Required Documentation**

#### **(2) Standard**

#### **(3) Required Documentation**

The Mortgagee must use the credit report to document that the Borrower has paid the balance on the account monthly for the previous 12 months. ##### (j) Real Estate Tax Credits

Where real estate taxes are paid in arrears, the seller's real estate tax credit may be used to meet the MRI, if the Mortgagee documents that the Borrower had sufficient assets to meet the MRI and the Borrower paid closing costs at the time of underwriting.

This permits the Borrower to bring a portion of their MRI to the closing and combine that portion with the real estate tax credit for their total MRI.

##### (C) Reserves (TOTAL)

The Mortgagee must verify and document all assets submitted to the AUS.

Reserves refer to the sum of the Borrower's verified and documented liquid assets minus the total funds the Borrower is required to pay at closing.

- (2) any other person or Entity who financially benefits from the transaction (directly or indirectly); or

While additional funds to close may be provided by one of these sources if permitted under the relevant source of funds requirements above, none of the Borrower's MRI may come from these sources. The Mortgagee must document permissible sources for the full MRI in accordance with special requirements noted above.

Additionally, in accordance with HUD's Interpretive Rule, [Docket No. FR-5679-N-01](#), HUD does not interpret Section 203(b)(9)(C) of the National Housing Act to prohibit Governmental Entities, **when acting in their governmental capacity**, from providing the Borrower's MRI where the Governmental Entity is originating the insured Mortgage through one of its homeownership programs.

#### **(C) Required Documentation**

Where the Borrower's MRI is provided by someone other than the Borrower, the Mortgagee must also obtain documentation to support the permissible nature of the source of those funds.

To establish that the Governmental Entity provided the Borrower's MRI in a manner consistent with HUD's Interpretive Rule, the Mortgagee must document that the Governmental Entity incurred prior to or at closing an enforceable legal liability or obligation to fund the Borrower's MRI. It is not sufficient to document that the Governmental Entity has agreed to reimburse the Mortgagee for the use of funds legally belonging to the Mortgagee to fund the Borrower's MRI.

- a letter from the Governmental Entity, signed by an authorized official, establishing that the funds provided towards the Borrower's MRI were funds legally belonging to the Governmental Entity, **when acting in their governmental capacity**, at or before closing.

Where a letter from the Governmental Entity is submitted, the precise language of the letter may vary, but must demonstrate that the funds provided for the Borrower's MRI legally belonged to the Governmental Entity at or before closing, by stating, for example:

- the Governmental Entity has, at or before closing, incurred a legally enforceable liability as a result of its agreement to provide the funds towards the Borrower's MRI;

While the Mortgagee is not required to document the actual transfer of funds in satisfaction of the obligation or liability, the failure of the Governmental Entity to satisfy the obligation or liability may result in a determination that the funds were provided by a prohibited source.

###### **(a) Traditional Documentation**

The Mortgagee must obtain a written VOD and the Borrower's most recent statement for each account.

#### Documenting the Transfer of Gifts

The Mortgagee must verify and document the transfer of gift funds from the donor to the Borrower in accordance with the requirements below.

- a. If the gift funds have been verified in the Borrower's account, obtain the donor's bank statement showing the withdrawal and evidence of the deposit into the Borrower's account.
- b. If the gift funds are not verified in the Borrower's account, obtain the certified check or money order or cashier's check or wire transfer or other official check, and a bank statement showing the withdrawal from the donor's account.

If the gift funds are paid directly to the settlement agent, the Mortgagee must verify that the settlement agent received the funds from the donor for the amount of the gift, and that the funds were from an acceptable source.

If the gift funds are being borrowed by the donor and documentation from the bank or other savings account is not available, the Mortgagee must have the donor provide written evidence that the funds were borrowed from an acceptable source, not from a party to the transaction.

The Mortgagee and its Affiliates are prohibited from providing the loan of gift funds to the donor unless the terms of the loan are equivalent to those available to the general public.

Interested Parties refer to sellers, real estate agents, builders, developers or other parties with an interest in the transaction.

Interested Party Contribution refers to a payment by an Interested Party, or combination of parties, toward the Borrower's origination fees, other closing costs and discount points.

#### (2) Standard

Interested Parties may contribute up to 6 percent **of the sales price** toward the Borrower's origination fees, other closing costs and discount points. The 6 percent limit also includes:

- Interested Party payment for permanent and temporary interest rate buydowns, and other payment supplements;
- payments of mortgage interest for fixed rate Mortgages;
- Mortgage Payment protection insurance; and
- payment of the UFMIP.

Interested Party Contributions that exceed actual origination fees, other closing costs, and discount points are considered an inducement to purchase. Interested Party Contributions exceeding 6 percent are considered an inducement to purchase.

Interested Party Contributions may not be used for the Borrower's MRI.

Payment of real estate agent commissions or fees, typically paid by the seller under local or state law, or local custom, is not considered an Interested Party Contribution.

#### (3) Required Documentation

### (H) Inducements to Purchase (TOTAL)

##### **(1) Personal Property (TOTAL)**

Replacement of existing Personal Property items listed below are not considered an inducement to purchase, provided the replacement is made prior to settlement and no cash allowance is given to the Borrower. - refrigerator
- dishwasher
- washer
- dryer
- carpeting
- window treatment
- other items determined appropriate by the HOC

##### **(2) Sales Commission (TOTAL)**

Rent may be an inducement to purchase when the sales agreement reveals that the Borrower has been living in the Property rent-free or has an agreement to occupy the Property at a rental amount considerably below fair Market Value.

Rent below fair Market Value is not considered an inducement to purchase when a builder fails to deliver a Property at an agreed-upon time, and permits the Borrower to occupy an existing or other unit for less than market rent until construction is complete.

##### **(I) Downpayment Assistance Programs (TOTAL)**

FHA does not “approve” downpayment assistance programs administered by charitable organizations, such as nonprofits. FHA also does not allow nonprofit entities to provide gifts to pay off:

- Installment Loans
- credit cards
- collections
- Judgments
- liens
- similar debts

The Mortgagee must ensure that a gift provided by a charitable organization meets the appropriate FHA requirements, and that the transfer of funds is properly documented.

##### **(1) Gifts from Charitable Organizations that Lose or Give Up Their Federal Tax-Exempt Status**

If a charitable organization makes a gift that is to be used for all, or part, of a Borrower’s downpayment, and the organization providing the gift loses or gives up its federal tax-exempt status, FHA will recognize the gift as an acceptable source of the downpayment provided that:

- the gift is made to the Borrower;
- the gift is properly documented; and
- the Borrower has entered into a contract of sale (including any amendments to purchase price) on or before the date the IRS officially announces that the charitable organization’s tax-exempt status is terminated.

##### (J) Secondary Financing (TOTAL)

Secondary Financing is any financing other than the first Mortgage that creates a lien against the Property. Any such financing that does create a lien against the Property is not considered a gift or a grant even if it does not require regular payments or has other features forgiving the debt.

##### (1) Secondary Financing Provided by Governmental Entities and HOPE Grantees (TOTAL)

###### (a) Definitions

A Governmental Entity refers to any federal, state, or local government agency or instrumentality.

To be considered an Instrumentality of Government, the Entity must be established by a governmental body or with governmental approval or under special law to serve a particular public purpose or designated by law (statute or court opinion) **and does not have 501(c)(3) status**. HUD deems Section 115 Entities to be Instrumentalities of Government for the purpose of providing secondary financing.

Homeownership and Opportunity for People Everywhere (HOPE) Grantee refers to an Entity designated in the homeownership plan submitted by an applicant for an implementation grant under the HOPE program.

###### (b) Standard

- the secondary financing legal documents (Note and Deed of Trust) name the Governmental Entity as the Mortgagee.

Secondary financing that will close in the name of the nonprofit and be held by a Governmental Entity must be made by a HUD-approved Nonprofit.

The Mortgagee must enter information on HUD-approved Nonprofits into [FHA Connection \(FHAC\)](#), as applicable.

Secondary financing provided by Governmental Entities or HOPE grantees may be used to meet the Borrower's MRI. Any loan of the Borrower's MRI must also comply with the additional requirements set forth in [Source Requirements for the Borrower's MRI](#).

There is no maximum Combined Loan-to-Value (CLTV) for secondary financing loans provided by Governmental Entities or HOPE grantees.

The Mortgagee may approve the Mortgage as eligible for FHA insurance endorsement if:

- TOTAL Mortgage Scorecard rated the mortgage application as Accept;
- the underwriter underwrote the appraisal according to standard FHA requirements;
- the Mortgagee reviewed the TOTAL Mortgage Scorecard findings, and verified that all information entered into TOTAL Mortgage Scorecard is consistent with mortgage documentation, and is true, complete, and accurate; and
- the Mortgage meets all FHA requirements applicable to Mortgages receiving a rating of Accept from TOTAL Mortgage Scorecard.

While TOTAL Mortgage Scorecard is available for Mortgagees to use in their pre-qualification process of mortgage applicants, the Mortgagee must score the Mortgage at least once after assignment of an FHA case number. FHA will not recognize the risk assessment nor will information be carried from TOTAL Mortgage Scorecard to [FHAC](#) for endorsement processing, without an FHA case number. It is imperative that the Mortgagees make certain that they enter the FHA case number into their Loan Origination System or AUS as soon as it is known. This will ensure a more efficient endorsement process.

#### i. Documentation of Final Underwriting Review Decision (TOTAL)

The Mortgagee must complete the following documents to evidence their final underwriting decision.

##### (A) Form HUD-92900-LT, FHA Loan Underwriting and Transmittal Summary

On form [HUD-92900-LT](#), the Mortgagee must:

- indicate the CHUMS ID of the underwriter who reviewed the appraisal;
- complete the Risk Assessment; and
- enter the identification of "ZFHA" in the CHUMS ID.

When the Feedback Certificate indicates "Accept/Ineligible," the Mortgagee must document the circumstances or other reasons that were evaluated in making the decision to approve the Mortgage in the Remarks section.

#### 5. Manual Underwriting of the Borrower

The Mortgagee must manually underwrite those applications where the AUS issues a Refer or applications which were downgraded to a manual underwrite.

If a Mortgage receiving the AUS Refer or downgrade to manual processing involves a HUD employee, the Mortgagee must underwrite the transaction in accordance with the guidance in this Manual Underwriting section. The Mortgagee must submit the underwritten mortgage application to the Processing and Underwriting Division Director at the [Jurisdictional HOC](#) for [final underwriting approval](#).

##### a. Credit Requirements (Manual)

###### i. General Credit Requirements (Manual)

FHA's general credit policy requires Mortgagees to analyze the Borrower's credit history, liabilities, and debts to determine creditworthiness.

The Mortgagee must either obtain a Tri-Merged Credit Report (TRMCR) or a Residential Mortgage Credit Report (RMCR) from an independent consumer reporting agency.

The Mortgagee must utilize the same credit report and credit scores sent to TOTAL.

The Mortgagee must obtain a credit report for each Borrower who will be obligated on the mortgage Note. The Mortgagee may obtain a joint report for individuals with joint accounts.

The Mortgagee must obtain a credit report for non-borrowing spouses who reside in community property states, or if the Property being purchased is in a community property state.

The Mortgagee is not required to obtain a credit report for non-credit qualifying Streamline Refinance transactions.

###### ii. Types of Credit History (Manual)

If a traditional credit report is available, the Mortgagee must use a traditional credit report. However, if a traditional credit report is not available, the Mortgagee must develop the Borrower's credit history using the requirements for [Non-Traditional and Insufficient Credit](#).

###### (A) Traditional Credit (Manual)

If the TRMCR or RMCR generates a credit score, the Mortgagee must utilize traditional credit history.

#### **5. Manual Underwriting of the Borrower**

---

##### **(1) Requirements for the Credit Report**

Credit reports must obtain all information from at least two credit repositories pertaining to credit, residence history, and public records information; be in an easy to read and understandable format; and not require code translations. The credit report may not contain whiteouts, erasures, or alterations. The Mortgagee must retain copies of all credit reports.

The credit report must include:

- the name of the Mortgagee ordering the report;
- the name, address, and telephone number of the consumer-reporting agency;
- the name and SSN of each Borrower; and
- the primary repository from which any particular information was pulled, for each account listed.

A truncated SSN is acceptable for FHA mortgage insurance purposes provided that the mortgage application captures the full nine-digit SSN.

The credit report must also include:

- all inquiries made within the last 90 Days;
- all credit and legal information not considered obsolete under the Fair Credit Reporting Act (FCRA), including information for the last seven years regarding:
  - bankruptcies;
  - Judgments;
  - lawsuits;
  - foreclosures; and
  - tax liens; and
- for each Borrower debt listed:
  - the date the account was opened;
  - high credit amount;
  - required monthly payment amount;
  - unpaid balance; and
  - payment history.

##### **(2) Updated Credit Report or Supplement to the Credit Report**

The Mortgagee must obtain an updated credit report or supplement if the underwriter identifies inconsistencies between any information in the mortgage file and the original credit report.

#### (3) Credit Information Not Listed on Credit Report

A Mortgagee must develop credit information separately for any open debt listed on the mortgage application but not referenced in the credit report by using the procedures for [Independent Verification of Non-Traditional Credit Providers](#).

#### (4) Specific Requirements for Residential Mortgage Credit Report

In addition to meeting the general credit report requirements, the RMCR must:

- provide a detailed account of the Borrower's employment history;
- verify each Borrower's current employment and income through an interview with the Borrower's employer or explain why such an interview was not completed;
- contain a statement attesting to the certification of employment for each Borrower and the date the information was verified; and
- report a credit history for each trade line within 90 Days of the credit report for each account with a balance.

#### (B) Non-Traditional and Insufficient Credit (Manual)

For Borrowers without a credit score, the Mortgagee must either obtain a Non-Traditional Mortgage Credit Report (NTMCR) from a credit reporting company or independently develop the Borrower's credit history using the requirements outlined below.

#### (1) Non-Traditional Mortgage Credit Report

##### (a) Definition

An NTMCR is designed to access the credit history of a Borrower who does not have the types of trade references that appear on a traditional credit report and used either as:

- a substitute for a TRMCR or an RMCR; or
- a supplement to a traditional credit report that has an insufficient number of trade items reported **to generate a credit score.**

##### (b) Standard

Mortgagees may use a NTMCR developed by a credit reporting agency that verifies the following information for all non-traditional credit references:

- the existence of the credit providers;
- that the credit was actually extended to the Borrower; and
- the creditor has a published address or telephone number.

The NTMCR must not include subjective statements such as "satisfactory" or "acceptable," must be formatted in a similar fashion to traditional references, and provide the:

- creditor's name;
- date of opening;
- high credit;
- current status of the account;
- required monthly payment;
- unpaid balance; and
- payment history in the delinquency categories (for example, 0x30 and 0x60).

#### (2) Independent Verification of Non-Traditional Credit Providers

The Mortgagee may independently verify the Borrower's credit references by documenting the existence of the credit provider and that the provider extended credit to the Borrower.

- a. To verify the existence of each credit provider, the Mortgagee must review public records from the state, county, or city or other documents providing a similar level of objective information.
- b. To verify credit information, the Mortgagee must:
  - use a published address or telephone number for the credit provider and not rely solely on information provided by the applicant; and
  - obtain the most recent 12 months of cancelled checks, or equivalent proof of payment, demonstrating the timing of payment to the credit provider.
- c. To verify the Borrower's rental payment history, the Mortgagee must obtain a rental reference from the appropriate rental management company, provided the Borrower is not renting from a Family Member, demonstrating the timing of payment of the most recent 12 months in lieu of 12 months of cancelled checks or equivalent proof of payment.

#### (3) Sufficiency of Credit References

To be sufficient to establish the Borrower's credit, the credit history must include three credit references, including at least one of the following:

- rental housing payments (subject to independent verification if the Borrower is a renter);
- telephone service; or
- utility company reference (if not included in the rental housing payment), including:
  - gas;
  - electricity;
  - water;
  - television service; or
  - Internet service.

If the Mortgagee cannot obtain all three credit references from the list above, the Mortgagee may use the following sources of unreported recurring debt:

- insurance premiums not payroll deducted (for example, medical, auto, life, renter's insurance);
- payment to child care providers made to businesses that provide such services;
- school tuition;
- retail store credit cards (for example, from department, furniture, appliance stores, or specialty stores);
- rent-to-own (for example, furniture, appliances);
- payment of that part of medical bills not covered by insurance;
- a documented 12-month history of savings evidenced by regular deposits resulting in an increased balance to the account that:
  - were made at least quarterly;
  - were not payroll deducted, and;
  - caused no insufficient funds (NSF) checks;
- an automobile lease;
- a personal loan from an individual with repayment terms in writing and supported by cancelled checks to document the payments; or
- a documented 12-month history of payment by the Borrower on an account for which the Borrower is an authorized user.

### iii. Evaluating Credit History (Manual)

#### (A) General Credit (Manual)

The underwriter must examine the Borrower's overall pattern of credit behavior, not just isolated unsatisfactory or slow payments, to determine the Borrower's creditworthiness.

The Mortgagee must not consider the credit history of a non-borrowing spouse.

#### (B) Types of Payment Histories (Manual)

The underwriter must evaluate the Borrower's payment histories in the following order: (1) previous housing expenses and related expenses, including utilities; (2) installment debts; and (3) revolving accounts.

##### (1) Satisfactory Credit

The underwriter may consider a Borrower to have an acceptable payment history if the Borrower has made all housing and installment debt payments on time for the previous 12 months and has no more than two 30-Day late Mortgage Payments or installment payments in the previous 24 months.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **5. Manual Underwriting of the Borrower**

---

The underwriter may approve the Borrower with an acceptable payment history if the Borrower has no major derogatory credit on revolving accounts in the previous 12 months.

Major derogatory credit on revolving accounts must include any payments made more than 90 Days after the due date, or three or more payments more than 60 Days after the due date.

#### **(2) Payment History Requiring Additional Analysis**

If a Borrower's credit history does not reflect satisfactory credit as stated above, the Borrower's payment history requires additional analysis.

The Mortgagee must analyze the Borrower's delinquent accounts to determine whether late payments were based on a disregard for financial obligations, an inability to manage debt, or extenuating circumstances. The Mortgagee must document this analysis in the mortgage file. Any explanation or documentation of delinquent accounts must be consistent with other information in the file.

The underwriter may only approve a Borrower with a credit history not meeting the satisfactory credit history above if the underwriter has documented the delinquency was related to extenuating circumstances.

#### **(C) Payment History on Housing Obligations (Manual)**

The Mortgagee must determine the Borrower's Housing Obligation payment history through:

- the credit report;
- verification of rent received directly from the landlord (for landlords with no Identity of Interest with the Borrower);
- verification of Mortgage received directly from the mortgage servicer; or
- a review of canceled checks that cover the most recent 12-month period.

The Mortgagee must verify and document the previous 12 months' housing history. For Borrowers who indicate they are living rent-free, the Mortgagee must obtain verification from the property owner where they are residing that the Borrower has been living rent-free and the amount of time the Borrower has been living rent free.

A Mortgage that has been modified must utilize the payment history in accordance with the modification agreement for the time period of modification in determining late housing payments.

##### **(1) Definition**

A Collection Account is a Borrower's loan or debt that has been submitted to a collection agency through a creditor.

##### **(2) Standard**

The Mortgagee must determine if collection accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

##### **(3) Required Documentation**

The Mortgagee must document reasons for approving a Mortgage when the Borrower has any collection accounts.

The Borrower must provide a letter of explanation, which is supported by documentation, for each outstanding collection account. The explanation and supporting documentation must be consistent with other credit information in the file.

#### **(E) Charge Off Accounts (Manual)**

##### **(1) Definition**

Charge Off Account refers to a Borrower's loan or debt that has been written off by the creditor.

##### **(2) Standard**

The Mortgagee must determine if Charge Off Accounts were a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

##### **(3) Required Documentation**

The Mortgagee must document reasons for approving a Mortgage when the Borrower has any Charge Off Accounts.

#### (F) Disputed Derogatory Credit Accounts (Manual)

##### (1) Definition

Disputed Derogatory Credit Account refers to disputed Charge Off Accounts, disputed collection accounts, and disputed accounts with late payments in the last 24 months.

##### (2) Standard

The Mortgagee must analyze the documentation provided for consistency with other credit information to determine if the derogatory credit account should be considered in the underwriting analysis.

The following items may be excluded from consideration in the underwriting analysis:

- disputed medical accounts; and
- disputed derogatory credit resulting from identity theft, credit card theft or unauthorized use provided the Mortgagee includes a copy of the police report or other documentation from the creditor to support the status of the account in the mortgage file.

##### (3) Required Documentation

If the credit report indicates that the Borrower is disputing derogatory credit accounts, the Borrower must provide a letter of explanation and documentation supporting the basis of the dispute.

If the disputed derogatory credit resulted from identity theft, credit card theft or unauthorized use balances, the Mortgagee must obtain a copy of the police report or other documentation from the creditor to support the status of the accounts.

#### (G) Judgments (Manual)

##### (1) Definition

Judgment refers to any debt or monetary liability of the Borrower, and the Borrower's spouse in a community property state unless excluded by state law, created by a court, or other adjudicating body.

##### (2) Standard

The Mortgagee must verify that court-ordered Judgments are resolved or paid off prior to or at closing.

Judgments of a non-borrowing spouse in a community property state must be resolved or paid in full, with the exception of obligations excluded by state law.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **5. Manual Underwriting of the Borrower**

Regardless of the amount of outstanding Judgments, the Mortgagee must determine if the Judgment was a result of:

- the Borrower's disregard for financial obligations;
- the Borrower's inability to manage debt; or
- extenuating circumstances.

#### **Exception**

A Judgment is considered resolved if the Borrower has entered into a valid agreement with the creditor to make regular payments on the debt, the Borrower has made timely payments for at least three months of scheduled payments and the Judgment will not supersede the FHA-insured mortgage lien. The Borrower cannot prepay scheduled payments in order to meet the required minimum of three months of payments.

The Mortgagee must include the payment amount in the agreement in the calculation of the Borrower's Debt-to-Income (DTI) ratio.

The Mortgagee must obtain a copy of the agreement and evidence that payments were made on time in accordance with the agreement.

#### **(3) Required Documentation**

The Mortgagee must provide the following documentation:

- evidence of payment in full, if paid prior to settlement;
- the payoff statement, if paid at settlement; or
- the payment arrangement with creditor, if not paid prior to or at settlement, and a subordination agreement for any liens existing on title.

#### **(H) Bankruptcy (Manual)**

##### **(1) Standard: Chapter 7**

A Chapter 7 bankruptcy (liquidation) does not disqualify a Borrower from obtaining an FHA-insured Mortgage if, at the time of case number assignment, at least two years have elapsed since the date of the bankruptcy discharge. During this time, the Borrower must have:

- re-established good credit; or
- chosen not to incur new credit obligations.

An elapsed period of less than two years, but not less than 12 months, may be acceptable, if the Borrower:

- can show that the bankruptcy was caused by extenuating circumstances beyond the Borrower's control; and
- has since exhibited a documented ability to manage their financial affairs in a responsible manner.

##### **(2) Standard: Chapter 13**

A Chapter 13 bankruptcy does not disqualify a Borrower from obtaining an FHA-insured Mortgage, if at the time of case number assignment at least 12 months of the pay-out period under the bankruptcy has elapsed.

The Mortgagee must determine that during this time, the Borrower's payment performance has been satisfactory and all required payments have been made on time; and the Borrower has received written permission from bankruptcy court to enter into the mortgage transaction.

##### **(3) Required Documentation**

If the credit report does not verify the discharge date or additional documentation is necessary to determine if any liabilities were discharged in the bankruptcy, the Mortgagee must obtain the bankruptcy and discharge documents.

The Mortgagee must also document that the Borrower's current situation indicates that the events which led to the bankruptcy are not likely to recur.

#### **(I) Foreclosure and Deed-in-Lieu of Foreclosure (Manual)**

##### **(1) Standard**

A Borrower is generally not eligible for a new FHA-insured Mortgage if the Borrower had a foreclosure or a DIL of foreclosure in the three-year period prior to the date of case number assignment.

This three-year period begins on the date of the DIL or the date that the Borrower transferred ownership of the Property to the foreclosing Entity/designee.

##### **Exceptions**

The Mortgagee may grant an exception to the three-year requirement if the foreclosure was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the foreclosure.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of the Borrower's divorce, the ex-spouse received the Property, and the Mortgage was later foreclosed.

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

#### (J) Pre-Foreclosure Sales (Short Sales) (Manual)

##### (1) Definition

Pre-Foreclosure Sales, also known as Short Sales, refer to the sales of real estate that generate proceeds that are less than the amount owed on the Property and the lien holders agree to release their liens and forgive the deficiency balance on the real estate.

##### (2) Standard

A Borrower is generally not eligible for a new FHA-insured Mortgage if they relinquished a Property through a Short Sale within three years from the date of case number assignment.

This three-year period begins on the date of transfer of title by Short Sale.

##### (a) Exception for Borrower Current at the Time of Short Sale

A Borrower is considered eligible for a new FHA-insured Mortgage if, from the date of case number assignment for the new Mortgage:

- all Mortgage Payments on the prior Mortgage were made within the month due for the 12-month period preceding the Short Sale; and
- installment debt payments for the same time period were also made within the month due.

##### (b) Exception for Extenuating Circumstances

The Mortgagee may grant an exception to the three-year requirement if the Short Sale was the result of documented extenuating circumstances that were beyond the control of the Borrower, such as a serious illness or death of a wage earner, and the Borrower has re-established good credit since the Short Sale.

Divorce is not considered an extenuating circumstance. An exception may, however, be granted where a Borrower's Mortgage was current at the time of

The inability to sell the Property due to a job transfer or relocation to another area does not qualify as an extenuating circumstance.

#### (3) Required Documentation

If the credit report does not indicate the date of the Short Sale, the Mortgagee must obtain the Settlement Statement, deed or other legal documents evidencing the date of property transfer.

If the Short Sale was the result of a circumstance beyond the Borrower's control, the Mortgagee must obtain an explanation of the circumstance and document that the circumstance was beyond the Borrower's control.

#### (K) Credit Counseling/Payment Plan

Participating in a consumer credit counseling program does not disqualify a Borrower from obtaining an FHA-insured Mortgage, provided the Mortgagee documents that:

- one year of the pay-out period has elapsed under the plan;
- the Borrower's payment performance has been satisfactory and all required payments have been made on time; and
- the Borrower has received written permission from the counseling agency to enter into the mortgage transaction.

#### iv. Evaluating Liabilities and Debts (Manual)

##### (A) General Liabilities and Debts (Manual)

##### (1) Standard

The Mortgagee must determine the Borrower's monthly liabilities by reviewing all debts listed on the credit report, *URLA*, and required documentation.

All applicable monthly liabilities must be included in the qualifying ratio. Closed-end debts do not have to be included if they will be paid off within 10 months and the cumulative payments of all such debts are less than or equal to 5 percent of the Borrower's gross monthly income. The Borrower may not pay down the balance in order to meet the 10-month requirement.

Accounts for which the Borrower is an authorized user must be included in a Borrower's DTI ratio unless the Mortgagee can document that the primary account holder has made all required payments on the account for the previous 12 months. If less than three payments have been required on the account in the previous 12 months, the payment amount must be included in the Borrower's DTI.

Negative income must be subtracted from the Borrower's gross monthly income, and not treated as a recurring monthly liability unless otherwise noted.

Loans secured against deposited funds, where repayment may be obtained through extinguishing the asset and these funds are not included in calculating the Borrower's assets, do not require consideration of repayment for qualifying purposes.

#### **(2) Required Documentation**

The Mortgagee must document that the funds used to pay off debts prior to closing came from an [acceptable source](#), and the Borrower did not incur new debts that were not included in the DTI ratio.

### **(B) Undisclosed Debt and Inquiries (Manual)**

#### **(1) Standard**

When a debt or obligation is revealed during the application process that was not listed on the mortgage application and/or credit report, the Mortgagee must:

- verify the actual monthly payment amount;
- include the payment amount in the agreement in the Borrower's monthly liabilities and debt; and
- determine that any unsecured funds borrowed were not/will not be used for the Borrower's MRI.

The Mortgagee must obtain a written explanation from the Borrower for all inquiries shown on the credit report that were made in the last 90 Days.

#### **(2) Required Documentation**

The Mortgagee must document all undisclosed debt and support for its analysis of the Borrower's debt.

Alimony, Child Support, and Maintenance are court-ordered or otherwise agreed upon payments.

##### **(2) Standard**

For Alimony, if the Borrower's income was not reduced by the amount of the monthly alimony obligation in the Mortgagee's calculation of the Borrower's gross income, the Mortgagee must verify and include the monthly obligation in its calculation of the Borrower's debt.

Child Support and Maintenance are to be treated as a recurring liability and the Mortgagee must include the monthly obligation in the Borrower's liabilities and debt.

##### **(3) Required Documentation**

The Mortgagee must obtain the official signed divorce decree, separation agreement, maintenance agreement, or other legal order.

The Mortgagee must also obtain the Borrower's pay stubs covering no less than 28 consecutive Days to verify whether the Borrower is subject to any order of garnishment relating to the Alimony, Child Support, and Maintenance.

##### **(4) Calculation of Monthly Obligation**

The Mortgagee must calculate the Borrower's monthly obligation from the greater of:

- the amount shown on the most recent decree or agreement establishing the Borrower's payment obligation; or
- the monthly amount of the garnishment.

The non-borrowing spouse's credit history is not considered a reason to deny a mortgage application.

##### **(3) Required Documentation**

The Mortgagee must verify and document the debt of the non-borrowing spouse.

The Mortgagee must make a note in the file referencing the specific state law that justifies the exclusion of any debt from consideration.

The Mortgagee must obtain a credit report for the non-borrowing spouse in order to determine the debts that must be counted in the DTI ratio.

If the credit report does not include a monthly payment for the loan, the Mortgagee must use the amount of the monthly payment shown in the loan agreement or payment statement.

##### **(3) Required Documentation**

If the monthly payment shown on the credit report is utilized to calculate the monthly debts, no further documentation is required.

#### ii. Source Requirements for the Borrower's Minimum Required Investment (Manual)

##### (A) Definition

Minimum Required Investment (MRI) refers to the Borrower's contribution in cash or its equivalent required by Section 203(b)(9) of the National Housing Act, which represents at least 3.5 percent of the Adjusted Value of the Property.

##### (B) Standard

The Mortgagee may only permit the Borrower's MRI to be provided by a source permissible under Section 203(b)(9)(C) of the National Housing Act, which means the funds for the Borrower's MRI must not come from:

- (1) the seller of the Property;
- (2) any other person or Entity who financially benefits from the transaction (directly or indirectly); or
- (3) anyone who is or will be reimbursed, directly or indirectly, by any party included in (1) or (2) above.

While additional funds to close may be provided by one of these sources if permitted under the relevant source of funds requirements above, none of the Borrower's MRI may come from these sources. The Mortgagee must document permissible sources for the full MRI in accordance with special requirements noted above.

Additionally, in accordance with HUD's Interpretive Rule, [Docket No. FR-5679-N-01](#), HUD does not interpret Section 203(b)(9)(C) of the National Housing Act to prohibit Governmental Entities, **when acting in their governmental capacity**, from providing the Borrower's MRI where the Governmental Entity is originating the insured Mortgage through one of its homeownership programs.

##### (C) Required Documentation

Where the Borrower's MRI is provided by someone other than the Borrower, the Mortgagee must also obtain documentation to support the permissible nature of the source of those funds.

To establish that the Governmental Entity provided the Borrower's MRI in a manner consistent with HUD's Interpretive Rule, the Mortgagee must document that the Governmental Entity incurred prior to or at closing an enforceable legal liability or obligation to fund the Borrower's MRI. It is not sufficient to document that the Governmental Entity has agreed to reimburse the Mortgagee for the use of funds legally belonging to the Mortgagee to fund the Borrower's MRI.

The Mortgagee must obtain:

- a cancelled check, evidence of wire transfer or other draw request showing that prior to or at the time of closing the Governmental Entity had authorized a

- a letter from the Governmental Entity, signed by an authorized official, establishing that the funds provided towards the Borrower's MRI were funds legally belonging to the Governmental Entity, **when acting in their governmental capacity**, at or before closing.

Where a letter from the Governmental Entity is submitted, the precise language of the letter may vary, but must demonstrate that the funds provided for the Borrower's MRI legally belonged to the Governmental Entity at or before closing, by stating, for example:

- the Governmental Entity has, at or before closing, incurred a legally enforceable liability as a result of its agreement to provide the funds towards the Borrower's MRI;
- the Governmental Entity has, at or before closing, incurred a legally enforceable obligation to provide the funds towards the Borrower's MRI; or
- the Governmental Entity has, at or before closing, authorized a draw on its account to provide the funds towards the Borrower's MRI.

While the Mortgagee is not required to document the actual transfer of funds in satisfaction of the obligation or liability, the failure of the Governmental Entity to satisfy the obligation or liability may result in a determination that the funds were provided by a prohibited source.

#### **(2) Sales Commission (Manual)**

An inducement to purchase also exists when a Borrower is not paying a real estate commission on the sale of their present residence, and the same real estate broker or agent is involved in both transactions, and the seller is paying a real estate commission on the Property being purchased by the Borrower that exceeds what is typical for the area.

The Mortgagee must also verify and document that the transaction was arms-length, and that the Borrower is entitled to the net sale proceeds.

#### **(Q) Real Estate Commission from Sale of a Subject Property (Manual)**

##### **(1) Definition**

Real Estate Commission from Sale of Subject Property refers to the Borrower's (i.e., buyer's) portion of a real estate commission earned from the sale of the Property being purchased.

##### **(2) Standard**

Mortgagees may consider Real Estate Commissions from Sale of Subject Property as part of the Borrower's acceptable source of funds if the Borrower is a licensed real estate agent.

A Family Member entitled to the commission may also provide it as a gift, in compliance with standard gift requirements.

##### **(3) Required Documentation**

The Mortgagee must verify and document that the Borrower, or Family Member giving the commission as a gift, is a licensed real estate agent, and is entitled to a real estate commission from the sale of the Property being purchased.

#### **(R) Sweat Equity (Manual)**

##### **(1) Definition**

Sweat Equity refers to labor performed, or materials furnished, by or on behalf of the Borrower before closing on the Property being purchased.

##### **(2) Standard**

The Mortgagee may consider the reasonable estimated cost of the work or materials as an acceptable source of funds.

Sweat Equity provided by anyone other than the Borrower can only be used as an MRI if it meets the [Source Requirements for the Borrower's MRI](#).

The Mortgagee may consider any amount as Sweat Equity that has not already been included in the mortgage amount. The Mortgagee may not consider clean up, debris removal, and other general maintenance, and work to be performed using repair escrow as Sweat Equity.

Cash back to the Borrower is not permitted in Sweat Equity transactions.

#### **(3) Required Documentation**

For materials furnished, the Mortgagee must obtain evidence of the source of funds and the Market Value of the materials.

For labor, the Mortgagee must verify and document that the work will be completed in a satisfactory manner. The Mortgagee must also obtain evidence of Contributory Value of the labor either through an Appraiser's estimate, or a cost-estimating service.

- For labor on Existing Construction, the Mortgagee must also obtain an appraisal indicating the repairs or improvements to be performed. (Any work completed or materials provided before the appraisal are not eligible)
- For labor on Proposed Construction, the Mortgagee must also obtain the sales contract indicating the tasks to be performed by the Borrower during construction.

#### **(S) Trade Equity (Manual)**

##### **(1) Definition**

Trade Equity refers to when a Borrower trades their Real Property to the seller as part of the cash investment.

##### **(2) Standard**

The amount of the Borrower's equity contribution is determined by:

- using the lesser of the Property's appraised value or sales price; and
- subtracting all liens against the Property being traded, along with any real estate commission.

If the Property being traded has an FHA-insured Mortgage, assumption processing requirements and restrictions apply.

##### **(3) Required Documentation**

The Mortgagee must obtain a residential appraisal report complying with [FHA appraisal policy](#) to determine the Property's value. The Mortgagee must also obtain the Settlement Statement or similar legal document to document the sale of the Property.

###### **(1) Definition**

Rent Credits refer to the amount of the rental payment that exceeds the Appraiser's estimate of fair market rent.

###### **(2) Standard**

The Mortgagee may use the cumulative amount of rental payments that exceeds the Appraiser's estimate of fair market rent towards the MRI.

###### **(3) Required Documentation**

The Mortgagee must obtain the rent with option to purchase agreement, the Appraiser's estimate of market rent, and evidence of receipt of payments.

##### **d. Final Underwriting Decision (Manual)**

The Direct Endorsement (DE) underwriter is ultimately responsible for making an underwriting decision on behalf of their DE Mortgagee in compliance with HUD requirements.

###### **i. Duty of Care/Due Diligence (Manual)**

The underwriter must exercise the same level of care that would be used in underwriting a Mortgage entirely dependent on the Property as security. Compliance with FHA requirements is deemed to be the minimum standard of due diligence required in originating and underwriting an FHA-insured Mortgage.

###### **ii. Specific Underwriter Responsibilities (Manual)**

The underwriter must review each Mortgage as a separate and unique transaction, recognizing that there may be multiple factors that demonstrate a Borrower's ability and willingness to make timely Mortgage Payments to make an underwriting decision on behalf of their DE Mortgagee in compliance with HUD requirements. The underwriter must evaluate the totality of the Borrower's circumstances and the impact of layering risks on the probability that a Borrower will be able to repay the mortgage obligation according to the terms of the Mortgage.

As the responsible party, the underwriter must:

- review appraisal reports, compliance inspections, and credit analyses to ensure reasonable conclusions, sound reports, and compliance with HUD requirements regardless of who prepared the documentation;
- determine the acceptability of the appraisal, the inspections, the Borrower's capacity to repay the Mortgage, and the overall acceptability of the Mortgage for FHA insurance;

#### 5. Manual Underwriting of the Borrower

---

- identify any inconsistencies in information obtained by the Mortgagee in the course of reviewing the Borrower's application regardless of the materiality of such information to the origination and underwriting of a Mortgage; and
- resolve all inconsistencies identified before approving the Borrower's application, and document the inconsistencies and their resolutions of the inconsistencies in the file.

The underwriter must identify and report any misrepresentations, violations of HUD requirements, and fraud to the appropriate party within their organization.

#### iii. Underwriting of Credit and Debt (Manual)

The underwriter must determine the creditworthiness of the Borrower, which includes analyzing the Borrower's overall pattern of credit behavior and the credit report (see [Credit Requirements](#)).

The lack of traditional credit history or the Borrower's decision to not use credit may not be used as the sole basis for rejecting the mortgage application.

Compensating factors cannot be used to compensate for any derogatory credit.

The underwriter must ensure that there are no other unpaid obligations incurred in connection with the mortgage transaction or the purchase of the Property.

#### iv. Underwriting of Income (Manual)

The underwriter must review the income of a Borrower and verify that it has been supported with the proper documentation (see [Income Requirements](#)).

#### v. Underwriting of Assets (Manual)

The underwriter must review the assets of a Borrower and verify that they have been supported with the proper documentation (see [Asset Requirements](#)).

#### vi. Verifying Mortgage Insurance Premium and Mortgage Amount (Manual)

The underwriter must review the MIP and mortgage amount and verify that they have been supported with the proper documentation (see [Underwriting](#)).

#### vii. Calculating Qualifying Ratios (Manual)

##### (A) General Information about Qualifying Ratios

For all transactions, except non-credit qualifying Streamline Refinances, the underwriter must calculate the Borrower's Total Mortgage Payment to Effective Income Ratio (PTI) and the Total Fixed Payment to Effective Income ratio, or DTI,

and verify compliance with the ratio requirements listed in the [Approvable Ratio Requirements Chart](#).

The Mortgagee must exclude any obligation that is wholly secured by existing assets of the Borrower from the calculation of the Borrower's debts, provided the assets securing the debt are also not considered in qualifying the Borrower.

#### **(B) Calculating Total Mortgage Payment**

The total Mortgage Payment includes:

- P&I;
- real estate taxes;
- hazard insurance;
- flood insurance as applicable;
- MIP;
- HOA or condominium association fees or expenses;
- Ground Rent;
- special assessments;
- payments for any acceptable secondary financing; and
- any other escrow payments.

The Mortgagee may deduct the amount of the Mortgage Credit Certificate or Section 8 Homeownership Voucher if it is paid directly to the servicer.

#### **(1) Estimating Real Estate Taxes**

The Mortgagee must use accurate estimates of monthly tax escrows when calculating the total Mortgage Payment.

In New Construction cases, property tax estimates must be based on the land and improvements.

#### **(2) Condominium Utility Expenses**

The portion of a condominium fee that is clearly attributable to utilities may be subtracted from the HOA fees before computing qualifying ratios, provided the Borrower provides proper documentation, such as statements from the utility company.

#### **(3) Temporary Interest Rate Buydowns**

The Mortgagee must use the Note rate when calculating principle and interest for Mortgages that involve a temporary interest rate buydown.

#### (C) Calculating Total Fixed Payment

The Total Fixed Payment includes:

- the total Mortgage Payment; and
- monthly obligations on all debts and liabilities.

#### viii. Approvable Ratio Requirements (Manual)

The maximum Total Mortgage Payment to Effective Income Ratio (PTI) and Total Fixed Payments to Effective Income Ratio, or DTI, applicable to manually underwritten Mortgages are summarized in the matrix below.

The qualifying ratios for Borrowers with no credit score are computed using income only from Borrowers occupying the Property and obligated on the Mortgage. Non-occupant co-Borrower income may not be included.

<b>Lowest Minimum Decision Credit Score</b>	<b>Maximum Qualifying Ratios (%)</b>	<b>Acceptable Compensating Factors</b>
500-579 or No Credit Score	31/43	Not applicable. Borrowers with Minimum Decision Credit Scores below 580, or with no credit score may not exceed 31/43 ratios.  Energy Efficient Homes may have stretch ratios of 33/45.
580 and above	31/43	No compensating factors required.  Energy Efficient Homes may have stretch ratios of 33/45.

#### ix. Documenting Acceptable Compensating Factors (Manual)

The following describes the compensating factors and required documentation that may be used to justify approval of manually underwritten Mortgages with qualifying ratios as described above.

##### (A) Energy Efficient Homes

All Properties meeting the 2000 International Energy Conservation Code (IECC) are Energy Efficient Homes (EEH) and eligible for the two percentage point increase in the EEH qualifying ratios (stretch ratios).

##### (B) Verified and Documented Cash Reserves

Verified and documented cash Reserves may be cited as a compensating factor subject to the following requirements.

- Reserves are equal to or exceed three total monthly Mortgage Payments (one and two units); or
- Reserves are equal to or exceed six total monthly Mortgage Payments (three and four units).

Reserves are calculated as the Borrower's total assets as described in [Asset Requirements](#) less:

- the total funds required to close the Mortgage;
- gifts;
- borrowed funds; and
- cash received at closing in a cash-out refinance transaction or incidental cash received at closing in the mortgage transaction.

##### (C) Minimal Increase in Housing Payment

A minimal increase in housing payment may be cited as a compensating factor subject to the following requirements:

- the new total monthly Mortgage Payment does not exceed the current total monthly housing payment by more than \$100 or 5 percent, whichever is less; and
- there is a documented 12 month housing payment history with no more than one 30 Day late payment. In cash-out transactions all payments on the Mortgage being refinanced must have been made within the month due for the previous 12 months.
- If the Borrower has no current housing payment Mortgagees may not cite this compensating factor.

The Current Total Monthly Housing Payment refers to the Borrower's current total Mortgage Payment or current total monthly rent obligation.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### A. Title II Insured Housing Programs Forward Mortgages

#### 5. Manual Underwriting of the Borrower

---

##### **(D) No Discretionary Debt**

No discretionary debt may be cited as a compensating factor subject to the following requirements:

- the Borrower's housing payment is the only open account with an outstanding balance that is not paid off monthly;
- the credit report shows established credit lines in the Borrower's name open for at least six months; and
- the Borrower can document that these accounts have been paid off in full monthly for at least the past six months.

Borrowers who have no established credit other than their housing payment, no other credit lines in their own name open for at least six months, or who cannot document that all other accounts are paid off in full monthly for at least the past six months, do not qualify under this criterion. Credit lines not in the Borrower's name but for which they are an authorized user do not qualify under this criterion.

##### **(E) Significant Additional Income Not Reflected in Effective Income**

Additional income from Overtime, Bonuses, Part-Time or Seasonal Employment that is not reflected in Effective Income can be cited as a compensating factor subject to the following requirements:

- the Mortgagee must verify and document that the Borrower has received this income for at least one year, and it will likely continue; and
- the income, if it were included in gross Effective Income, is sufficient to reduce the qualifying ratios to not more than 37/47.

Income from non-borrowing spouses or other parties not obligated for the Mortgage may not be counted under this criterion.

This compensating factor may be cited only in conjunction with another compensating factor when qualifying ratios exceed 37/47 but are not more than 40/50.

##### **(F) Residual Income**

Residual income may be cited as a compensating factor provided it can be documented and it is at least equal to the applicable amounts for household size and geographic region found on the Table of Residual Incomes By Region found in the Department of Veterans Affairs (VA) [Lenders Handbook - VA Pamphlet 26-7](#), Chapter 4.9 b and e.

###### **(1) Calculating Residual Income**

Residual income is calculated as total Effective Income of all occupying Borrowers less:

- state income taxes;

#### 5. Manual Underwriting of the Borrower

- federal income taxes;
- municipal or other income taxes;
- retirement or Social Security;
- proposed total Mortgage Payment;
- estimated maintenance and utilities;
- job related expenses (e.g., child care); and
- the amount of the Gross Up of any Non-Taxable Income.

If available, Mortgagees must use federal and state tax returns from the most recent tax year to document state and local taxes, retirement, Social Security and Medicare. If tax returns are not available, Mortgagees may rely upon current pay stubs.

For estimated maintenance and utilities, Mortgagees must multiply the Gross Living Area of the Property by the maintenance and utility factor found in the [Lenders Handbook - VA Pamphlet 26-7](#).

#### (2) Using Residual Income as a Compensating Factor

To use residual income as a compensating factor, the Mortgagee must count all members of the household of the occupying Borrower without regard to the nature of their relationship and without regard to whether they are joining on title or the Note to determine “family size.”

#### Exception

The Mortgagee may omit any individuals from “family size” who are fully supported from a source of verified income which is not included in Effective Income in the mortgage analysis. These individuals must voluntarily provide sufficient documentation to verify their income to qualify for this exception.

From the table provided in [Lenders Handbook - VA Pamphlet 26-7](#), select the applicable mortgage amount, region and household size. If residual income equals or exceeds the corresponding amount on the table, it may be cited as a compensating factor.

### x. Borrower Approval or Denial (Manual)

##### (A) Definitions

For the purpose of the Back to Work – Extenuating Circumstances Policy only:

Economic Event refers to any occurrence beyond the Borrower's control that results in loss of employment, loss of income, or a combination of both, which causes a reduction in the Borrower's household income of 20 percent or more for a period of at least six months.

Onset of an Economic Event refers to the month of loss of employment/income.

Recovery from an Economic Event refers to the re-establishment of Satisfactory Credit.

Any open Mortgages must be current with a 12 month satisfactory payment history. Mortgages may have been brought current through a Loan Modification, "temporary" or "permanent," as long as all payments are documented as being received in accordance with the modification agreement.

Borrower Household Income refers to the gross income of the Borrower and all household members.

FHA does not require a specific form for a damage inspection report.

Streamline Refinances are allowed to proceed to closing and/or endorsement without any additional requirements.

FHA does not require the Appraiser to ensure utilities are on at the time of this inspection if they have not yet been restored for the area.

Damage inspections should be completed by the original Appraiser. However, if the original Appraiser is not available, another FHA Roster Appraiser in good standing with geographic competence in the affected market may be used. If the Mortgagee uses a different Appraiser to inspect the Property, the Appraiser performing the damage inspection must be provided with a complete copy of the original appraisal.

All damages must be repaired by licensed contractors or per local jurisdictional requirements. All damages, regardless of amount, must be repaired and the Property restored to pre-loss condition with appropriate and applicable documentation.

#### iii. Case Binder Submission – Direct Endorsement Non-Lender Insurance

The case binder must be received by the Jurisdictional HOC no later than 60 Days after the Disbursement Date.

##### (A) Late Submission

If the case binder is submitted more than 60 Days after the Disbursement Date, the Mortgagee must submit a late endorsement request, certifying that:

- no Mortgage Payment is currently unpaid;
- all escrow accounts for taxes, hazard insurance and MIPs are current and intact, except for Disbursements that may have been made to cover payments for which the accounts were specifically established; and
- neither the Mortgagee nor its agents provided the funds to bring and/or keep the Mortgage current or to bring about the appearance of an acceptable payment history.

Each late endorsement request must:

- list the FHA case number;
- list the Borrower's name;
- be dated and signed by the Mortgagee's representative; and
- be printed on company letterhead with the Mortgagee's address and telephone number.

##### (B) Assignee Mortgagee

The assignee Mortgagee of a Mortgage may submit the Mortgage for endorsement in its name or the name of the originating Mortgagee. The assignee must also notify the Jurisdictional HOC of the assignment, and verify that the originating Mortgagee completed all certifications.

The Purchasing Mortgagee may pay any required MIP, late charges, and interest.

##### (C) After Receipt of a Notice of Return

If the Jurisdictional HOC issues a Notice of Return (NOR), the Mortgagee may request reconsideration for insurance endorsement. All requests for reconsideration must be received by the Jurisdictional HOC within the 60-Day endorsement submission period or within 30 Days of the issuance of the NOR, whichever is longer.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **7. Post-Closing and Endorsement**

---

If the request for reconsideration is submitted after this time period, the Mortgagee must follow the guidelines for late submission.

Mortgagees submitting paper case binders must submit the original case binder with any request for reconsideration.

#### **iv. Ineligible for Endorsement – Non-Lender Insurance**

##### **(A) Notice of Return (NOR)**

If the Mortgage is ineligible for insurance endorsement, FHAC issues an electronic NOR, which states the reasons for non-endorsement and any corrective actions that the Mortgagee must take.

If the Mortgage is permanently rejected for insurance endorsement, the Mortgagee must notify the Borrower that they do not have an FHA-insured Mortgage and of the circumstances that made the Mortgage ineligible for FHA insurance.

##### **(B) Additional Requirements for Permanently Rejected Mortgages**

The Mortgagee must obtain a refund of both the UFMIP and any periodic MIP paid by or on behalf of the Borrower, and apply the refund to the principal balance of the Mortgage.

##### **(C) Excessive Mortgage Amounts**

An excessive mortgage amount occurs when the Mortgagee closes a Mortgage in an amount higher than what is permitted by FHA requirements. The Mortgage is not eligible for insurance until the amount is reduced to within permissible limits. The Mortgagee may choose to either pay down the principal balance, or re-close the Mortgage to an insurable amount.

The Mortgagee must provide a copy of the payment ledger showing that the principal balance has been paid down to an insurable amount.

#### **v. Endorsement Processing – Lender Insurance**

Once the Mortgagee has completed the entry of all required data, completed the pre-endorsement review, and satisfied itself that the Mortgage meets HUD requirements, it will click “yes” in the Insurance Decision field, enter the FHA Connection ID of the individual insuring the Mortgage, enter the insurance date on the Insurance Application screen and click “send.”

The Mortgagee must endorse the Mortgage no later than 60 Days after the Disbursement Date.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### A. Title II Insured Housing Programs Forward Mortgages

#### 7. Post-Closing and Endorsement

---

##### **Late Submission**

If the Mortgage is endorsed more than 60 Days after the Disbursement Date, the Mortgagee must complete a late endorsement certification stating:

- no Mortgage Payment is currently unpaid;
- all escrow accounts for taxes, hazard insurance and MIPs are current and intact, except for Disbursements that may have been made to cover payments for which the accounts were specifically established; and
- neither the Mortgagee nor its agents provided the funds to bring and/or keep the Mortgage current or to bring about the appearance of an acceptable payment history.

Each late endorsement certification must:

- list the FHA case number;
- list the Borrower's name;
- be dated and signed by the Mortgagee's representative; and
- be printed on company letterhead with the Mortgagee's address and telephone number.

The Mortgagee must retain the certification in the case binder.

##### **vi. Case Warnings – Lender Insurance**

Case warnings are issued by FHAC based on system edits. They identify issues that must be addressed before the Mortgage can be insured. There are two kinds of case warnings: non-severe and severe.

##### **(A) Severe Case Warnings**

Severe case warnings are case warnings that make the Mortgage ineligible for Lender Insurance (LI), which include:

- a Borrower failed or is pending SSN validation;
- a Borrower has a record in CAIVRS;
- the pre-endorsement delinquency status is delinquent; or
- a deficiency exists causing risks to HUD. The requesting HOC will add text to the case warning message screen identifying the reasons requiring submission of the case binder to the HOC for a pre-endorsement review.

Once the severe case warning is corrected, documentation in support of clearing the case warning and the case binder must be submitted to the Jurisdictional HOC for pre-endorsement review and endorsement processing.

##### **(B) Non-severe Case Warnings**

Non-severe case warnings are warnings to provide guidance to the Mortgagee that conditions have been detected and must be researched before the Mortgage can be

endorsed. If, after researching the matter, the Mortgagee determines that HUD requirements have not been violated, the Mortgagee may re-submit the Mortgage for insurance.

By re-submitting the information, the Mortgagee is representing that the warning has been reviewed and the Mortgage is eligible for insurance endorsement. FHAC will then allow the Mortgage to be insured by the Mortgagee.

#### **vii. Mortgagee with Conditional Direct Endorsement Approval (Test Case)**

A Mortgagee who has not yet received unconditional Direct Endorsement (DE) approval must ensure that the required certifications are executed, assemble the closing package, and return the package to the Jurisdictional HOC that underwrote the Mortgage.

For Test Cases, the Mortgagee must:

- submit a complete closing package in the order specified in the Closing Documents Requirements Checklist that is provided to the Mortgagee during the Entrance Conference;
- include credit and property approval conditions (placed at the bottom of the closing package); and
- place a cover sheet identifying the Mortgage as a pre-closing Test Case, along with the FHA case number, as the top sheet inside the package and write “TEST CASE” in large letters on the front of a plain manila folder.

The Mortgagee is not required to resubmit documents previously submitted for approval.

#### **e. Endorsement and Post-Endorsement**

##### **i. Endorsement**

Upon successful completion of a pre-endorsement review either by FHA or the LI Mortgagee, an electronic Mortgage Insurance Certificate (MIC) will be issued.

The Mortgage becomes insured on the date the MIC is issued.

##### **ii. Post-Endorsement**

#### **(A) Confirming Status of the Mortgage Insurance Certificate**

The Mortgagee can confirm the endorsement status of a Mortgage using [FHAC](#) or FHA Connection Business to Government (FHAC-B2G) application.

#### **(B) Obtaining the Mortgage Insurance Certificate**

When requesting the MIC, the Mortgagee must specify whether it is to be prepared in the name of the originator (principal), or authorized agent, as it appears in HUD Systems.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **7. Post-Closing and Endorsement**

---

The MIC will be issued electronically. The Mortgagee can download and print copies of the MIC as needed.

#### **(C) Corrections to the Mortgage Insurance Certificate**

To obtain a correction to the MIC, the Mortgagee must submit the [MIC Correction Request Template](#) to the FHA Resource Center. This form may be used to correct the property address, Borrower name, ADP Code, maturity and first payments dates, P&I, interest rate, SSN, FHA case number, mortgage amount or other information contained in the MIC, or to add a co-Borrower.

#### **(D) Corrections to Original Instruments**

The Mortgagee must follow applicable local law when making corrections to the original instruments.

If new instruments are executed as required by local law, the Mortgagee must submit the new instruments prior to insurance endorsement.

#### **(E) Partial Release of Security**

FHA approval for partial release of security is required except in limited circumstances. See [FHA Servicing Policy](#) for more information.

### **iii. Case Binder Submission – Lender Insurance Mortgagees**

LI Mortgagees must submit the case binder to the Jurisdictional HOC (or other HUD office as identified in the notice) when requested by FHA.

FHA will request the case binder through a daily email notification to the Mortgagee's contact person.

If requested, the LI Mortgagee must submit the case binder within 10 business days of request.

If approved to submit electronic Case Binders (eCBs) to FHA, the LI Mortgagee must submit the eCB through [FHAC](#) through the Insuring, Underwriting Report Screen and Lender Letter screens.

### **iv. Mortgage File Retention**

The Mortgagee must maintain their mortgage file, including the case binder, in either hard copy or electronic format for a period of two years from the date of endorsement.

Mortgagees retaining eCBs are not required to maintain a separate version of the eCB indexed for electronic submission to HUD.

---

#### 8. Programs and Products

##### a. 203(k) Rehabilitation Mortgage Insurance Program

###### i. Overview

The Section 203(k) Rehabilitation Mortgage Insurance Program is used to:

- rehabilitate an existing one- to four-unit Structure, which will be used primarily for residential purposes;
- rehabilitate such a Structure and refinance outstanding indebtedness on the Structure and the Real Property on which the Structure is located; or
- purchase and rehabilitate a Structure and purchase the Real Property on which the Structure is located.

Structure refers to a building that has a roof and walls, and stands permanently in one place that contains single or multiple housing units that are used for human habitation.

Mortgages to be insured under Section 203(k) must be processed and underwritten in accordance with the requirements in [Origination Through Post-Closing/Endorsement](#), except where noted otherwise in this appendix.

##### (A) Types of 203(k) Rehabilitation Mortgages

There are two types of 203(k) rehabilitation Mortgages: Standard 203(k) and Limited 203(k), as described below. The guidance in this appendix is applicable to both Standard 203(k) and Limited 203(k) Mortgages unless noted otherwise.

###### (1) Standard 203(k)

The Standard 203(k) Mortgage may be used for remodeling and repairs. There is a minimum repair cost of \$5,000 and the use of a [203\(k\) Consultant](#) is required.

###### (2) Limited 203(k)

The Limited 203(k) may only be used for [minor remodeling and non-structural repairs](#). The Limited 203(k) does not require the use of a 203(k) Consultant, but a Consultant may be used. The total rehabilitation cost must not exceed \$35,000. There is no minimum rehabilitation cost.

##### (B) Eligible Supplemental Programs and Products

A 203(k) Mortgage may be used in conjunction with the following:

- [Section 203\(h\) Mortgage Insurance for Disaster Victims](#)
- [Energy Efficient Mortgages](#)
- [Solar and Wind Technologies](#)

##### ii. Borrower Eligibility

The Borrower must meet the eligibility requirements found in the [Borrower Eligibility](#) section, and the additional guidance provided here related to nonprofit agency Borrowers.

The Mortgagee must verify and document the nonprofit agency Borrower's caseload. The Mortgagee must review the Nonprofit List in FHA Connection ([FHAC](#)), and ensure the maximum 203(k) case load limitation is not exceeded for nonprofit Borrowers.

##### iii. Property Eligibility

The Property must be an existing Property that has been completed for at least one year prior to the case number assignment date. If the Mortgagee is unsure whether the Property has been completed for at least one year, the Mortgagee must request a copy of the Certificate of Occupancy (CO) or equivalent.

A Property that is not eligible for a 203(b) Mortgage due to health and safety or security issues may be eligible under 203(k) if the rehabilitation or repair work performed will correct such issues.

A Property with an existing 203(k) Mortgage is not eligible to be refinanced until all repairs are completed and the case has been electronically closed out.

The following property types may be financed:

- a one- to four-unit Single Family Structure;
- an individual condominium unit, meeting the following requirements:
  - the unit must be located in an FHA-approved Condominium Project and must comply with all other requirements for condominiums;
  - rehabilitation or improvements are limited to the interior of the unit, except for the installation of firewalls in the attic for the unit;
  - no more than five units per condominium association, or 25 percent of the total number of units, whichever is less, can undergo rehabilitation at any time; and
  - after rehabilitation is complete, the unit is located in a Structure containing no more than four units. For townhouse style condominiums, each townhouse is considered as one Structure, provided each unit is separated by a one and one-half hour firewall from foundation to roof;
- a Site Condominium unit;
- Manufactured Housing where the rehabilitation does not affect the structural components of the Structure that were designed and constructed in conformance with the [Federal Manufactured Home Construction and Safety Standards](#) and must comply with all other requirements for [Manufactured Housing](#);
- a Mixed Use Property with one- to four-residential units, provided:
  - 51 percent of the Gross Building Area (GBA) is for residential use; and
  - commercial use will not affect the health and safety of the occupants of the residential Property; and

- a HUD Real Estate Owned (REO) Property:
  - the Property is identified as eligible for 203(k) financing as evidenced in the sales contract or addendum. Investor purchases of HUD REO Properties are not eligible for 203(k) financing.

#### (A) Seven Unit Limitation

A Mortgagee may determine that units in a neighborhood are not subject to the [Dwelling Unit limitation](#) of no more than seven Dwelling Units within a two block radius when:

- the neighborhood has been targeted by a state or local government for redevelopment or revitalization;
- the state or local government has approved and submitted a plan to HUD describing the program of neighborhood redevelopment and revitalization, including the geographic area targeted for redevelopment, and the nature and proportion of public or private commitments that have been made in support of the redevelopment;
- the nonprofit agency borrower will own no more than 10 percent of the Dwelling Units (regardless of financing type) in the designated redevelopment area; and
- the nonprofit agency borrower will have no more than eight Dwelling Units on adjacent lots.

The Mortgagee must review the approved redevelopment plan to ensure that the units in which the nonprofit agency has or will have a financial interest are located within the targeted geographic area. The Mortgagee must also review public records to determine that the agency does not exceed the limitations on the number of units that they may own in the redevelopment area, and that they have no more than eight adjacent units.

#### (B) Required Documentation

The Mortgagee must obtain the following documentation:

- a copy of the redevelopment plan; and
- evidence that the state or local government approved the plan.

The Mortgagee must submit the documentation to HUD in the case binder.

#### iv. Application Requirements

The Mortgagee must provide the Borrower with the form [HUD-92700-A](#), *203(k) Borrower's Acknowledgment*.

### (2) Improvements Standards

#### (a) General Improvement Standards

All improvements to existing Structures must comply with HUD's MPR. For a newly constructed addition to the existing Structure, the energy improvements must meet or exceed local codes and the requirements of the 2006 International Energy Conservation Code (IECC) or a successor energy code standard that has been adopted by HUD through a Federal Register notice.

#### (b) Specific Improvement Standards

Any addition of a Structure unit must be attached to the existing Structure. Site improvements, landscaping, patios, decks and terraces must increase the As-Is Property Value equal to the dollar amount spent on the improvements or be necessary to preserve the Property from erosion.

### (B) Standard 203(k) Ineligible Improvements/Repairs

The 203(k) mortgage proceeds **may not** be used to finance costs associated with the purchase or repair of any luxury item, any improvement that does not become a permanent part of the subject Property, or improvements that solely benefit commercial functions within the Property, including:

- recreational or luxury improvements, such as:
  - swimming pools (existing swimming pools can be repaired)
  - an exterior hot tub, spa, whirlpool bath, or sauna
  - barbecue pits, outdoor fireplaces or hearths
  - bath houses

### (C) Standard 203(k) Establishing Repairs and Improvements

The Mortgagee must select an FHA-approved 203(k) Consultant from the [FHA 203\(k\) Consultant Roster in FHAC](#). The Mortgagee must not use the services of a Consultant who has demonstrated previous poor performance based on reviews performed by the Mortgagee. The Consultant must inspect the Property and prepare the Work Write-Up and Cost Estimate.

The Work Write-Up refers to the report prepared by a 203(k) Consultant that identifies each Work Item to be performed and the specifications for completion of the repair.

Cost Estimate refers to a breakdown of the cost for each proposed Work Item, prepared by a 203(k) Consultant.

Work Item refers to a specific repair or improvement that will be performed.

#### **Exception for Borrowers Doing Own Work**

For Borrowers performing their own work under a Rehabilitation Self-Help Agreement, the Consultant must identify on the Work Write-Up each Work Item to be performed by the Borrower. The Borrower must not be reimbursed for labor costs.

#### **(D) Standard 203(k) Financeable Repair and Improvement Costs and Fees**

The following repair and improvement costs and fees may be financed:

- costs of construction, repairs and rehabilitation;
- architectural/engineering professional fees;
- the 203(k) Consultant fee subject to the limits in the [203\(k\) Consultant Fee Schedule section](#);
- inspection fees performed during the construction period, provided the fees are reasonable and customary for the area;
- title update fees;
- permits; and
- a Feasibility Study, when necessary to determine if the rehabilitation is feasible.

Any costs for [Energy Efficient Mortgages and Solar Energy Systems](#) must not be included in financeable repair and improvement costs.

For Borrowers performing their own work, the Mortgagee must include the costs for labor and materials for each Work Item to be completed by the Borrower under a [Rehabilitation \(Self-Help\) Loan Agreement](#).

#### **(E) Standard 203(k) Financeable Contingency Reserve**

Contingency Reserve refers to funds that are set aside to cover unforeseen project costs.

The Mortgagee must refer to the following chart to determine when a Contingency Reserve is required. The minimum and maximum Contingency Reserve is established as a percentage of the [Financeable Repair and Improvement Costs](#).

For Structures with an actual age of less than 30 years:

For Structures with an actual age of 30 years or more:

	Minimum	Maximum
Required	10%	20%
Required when utilities are not operable as referenced in the Work Write-Up	15%	20%

The Borrower may provide their own funds to establish the Contingency Reserves. Where the Borrower has provided their own funds for Contingency Reserves, they must be noted under a separate category in the Repair Escrow Account.

#### **(F) Standard 203(k) Financeable Mortgage Payment Reserves**

A Mortgage Payment Reserve refers to an amount set aside to make Mortgage Payments when the Property cannot be occupied during rehabilitation.

A Mortgagee may establish a financeable Mortgage Payment Reserve, not to exceed six months of Mortgage Payments. The Mortgage Payment Reserve may include Mortgage Payments only for the period during which the Property cannot be occupied. The number of Mortgage Payments cannot exceed the completion time frame required in the Rehabilitation Loan Agreement.

For multi-unit properties, if one or more units are occupied, the Mortgage Payment Reserve may only include the portion of the Mortgage Payment attributable to the units that cannot be occupied. To calculate the amount that can be included in the Mortgage Payment Reserve, the Mortgagee will divide the monthly Mortgage Payment by the number of units in the Property, and multiply that figure by the number of units that cannot be occupied. The resulting figure is the amount of the Mortgage Payment that will be paid through the Mortgage Payment Reserve. The Borrower is responsible for paying the servicing Mortgagee the portion of the Mortgage not covered by the Mortgage Payment Reserve.

#### **(G) Standard 203(k) Financeable Mortgage Fees**

#### (H) Standard 203(k) Required Documentation and Review

##### (1) Review of Contractor Qualifications

Prior to closing, the Mortgagee must ensure that a qualified general or specialized contractor has been hired and, by contract, has agreed to complete the work described in the Work Write-Up for the amount of the Cost Estimate and within the allotted time frame. To determine whether the contractor is qualified, the Mortgagee must review the contractor's credentials, work experience and client references, and ensure that the contractor meets all jurisdictional licensing and bonding requirements.

##### (2) Consultant's Work Write-Up and Cost Estimate

The Mortgagee must obtain the Consultant's Work Write-Up and Cost Estimate for all Standard 203(k) Mortgages. The Mortgagee must ensure the Work Write-Up/Cost Estimate specifies the type of repair and cost of each Work Item. The Mortgagee must review the Work Write-Up and ensure that all health and safety issues identified were addressed before, including additional Work Items.

##### (3) Architectural Exhibits

The Mortgagee must obtain and review all applicable [architectural exhibits](#).

#### viii. Appraisals for Standard 203(k) and Limited 203(k)

##### (A) Establishing Value

The Mortgagee must establish both an Adjusted As-Is Value and an After Improved Value of the Property.

##### (1) Appraisal Reports

An appraisal by an FHA Roster Appraiser is always required to establish the After Improved Value of the Property. Except as described below in cases of Property Flipping and refinance transactions, the Mortgagee is not required to obtain an as-is appraisal and may use alternate methods mentioned below to establish the Adjusted As-Is Value. If an as-is appraisal is obtained, the Mortgagee must use it in establishing the Adjusted As-Is Value.

##### (2) Adjusted As-Is Value

The Mortgagee must establish the Adjusted As-Is Value as described below.

##### (a) Purchase Transactions

For purchase transactions, the Adjusted As-Is Value is the lesser of:

- the purchase price less any inducements to purchase; or
- the As-Is Property Value.

The As-Is Property Value refers to the as-is value as determined by an FHA Roster Appraiser, when an as-is appraisal is performed.

In the case of Property Flipping, the Mortgagee must obtain an as-is appraisal if needed to comply with the Property Flipping guidelines.

##### (b) Refinance Transactions

###### (i) Properties Acquired Greater Than or Equal to 12 Months Prior to the Case Assignment Date

The Mortgagee must obtain an as-is appraisal to determine the Adjusted As-Is Value when the existing debt on the Property plus the following items exceeds the After Improved Value:

- Financeable Repairs and Improvement Costs;
- Financeable Mortgage Fees;
- Financeable Contingency Reserves; and
- Financeable Mortgage Payment Reserves (for Standard 203(k) only).

When an appraisal is required, the Adjusted As-Is Value is the As-Is Property Value.

The Mortgagee has the option of using the existing debt or an as-is appraisal to determine the Adjusted As-Is Value when the existing debt on the Property plus the following items does not exceed the After Improved Value:

- Financeable Repairs and Improvement Costs;
- Financeable Mortgage Fees;
- Financeable Contingency Reserves; and
- Financeable Mortgage Payment Reserves (for Standard 203(k) only).

Existing debt includes:

- the unpaid principal balance of the first Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any purchase money junior Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any junior liens over 12 months old as of the date of mortgage Disbursement. If the balance or any

- interest due on the existing Mortgage(s);
- Mortgage Insurance Premium (MIP) due on existing Mortgage;
- any prepayment penalties assessed;
- late charges; and
- escrow shortages.

#### **(ii) Properties Acquired Less Than 12 Months Prior to the Case Assignment Date**

For properties acquired by the Borrower within 12 months of the case number assignment date, an as-is appraisal must be obtained.

The Adjusted As-Is Value is the lesser of:

- existing debt plus fees associated with the new Mortgage; or
- the As-Is Property Value.

Existing debt includes:

- the unpaid principal balance of the first Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any purchase money junior Mortgage as of the month prior to mortgage Disbursement;
- the unpaid principal balance of any junior liens over 12 months old as of the date of mortgage Disbursement. If the balance or any portion of an equity line of credit in excess of \$1,000 was advanced within the past 12 months and was for purposes other than repairs and rehabilitation of the Property, that portion above and beyond \$1,000 of the line of credit is not eligible for inclusion in the new Mortgage;
- interest due on the existing Mortgage(s);
- MIP due on existing Mortgage;
- any prepayment penalties assessed;
- late charges; and
- escrow shortages.

For properties acquired by the Borrower within 12 months of the case assignment date by inheritance or through a gift from a Family Member, the Mortgagee may utilize the calculation of Adjusted As-Is Value for properties acquired greater than or equal to 12 months prior to the case assignment date.

For Secondary Residences, the maximum LTV is 85 percent.

#### (B) Required Documentation

The Mortgagee must obtain the mortgage payoff statement for existing debt.

For properties acquired less than 12 months prior to the case assignment date, the Mortgagee must document the lowest Acquisition Cost in the past 12 months by obtaining a copy of the Settlement Statement or other legal documentation evidencing Acquisition Cost.

If improvements were made to the Property subsequent to the acquisition, the Mortgagee must document the associated cost of the improvements by obtaining the following:

#### xi. Maximum Mortgage Amounts for Energy Efficient Mortgages, Weatherization Items, and Solar Energy Systems

The Mortgagee must calculate the maximum mortgage amount without factoring in the cost of Energy Efficient Mortgage ([EEM](#)) items, [weatherization](#) items, and [solar energy systems](#). The Mortgagee may then add the cost of these improvements to determine the Base Loan Amount. The Base Loan Amount may not exceed 110 percent of the After Improved Value of the Property (100 percent for condominiums).

- a new estimated completion date.

##### (C) Failure to Start or Complete Work

As stated in the [Rehabilitation Loan Agreement](#), the Mortgagee may consider the Mortgage to be in default if work:

- has not started within 30 Days of the Disbursement Date;
- ceases for more than 30 consecutive Days; or
- has not been completed within the established time frame, or an extended time frame approved by the Mortgagee.

If the Mortgagee considers the Mortgage to be in default for failure to start or complete work, and the Mortgage is not in payment default, the Mortgagee must apply any unused rehabilitation funds towards the principal amount.

#### xviii. Rehabilitation Escrow Account

When the Mortgage closes, the Mortgagee must place all proceeds designated for the rehabilitation, including the Contingency Reserve, inspection fees and any Mortgage Payments, in an interest bearing escrow account.

- The Mortgagee must pay the net income earned by the rehabilitation escrow account to the Borrower through an agreed upon method of payment.
- The Mortgagee may allow net income to accumulate and be paid in one lump sum after completion of the rehabilitation.
- The Mortgagee that is the custodian of the repair escrow funds is responsible for ensuring all funds from the escrow account are properly distributed.

##### (A) Accounting of 203(k) Rehabilitation Funds

The Mortgagee must utilize an accounting system that records all transactions from the rehabilitation escrow account and which documents the amount escrowed for each of these categories:

- repairs
- Contingency Reserve
- inspection fees
- title update fees
- Mortgage Payments
- other fees (i.e., architectural and engineering fees, Consultant fees, permits, supplemental origination fee and discount points on repair costs)

The accounting system must provide:

- the Borrower's name and property address
- the FHA case number
- the closing date
- the scheduled completion date
- the amount of funds in the rehabilitation escrow account
- the interest rate provided on the escrow account

For each draw on the escrow account, the accounting system must record:

- a list of Disbursements
- the number of Days in escrow
- the amount of money in the account
- the interest earned for the applicable time period
- the balance of interest remaining in the account

##### (B) Project Management

Mortgagees must ensure work is completed on schedule and workmanship is acceptable.

When notified of an issue, Mortgagees must intercede in disagreements among Borrowers, contractors, or Consultants.

###### (1) Health and Safety

The Mortgagee must ensure that all health and safety items not in the original Work Write-Up or work plan that are discovered during the rehabilitation period are addressed by completion of a change order.

###### (2) Change Order Request

The Mortgagee must obtain form [HUD-92577](#), *Request for Acceptance of Changes in Approved Drawings and Specifications*, from the Consultant or

---

inspector if there are any deviations from the Work Write-Up. The Mortgagee must approve the change order before any work can be done.

#### **(C) Escrow Administration**

The Mortgagee is fully responsible for authorizing draw inspections, managing the rehabilitation escrow account, and approving the associated draws from the account.

It is the Mortgagee's responsibility to ensure that any inspections are completed in a quality and timely manner, regardless of who performs the inspections.

#### **(1) Release of Funds**

The Mortgagee may release funds only when repairs and improvements per the draw request, whether made by the contractor or Borrower, meet all federal, state, and local laws, codes and ordinances, including any required permits and inspections.

The Mortgagee may release funds for lead-based paint stabilization only when a state- or EPA-certified lead-based paint inspector, certified risk assessor or sampling technician, independent of the firm that performed the stabilization, performs the clearance examination and clearance is obtained.

For an existing Structure moved to a new foundation or a Structure that will be elevated, the Mortgagee must not release mortgage proceeds for the existing Structure on the non-mortgaged Property until the new foundation has been properly inspected and the Structure has been properly placed and secured to the new foundation.

The Mortgagee must obtain Lien Waivers, or equivalent, at the time of any Disbursement of funds to ensure the validity of the first lien on the Property. If all Work Items performed by a contractor have not been completed at the time of draw request, the Mortgagee must obtain a partial conditional Lien Waiver for the Work Items that have been completed for each draw request.

For repairs made by the Borrower under a self-help agreement, the Mortgagee is permitted to release funds for materials only.

When the Rehabilitation Escrow Account includes Mortgage Payment Reserves, the Mortgagee must make monthly Mortgage Payments directly from the interest bearing reserve account. Once the Property is able to be occupied, application of the Mortgage Payment Reserves will cease. Mortgage Payment Reserves remaining in the reserve account after occupancy of the Property must be used to reduce the mortgage principal.

##### (a) Draw Request

The Mortgagee must obtain an executed form [HUD-9746-A](#), *Draw Request Section 203(k)*, from the 203(k) Consultant, or from the Borrower when there is no 203(k) Consultant, requesting the release of escrow funds for completed Work Items.

The Mortgagee must review and approve each draw request to ensure that the work for which funds are being requested has been completed satisfactorily and that the form has been properly executed by the Borrower, contractor and Consultant, if any.

The Mortgagee may not approve a draw request for work that is not yet complete.

The Mortgagee may not approve draw requests for materials for work that is not completed, except for:

- materials costs for items prepaid by the Borrower in cash or by the contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date; and
- up to 50 percent of materials costs for items, not yet paid for by the Borrower or contractor, where a contract is established with the supplier and an order is placed with the manufacturer for delivery at a later date.

##### (b) Change Orders

Work must be 100 percent complete on each change order item before the release of funds for the Work Items from the rehabilitation escrow account.

##### (c) Holdbacks

The Mortgagee must hold back 10 percent of each draw request prior to release of funds from the rehabilitation escrow account.

##### Exception

When a subcontractor is 100 percent complete with a Work Item, the work completed is acceptable to the inspector, and the contractor and subcontractor provide the necessary Lien Waivers, or equivalent, the Mortgagee is not required to hold back funds; the Mortgagee has discretion to hold back funds if not required.

##### (d) Timeliness of Release

The Mortgagee must release funds within five business days after receipt of a properly executed draw request and title update when necessary.

##### **(i) Standard 203(k) Release of Funds**

###### **Maximum Draw Requests**

The Mortgagee may approve a maximum of five draw requests (four intermediate and one final).

###### **Contingency Reserve**

To allow use of contingency funds for improvements other than health and safety when rehabilitation is incomplete, the Mortgagee must determine that it is unlikely that any health or safety deficiency will be discovered, and that the Mortgage will not exceed 95 percent of the appraised value.

When the rehabilitation is complete, the Borrower may use the Contingency Reserve account to fund additional improvements not included in the original Work Write-Up.

The Mortgagee must obtain a change order detailing the additional improvements, including the costs of labor and materials.

The Mortgagee must inform the Borrower in writing of the approval or rejection of the request to use funds from the Contingency Reserve account for additional improvements within five business days.

###### **Method of Payment**

The Mortgagee will release escrow funds upon completion of the rehabilitation in compliance with the Work Write-Up.

The Mortgagee must issue checks to both the Borrower and contractors as co-payees, unless the Borrower provides written authorization, at each draw, to issue the check directly to the contractor.

The Mortgagee may issue the check directly to the Borrower alone if the release is for:

- materials for work performed under a self-help agreement; or
- materials for items prepaid by the Borrower under contract with the supplier.

##### **(ii) Limited 203(k) Release of Funds**

###### **Maximum Number of Draw Requests**

When necessary, the Mortgagee may arrange a payment schedule, not to exceed two releases, per specialized contractor (an initial release plus a final release).

#### **Total Repair Costs Less Than or Equal to \$15,000**

The Mortgagee must ensure that the repairs and/or improvements have been completed by obtaining contractor's receipts or a signed [Borrower's Letter of Completion](#). The Mortgagee is not required to perform or have others perform inspections of the completed work.

The Mortgagee may choose to obtain or perform inspections if they believe such actions are necessary for program compliance or risk mitigation. If the Mortgagee determines that an inspection by a third party is necessary to ensure proper completion of the proposed repair or improvement item, the Mortgagee may charge the Borrower for the costs of no more than two inspections per contractor.

#### **Total Repair Costs Exceeding \$15,000**

The Mortgagee must ensure that the repairs and/or improvements have been completed by performing an inspection or by obtaining an inspection by a third party to determine that the repairs have been satisfactorily completed. The Mortgagee must obtain a signed [Borrower's Letter of Completion](#).

#### **Contingency Reserve**

The Mortgagee must ensure funds escrowed in the Contingency Reserve are used solely to pay for the proposed repairs or improvements and any unforeseen items related to these repair items.

#### **Method of Payment**

The Mortgagee will release rehabilitation escrow funds upon completion of the rehabilitation in compliance with the work plan.

The Mortgagee may issue checks solely to the contractor, or issue checks to the Borrower and the contractor as co-payees.

The Mortgagee may issue the check directly to the Borrower alone if the release is for:

- materials for work performed under a self-help agreement; or
- materials for items prepaid by the Borrower under contract with the supplier.

### (2) Final Escrow Closeout

The Mortgagee must include the interest earned in the final payment on the rehabilitation escrow account and may include the total of all [holdbacks](#). However, if it is required to protect the priority of the security instrument, the Mortgagee may retain the holdback for a period not to exceed 35 Days (or the time period required by law to file a lien, whichever is longer), to ensure compliance with state Lien Waiver laws or other state requirements.

#### (a) Standard

##### (i) Standard 203(k)

Before final release of rehabilitation escrow funds, the Mortgagee must approve the final inspection and draw request signed by the Consultant, contractor, and Borrower.

##### (ii) Limited 203(k)

Before a final release is made to any contractor, the Mortgagee must determine that all work by the contractor has been completed, is acceptable by the Borrower, and all necessary inspections have been made with acceptable documentation.

#### (b) Required Documentation for both Standard 203(k) and Limited 203(k)

The Mortgagee must:

- obtain the [Borrower's Letter of Completion](#) signed by the Borrower indicating satisfaction with the completed work and requesting a final inspection and final release of funds;
- obtain a CO, or equivalent, if required by the local jurisdiction;
- obtain all inspections required by the local jurisdiction;
- complete the [Final Release Notice](#) authorizing the final payment;
- provide the Mortgagee's extension approval if applicable; and
- obtain a release of any and all liens arising out of the contract or submission of receipts, or other evidence of payment covering all subcontractors or suppliers who could file a legal claim.

### (3) Contingency Release

The Mortgagee must inform the Borrower of its approval or rejection of the Borrower's request for funds to be made available from the Contingency Reserve account for the purpose of improvements.

A Borrower who established the Contingency Funds with their own funds may receive a refund of their funds, or may request the remaining funds be applied towards the principal balance.

For Standard 203(k), the Mortgagee must either make funds available for additional improvements or apply the funds towards the principal balance if the Contingency Reserve was financed.

For Limited 203(k), the Mortgagee must apply the funds towards the principal balance if the Contingency Reserve was financed.

#### (4) Mortgage Payment Reserve

Mortgage Payment Reserves remaining in the reserve account after the Final Release Notice is issued must be used to reduce the mortgage principal.

#### (5) Electronic Closeout

##### (a) Standard

After the rehabilitation escrow account is closed, the Mortgagee must complete the “Escrow Closeout Certification” screen in [FHAC](#) within 30 Days after the escrow account is closed.

##### (b) Required Documentation

The Mortgagee must certify that the following documents were reviewed and verified for accuracy:

- [Final Release Notice](#)
- [Borrower’s Letter of Completion](#)
- title update/Lien Waivers
- draw request forms and inspection reports
- change orders
- Mortgagee accounting of the rehabilitation escrow account and payment ledgers
- contingency release letters

#### xix. Quality Control

HUD will hold Mortgagees and 203(k) Consultants fully accountable for the mortgage proceeds.

Mortgagees must exercise due diligence with regard to the full scope of the 203(k) Consultant's services. Standards for the 203(k) Consultant's performance must be clearly defined in the Mortgagee's Quality Control Plan and should be provided to each Consultant that the Mortgagee relies on in the 203(k) program. Mortgagees must evaluate

and document the performance of these Consultants on at least an annual basis, to include a review of the Consultant's actual work product.

#### xx. Servicing

##### (A) Delinquencies

If the Mortgage is [delinquent](#), the Mortgagee may refuse to make further releases from the rehabilitation escrow account.

##### (B) Payment Default

The project must stop if the Mortgage is in payment [default](#). The Mortgagee must obtain an inspection of all repairs that have been completed up until this point by the 203(k) Consultant for a Standard 203(k), or for a Limited 203(k) by a third party. The Mortgagee may approve a release of funds for Work Items that have already been completed as of the date the work was stopped.

The inspection obtained by the Mortgagee must also note any items that are required to be completed to protect the interest of the collateral from deteriorating, such as a roof, and health and safety items for a Property that is occupied. The Mortgagee must ensure the completion of any Work Item that the inspection determines is necessary to protect the occupants and/or the collateral. The Mortgagee may use the services of the mortgagor's contractor, if appropriate, or may engage the services of another qualified contractor to complete the Work Item. The Mortgagee may approve a subsequent release of funds for that Work Item.

The Mortgagee has the option to call the Mortgage due and payable.

If the default is cured, the project may resume.

##### (C) Bankruptcy

The Mortgagee may not approve further advances if the Borrower declares bankruptcy unless otherwise required by law or as needed to protect FHA's first lien position. The Mortgagee must obtain an inspection of all repairs that have been completed by the 203(k) Consultant for a Standard 203(k), or for a Limited 203(k) by a third party. The Mortgagee may approve a release of funds for Work Items that have already been completed as of the date the work was stopped.

##### (D) Foreclosure of Mortgage during Rehabilitation Period

In the event of a foreclosure during rehabilitation, the Mortgagee must obtain a final inspection to determine the amount of work that has been completed since the start of construction and the cost for the work.

##### b. Disasters and 203(h) Mortgage Insurance for Disaster Victims

###### i. Definition

Section 203(h) of the National Housing Act authorizes FHA to insure Mortgages to victims of a Presidentially-Declared Major Disaster Area (PDMDA) for the purchase or reconstruction of a Single Family Property.

Mortgages to be insured under Section 203(h) must be processed and underwritten in accordance with the regulations and requirements applicable to the 203(b) program. Where 203(b) program guidance conflicts with the specific requirements on Section 203(h) Mortgages provided below, this specific guidance shall control.

###### ii. Eligibility Requirements

###### (A) Borrower Eligibility

###### (1) Application Deadline

The FHA case number must be assigned within one year of **the date the PDMDA is declared**, unless an additional period of eligibility is provided.

###### (2) Principal Residence

The mortgaged Property must be the Borrower's Principal Residence.

###### (3) Credit Score

The Borrower must have a minimum credit score of 500.

###### (B) Property Eligibility

The previous house (owned or rented) must have been located in a PDMDA and destroyed or damaged to such an extent that reconstruction or replacement is necessary. A list of the specified affected counties and cities and corresponding disaster declarations are provided by the Federal Emergency Management Agency ([FEMA](#)).

The purchased or reconstructed Property must be a Single Family Property or a unit in an FHA-approved Condominium Project.

###### (C) Minimum Required Investment/Maximum Loan-to-Value

The Borrower is not required to make the Minimum Required Investment (MRI). The maximum Loan-to-Value (LTV) ratio limit is 100 percent of the **Adjusted Value**. If a 203(k) is used in conjunction with a 203(h), the 203(k) LTV applies.

#### **8. Programs and Products - Disasters and 203(h) Mortgage Insurance for Disaster Victims**

---

##### **(D) Underwriting**

The Mortgagee should be as flexible as prudent decision making permits.

The Mortgagee is required to make every effort to obtain traditional documentation regarding employment, assets, and credit, and must document their attempts. Where traditional documentation is unavailable, the Mortgagee may use alternative documentation as outlined below. Where specific requirements are not provided below, the Mortgagee may use alternative documentation that is reasonable and prudent to rely upon in underwriting a Mortgage.

##### **(1) Credit**

For Borrowers with derogatory credit, the Mortgagee may consider the Borrower a satisfactory credit risk if the credit report indicates satisfactory credit prior to a disaster, and any derogatory credit subsequent to the date of the disaster is related to the effects of the disaster.

##### **(2) Income**

If prior employment cannot be verified because records were destroyed by the disaster, and the Borrower is in the same/similar field, then FHA will accept W-2s and tax returns from the Internal Revenue Service (IRS) to confirm prior employment and income.

The Mortgagee may also include short-term employment obtained following the disaster in the calculation of Effective Income.

##### **(3) Liabilities**

When a Borrower is purchasing a new house, the Mortgagee may exclude the Mortgage Payment on the destroyed residence located in a PDMDA from the Borrower's liabilities. To exclude the Mortgage Payments from the liabilities, the Mortgagee must:

- obtain information that the Borrower is working with the servicing Mortgagee to appropriately address their mortgage obligation; and
- apply any property insurance proceeds to the Mortgage of the damaged house.

##### **(4) Assets**

If traditional asset documentation is not available, the Mortgagee may use statements downloaded from the Borrower's financial institution website to confirm the Borrower has sufficient assets to close the Mortgage.

### **A. Title II Insured Housing Programs Forward Mortgages**

#### **8. Programs and Products - Disasters and 203(h) Mortgage Insurance for Disaster Victims**

---

##### **(5) Housing Payment History**

The Mortgagee may disregard any late payments on a previous obligation on a Property that was destroyed or damaged in the disaster where the late payments were a result of the disaster and the Borrower was not three or more months delinquent on their Mortgage at the time of the disaster.

The Mortgagee may justify approval if the Borrower was three or more months delinquent if extenuating circumstances are documented by the Mortgagee.

##### **iii. Eligibility Documentation Requirements**

The Mortgagee must document and verify that the Borrower's previous residence was in the disaster area, and was destroyed or damaged to such an extent that reconstruction or replacement is necessary. Documentation attesting to the damage of the previous house must accompany the mortgage application. If purchasing a new house, the house need not be located in the area where the previous house was located.

##### **iv. Refinancing Policy**

Refinancing is permitted in conjunction with rehabilitation.

##### **v. Using Section 203(k) with 203(h) for Rehabilitation**

Damaged residences located in a PDMDA are eligible for Section 203(k) mortgage insurance regardless of the age of the Property. The residence only needs to have been completed and ready for occupancy for eligibility under Section 203(k). All other Section 203(k) policy must be followed.

##### c. Energy Efficient Mortgages

###### i. Definitions

The Energy Efficient Mortgage (EEM) program allows the Mortgagee to offer financing for cost-effective energy efficient improvements to an existing Property at the time of purchase or refinancing, or for upgrades above the established residential building code for New Construction.

Cost-Effective refers to the costs of the energy efficiency improvements that are less than the present value of the energy saved over the estimated useful life of those improvements.

###### ii. Eligibility

###### (A) Eligible Property Types

EEM may be used with:

- New Construction Properties (one- to four-units);
- Existing Construction Properties (one- to four-units);
- condominiums (one unit); or
- Manufactured Housing.

###### (B) Eligible Programs and Transactions Types

The EEM program can be used in conjunction with any mortgage insurance under Title II, including:

- [203\(b\)](#)
  - Purchase
  - No cash-out refinance
- [203\(h\) Mortgage Insurance for Disaster Victims](#)
- [203\(k\) \(Standard and Streamlined\)](#)
- [Weatherization Policy](#) (Existing Construction only)

###### iii. Standard

###### Energy Package

The energy package is the set of improvements agreed to by the Borrower based on recommendations and analysis performed by a qualified home energy rater. The improvements can include energy-saving equipment, and active and passive solar and wind technologies. The energy package can include materials, labor, inspections, and the home energy assessment by a qualified energy rater. If the Borrower desires, labor may include the cost of an EEM Facilitator (general contractor).

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### A. Title II Insured Housing Programs Forward Mortgages

#### 8. Programs and Products - Energy Efficient Mortgages

---

##### (A) Cost-Effective Test

The financed portion of an energy package must be cost-effective. A cost-effective energy package is one where the cost of the improvements, including maintenance and repair, is less than the value of the energy saved over the estimated useful life of those improvements.

##### (B) Cost-effective Test for New Construction

For New Construction, the financed portion of an energy package includes only those cost-effective energy improvements over and above the greater of the following:

- the requirements of the [2006 International Energy Conservation Code](#) (IECC), or a successor energy code standard that has been adopted by HUD for its Minimum Property Standards (MPS), pursuant to [42 U.S.C. § 12709](#); or
- the applicable IECC year used by the state or local building code for New Construction.

More information on this energy code can be obtained from the [Department of Energy](#) or the [International Code Council](#).

##### (C) Changes to the Energy Package after Mortgage Closing

If the work that is done differs from the approved energy package, a change order along with a revised home energy audit must be submitted to the Direct Endorsement (DE) underwriter for approval. If the changes still meet the cost-effective test, no further analysis is required. If not, the funds for the work not included in the approval energy package must be used to pay down the mortgage principal.

#### iv. Home Energy Report/Assessment

The Borrower must obtain a home energy assessment. The purpose of the energy assessment under the EEM program is to identify opportunities for improving the energy efficiency of the home and their cost-effectiveness. The assessment must be conducted by a qualified energy rater, assessor, or auditor using whole-home assessment standards, protocols and procedure.

##### (A) Qualifications of Energy Raters/Assessors

Qualified home energy rates/assessors must be trained and certified as one of the following:

- Building Performance Institute Building Analyst Professional
- Building Performance Institute Home Energy Professional Energy Auditor
- Residential Energy Services Network Home Energy Rater

The home energy report must reflect one of the above professional credentials by the rater/assessor.

#### 8. Programs and Products - Energy Efficient Mortgages

---

Where applicable, qualified energy raters, assessors, or auditors must also meet local or state jurisdictional requirements for conducting residential energy audits or assessments, including training, certification, licensure, and insurance requirements.

#### **(B) Home Energy Report**

The home energy report reflects recommendations of energy-saving improvements for the Borrower's consideration. Included with the recommendations are estimates of energy savings and cost-effective analysis for each of the suggested improvements. These estimates consider energy costs in today's dollars (present value). The Mortgagee must use the energy-savings information from the home energy report to determine that the cost-effective test is met for the financed energy package.

#### **(C) Home Energy Report for New Construction**

On newly constructed housing, the home energy report must identify improvements that are over and above the greater of the following:

- the requirements of the [2006 IECC](#), or a successor energy code standard that has been adopted by HUD for its MPS, pursuant to [42 U.S.C. § 12709](#); or
- the applicable IECC year used by the state or local building code for New Construction.

#### **(D) Required Documentation**

The Mortgagee must obtain a copy of the home energy report. This report must not be greater than 120 Days old.

The Mortgagee must submit two forms [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary* as described in the Underwriting Section below.

#### **v. Maximum Financeable Energy Package**

The maximum amount of the energy package that can be added to the Base Loan Amount is the lesser of:

- the dollar amount of a cost-effective energy package as determined by the home energy audit; or
- the lesser of 5 percent of:
  - the Adjusted Value;
  - 115 percent of the median area price of a Single Family dwelling; or
  - 150 percent of the national conforming mortgage limit.

#### **Energy Efficient Mortgage Calculator Tool**

The Mortgagee must calculate the dollar amount of a cost-effective energy package as determined by the home energy audit, as shown in [Energy Package](#). The EEM Calculator, located in FHA Connection ([FHAC](#)) on the Case Processing screen, will perform the

---

calculation of [Maximum Financeable Energy Package](#). The EEM Calculator uses data entered for the Mortgage to calculate the maximum energy package.

For a Streamline Refinance, the EEM Calculator uses the appraised value from the initial transaction, contained within FHA Connection records, as the Adjusted Value.

#### vi. Maximum Mortgage Amount

The maximum final Base Loan Amount is determined by adding the maximum financeable energy package amount to the initial maximum Base Loan Amount. For New Construction, the cost of the financeable energy package must be subtracted from the sales price when computing the Adjusted Value.

When utilizing an EEM in conjunction with a [203\(k\)](#) or [Weatherization](#), the items included in the maximum financeable energy package must be excluded from the items included when calculating the initial maximum Base Loan Amount under these programs.

The maximum FHA [Nationwide Mortgage Limit](#) for an area may be exceeded by the maximum financeable energy package.

#### vii. Underwriting

The Mortgagee must calculate the Borrower's debt ratios using the initial Base Loan Amount plus the portion of the Upfront Mortgage Insurance Premium (UFMIP) attributable to the initial Base Loan Amount.

#### (A) TOTAL Mortgage Scorecard

For purposes of submission to the Technology Open To Approved Lenders (TOTAL) Mortgage Scorecard, the Mortgagee must utilize the initial Base Loan Amount prior to the addition of the financeable energy package.

If the Mortgagee obtains an Accept or Approve on a mortgage application that does not include the financeable energy package, FHA will recognize the risk rating from TOTAL Mortgage Scorecard and permit the increase to the Mortgage Payment without re-underwriting or rescoring. The Mortgagee must provide a form [HUD-92900-LT](#), *FHA Loan Underwriting and Transmittal Summary*, without the financeable energy package, showing the qualifying ratios in the case binder. A second form [HUD-92900-LT](#) must be completed by the underwriter showing mortgage amount calculation that includes the financeable energy package, as reflected in [FHAC](#). The second form must also be included in the case binder.

The underwriter must attest on the second form [HUD-92900-LT](#) that they have reviewed the calculations associated with the energy efficient improvements and found the Mortgage and the Property to be in compliance with FHA's underwriting instructions.

##### **(B) Manual Underwriting**

The Mortgagee must provide a form [HUD-92900-LT](#), without the financeable energy package, showing the qualifying ratios in the case binder. A second form [HUD-92900-LT](#) must be completed by the underwriter showing mortgage amount calculation that includes the financeable energy package, as reflected in [FHAC](#). The second form must also be included in the case binder.

The underwriter must attest on the second form [HUD-92900-LT](#) that they have reviewed the calculations associated with the energy efficient improvements and found the Mortgage and the Property to be in compliance with FHA's underwriting instructions.

##### **viii. Appraisals**

For Existing and New Construction, the appraisal does not need to reflect the value of the energy package that will be added to the Property. If the appraisal does include the value of the energy package, the value must be subtracted from the Property Value when computing the Adjusted Value.

On the 203(k) program, the After Improved Value is to be used for the EEM process.

##### **ix. Cash-Out**

The Borrower may not receive cash back from the mortgage transaction. If an excess exists, funds must be applied to the principal Mortgage balance.

##### **x. Energy Efficient Mortgage Escrows**

For all Mortgages on existing Properties, except 203(k), if the energy package items are not complete by the time of closing, the Mortgagee must establish an escrow account for the remaining cost of the energy improvements in accordance with the [Repair Completion Escrow Requirements](#).

##### **(A) 203(k)**

If the energy package is part of a Section 203(k) Rehabilitation Mortgage, then the escrowed amounts of the energy package must be included in the Rehabilitation Escrow Account.

##### d. Refinances

###### i. Overview

###### (A) Definition

A Refinance Transaction is used to pay off the existing debt or to withdraw equity from the Property with the proceeds of a new Mortgage for a Borrower with legal title to the subject Property.

###### (B) Types of Refinances

###### (1) Cash-Out

A Cash-Out Refinance is a refinance of any Mortgage or a withdrawal of equity where no Mortgage currently exists, in which the mortgage proceeds are not limited to specific purposes.

###### (2) No Cash-Out

A No Cash-Out Refinance is a refinance of any Mortgage in which the mortgage proceeds are limited to the purpose of extinguishing the existing debt and costs associated with the transaction. FHA offers three types of no cash-out refinances:

###### (a) Rate and Term

Rate and Term refers to a no cash-out refinance of any Mortgage in which all proceeds are used to pay existing mortgage liens on the subject Property and costs associated with the transaction.

###### (b) Simple Refinance

Simple Refinance refers to a no cash-out refinance of an existing FHA-insured Mortgage in which all proceeds are used to pay the existing FHA-insured mortgage lien on the subject Property and costs associated with the transaction.

###### (c) Streamline Refinance

Streamline Refinance refers to the refinance of an existing FHA-insured Mortgage requiring limited Borrower credit documentation and underwriting. There are two different streamline options available.

###### (i) Credit Qualifying

The Mortgagee must perform a credit and capacity analysis of the Borrower, but no appraisal is required.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### A. Title II Insured Housing Programs Forward Mortgages

#### 8. Programs and Products - Refinances

---

##### **(ii) Non-Credit Qualifying**

The Mortgagee does not need to perform credit or capacity analysis or obtain an appraisal.

##### **(3) Refinance of Borrowers in Negative Equity Positions (also known as Short Refinance)**

A Borrower who is current on their non FHA-insured Mortgage may qualify for an FHA-insured refinance Mortgage provided that the Mortgagee or Investor writes off at least 10 percent of the unpaid principal balance of the existing first lien Mortgage. (See [Refinance of Borrowers in Negative Equity Positions Program \(Short Refi\)](#)).

##### **(4) Refinances for the Purpose of Rehabilitation or Repair**

A Borrower may refinance existing debts and obtain additional financing for purposes of rehabilitation and repair. Refer to [203\(k\) Rehabilitation Mortgage Insurance Program](#) for guidelines for refinances under FHA's Section 203(k) program.

##### **(5) Refinancing of an Existing Section 235 Mortgage**

An existing Section 235 Mortgage may be refinanced as any no cash-out refinance.

In refinancing a Section 235 Mortgage, the Mortgagee is required to repay to FHA any amount of excess subsidy. The outstanding principal balance on a Section 235 is calculated by adding back to the balance any amount of the excess subsidy paid to FHA.

If FHA has a junior lien that was part of the original Section 235 financing, FHA will subordinate the junior lien to the Section 203(b) Mortgage that refinances the Section 235 Mortgage.

#### **ii. General Eligibility**

##### **(A) FHA-Insured to FHA-Insured Refinances (FHA-to-FHA)**

FHA-to-FHA refinances may be used with any refinance type. The Mortgagee must obtain a Refinance Authorization Number from FHA Connection ([FHAC](#)) for all FHA-to-FHA refinances.

##### **(B) General Borrower Eligibility**

At least one Borrower on the refinancing Mortgage must hold title to the Property being refinanced prior to case number assignment.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

#### 8. Programs and Products - Refinances

---

#### (C) General Property Eligibility

For a transaction involving a Manufactured Home to be considered a refinance, the Manufactured Home must have been permanently erected on a site for more than twelve months prior to case number assignment.

#### (D) General Mortgage Eligibility

##### (1) Standard

For cases endorsed on or before September 30, 2015, the Mortgagee must not approve any Mortgage that refinances or otherwise replaces a Mortgage that has been subject to eminent domain condemnation or seizure, by a state, municipality, or any other political subdivision of a state.

##### (2) Required Documentation

If the Mortgage to be insured is located in an area where a state, municipality, or other political subdivision has exercised eminent domain condemnation or seizure of a Mortgage, the Mortgagee must obtain a certification from the Borrower stating the Mortgage being refinanced was not subject to eminent domain condemnation or seizure.

#### iii. Temporary Interest Rate Buydowns

Temporary interest rate buydowns are not permitted with refinance transactions.

#### iv. Upfront Mortgage Insurance Premium Refunds

If the Borrower is refinancing their current FHA-insured Mortgage to another FHA-insured Mortgage within 3 years, a refund credit is applied to reduce the amount of the Upfront Mortgage Insurance Premium (UFMIP) paid on the refinanced Mortgage, according to the refund schedule shown in the table below:

Upfront Mortgage Insurance Premium Refund Percentages

##### v. Cash-Out Refinances

###### (A) Borrower Eligibility

Nonprofit agencies, state and local government agencies and Instrumentalities of Government are not eligible for cash-out refinances. Income from a non-occupant co-Borrower may not be used to qualify for a cash-out refinance.

###### (1) Occupancy Requirements

###### (a) Standard

Cash-out refinance transactions are only permitted on owner-occupied Principal Residences.

The Property securing the cash-out refinance must have been owned and occupied by the Borrower as their Principal Residence for the 12 months prior to the date of case number assignment.

###### Exception

In the case of inheritance, a Borrower is not required to occupy the Property for a minimum period of time before applying for a cash-out refinance, provided the Borrower has not treated the subject Property as an Investment Property at any point since inheritance of the Property. If the Borrower rents the Property following inheritance, the Borrower is not eligible for cash-out refinance until the Borrower has occupied the Property as a Principal Residence for at least 12 months.

###### (b) Required Documentation

The Mortgagee must review the Borrower's employment documentation or obtain utility bills to evidence the Borrower has occupied the subject Property as their Principal Residence for the 12 months prior to case number assignment.

###### (2) Payment History Requirements

###### (a) Standard

The Mortgagee must document that the Borrower has made all payments for all their Mortgages within the month due for the previous 12 months or since the Borrower obtained the Mortgages, whichever is less.

Additionally, the payments for all Mortgages secured by the subject Property must have been paid within the month due for the month prior to mortgage Disbursement.

### **(B) Maximum Mortgage Amounts**

#### **(1) Standard**

##### **(a) Maximum Loan-to-Value**

The maximum LTV is 85 percent of the Adjusted Value.

##### **(b) Maximum Combined Loan-to-Value**

The maximum CLTV is 85 percent of the Adjusted Value.

##### **(c) Nationwide Mortgage Limit**

The combined mortgage amount of the first Mortgage and any subordinate liens cannot exceed the [Nationwide Mortgage Limit](#) described in [National Housing Act's Statutory Limits](#).

#### **(2) Required Documentation**

The Mortgagee must obtain the payoff statement for all existing Mortgages.

##### **(b) Payment History Requirements (Manually Underwritten)**

###### **(i) Standard**

For manually underwritten Mortgages with less than six months of Mortgage Payment history, the Borrower must have made all payments within the month due.

For manually underwritten Mortgages with greater than six months history, the Borrower must have made all Mortgage Payments within the month due for the six months prior to case number assignment and have no more than one 30-Day late payment for the previous six months for all Mortgages.

The Borrower must have made the payments for all Mortgages secured by the subject Property for the month prior to mortgage Disbursement.

###### **(ii) Required Documentation**

If the Mortgage on the subject Property is not reported in the Borrower's credit report, the Mortgagee must obtain a verification of Mortgage to evidence payment history for the previous 12 months.

##### **(2) Maximum Mortgage Amount**

###### **(a) Maximum Loan-to-Value Ratio**

The maximum LTV for a Rate and Term refinance is:

- 97.75 percent for Principal Residences that have been owner-occupied for previous 12 months, or owner-occupied since acquisition if acquired within 12 months, at case number assignment;
- 85 percent for a Borrower who has occupied the subject Property as their Principal Residence for fewer than 12 months prior to the case number assignment date; or if owned less than 12 months, has not occupied the Property for that entire period of ownership; or

#### (b) Calculating Maximum Mortgage Amount

##### (i) Standard

The maximum mortgage amount for a Rate and Term refinance is:

- the lesser of:
  - the [Nationwide Mortgage Limit](#);
  - the maximum LTV based on the Maximum LTV Ratio from above; or
  - the sum of existing debt and costs associated with the transaction as follows:
    - existing debt includes:
      - the unpaid principal balance of the first Mortgage as of the month prior to mortgage Disbursement;
      - the unpaid principal balance of any purchase money junior Mortgage as of the month prior to mortgage Disbursement;
      - the unpaid principal balance of any junior liens over 12 months old as of the date of mortgage Disbursement. If the balance or any portion of an equity line of credit in excess of \$1,000 was advanced within the past 12 months and was for purposes other than repairs and rehabilitation of the Property, that portion above and beyond \$1,000 of the line of credit is not eligible for inclusion in the new Mortgage;
      - ex-spouse or co-Borrower equity, as described in “Refinancing to Buy out Title Holder Equity” below;
      - interest due on the existing Mortgage(s);
      - Mortgage Insurance Premium (MIP) due on existing Mortgage;
      - any prepayment penalties assessed;
      - late charges; and
      - escrow shortages;
    - allowed costs include all Borrower paid costs associated with the new Mortgage; and
    - any Borrower-paid repairs required by the appraisal;
  - less any refund of the Upfront Mortgage Insurance Premium (UFMIP), if financed in the original Mortgage.

##### Short Payoffs

The Mortgagee may approve a Rate and Term refinance where the maximum mortgage amount is insufficient to extinguish the existing mortgage debt, provided the existing Note holder writes off the amount of

the indebtedness that cannot be refinanced into the new FHA-insured Mortgage.

#### **Refinancing to Buy Out Title-Holder Equity**

When the purpose of the new Mortgage is to refinance an existing Mortgage to buy out an existing title-holder's equity, the specified equity to be paid is considered property-related indebtedness and eligible to be included in the new mortgage calculation. The Mortgagee must obtain the divorce decree, settlement agreement, or other legally enforceable equity agreement to document the equity awarded to the title-holder.

#### **Refinancing to Pay off Recorded Land Contracts**

When the purpose of the new Mortgage is to pay off an outstanding recorded land contract, the unpaid principal balance shall be deemed to be the outstanding balance on the recorded land contract.

#### **Use of Estimates in Calculating Maximum Mortgage Amount**

The Mortgagee may utilize estimates of existing debts and costs in calculating the maximum mortgage amount to the extent that the actual debts and costs do not result in the Borrower receiving greater than \$500 cash back at mortgage Disbursement.

Cash to the Borrower resulting from the refund of Borrowers unused escrow balance from the previous Mortgage must not be considered in the \$500 cash back limit whether received at or subsequent to mortgage Disbursement.

#### **Excess Cash Back**

When the estimated costs utilized in calculating the maximum mortgage amount result in greater than \$500 cash back to the Borrower at mortgage Disbursement, Mortgagees may reduce the Borrower's outstanding principal balance to satisfy the \$500 cash back requirement. The Mortgagee must submit the Mortgage for endorsement at the reduced principle amount.

#### **(ii) Required Documentation**

The Mortgagee must obtain the payoff statement on all existing Mortgages.

#### (B) Simple Refinance

##### (1) Borrower Eligibility

###### (a) Occupancy Requirements

###### (i) Standard

Simple Refinance is only permissible for owner-occupied Principal or HUD-approved Secondary Residences.

For manually underwritten Mortgages with greater than six months history, the Borrower must have made all Mortgage Payments within the month due for the six months prior to case number assignment and have no more than one 30-Day late payment for the previous six months for all Mortgages. The Borrower must have made the payments for all Mortgages secured by the subject Property for the month prior to mortgage Disbursement.

**(4) General Information Applicable to All Streamline Refinances**

**(a) Mortgage Seasoning Requirements**

On the date of the FHA case number assignment:

- the Borrower must have made at least six payments on the FHA-insured Mortgage that is being refinanced;
- at least six full months must have passed since the first payment due date of the Mortgage that is being refinanced;
- at least 210 Days must have passed from the closing date of the Mortgage that is being refinanced; and
- if the Borrower assumed the Mortgage that is being refinanced, they must have made six payments since the time of assumption.

**(b) Use of TOTAL Mortgage Scorecard on Streamline Refinances**

The Mortgagee must manually underwrite all Streamline Refinances. The Mortgagee may score the Mortgage through TOTAL Mortgage Scorecard but the findings are invalid.

**(c) Net Tangible Benefit of Streamline Refinances**

**(i) Definitions**

A Net Tangible Benefit is a reduced Combined Rate, a reduced term, and/or a change from an ARM to a fixed rate Mortgage that results in a financial benefit to the Borrower.

Combined Rate refers to the interest rate on the Mortgage plus the Mortgage Insurance Premium (MIP) rate.

**(ii) Standard**

The Mortgagee must determine that there is a net tangible benefit to the Borrower meeting the standards in the chart below for all Streamline Refinance transactions.

<b>From</b>	<b>To</b>		
	<b>Fixed Rate New Combined Rate</b>	<b>One-Year ARM New Combined Rate</b>	<b>Hybrid ARM New Combined Rate</b>
<b>Fixed Rate</b>	At least 0.5 percentage points below the prior Combined Rate.	At least 2 percentage points below the prior Combined Rate.	At least 2 percentage points below the prior Combined Rate.

From	To		
	Fixed Rate New Combined Rate	One-Year ARM New Combined Rate	Hybrid ARM New Combined Rate
Any ARM With Less Than 15 Months to Next Payment Change Date	No more than 2 percentage points above the prior Combined Rate.	At least 1 percentage point below the prior Combined Rate.	At least 1 percentage point below the prior Combined Rate.
Any ARM With Greater Than or Equal to 15 Months to Next Payment Change Date	No more than 2 percentage points above the prior Combined Rate.	At least 2 percentage points below the prior Combined Rate.	At least 1 percentage point below the prior Combined Rate.

#### Reduction in Term

The net tangible benefit test is met if:

- the mortgage term is reduced;
- the new interest rate does not exceed the current interest rate; and
- the combined principal, interest and MIP payment of the new Mortgage does not exceed the combined principal, interest and MIP of the refinanced Mortgage by more than \$50.

#### (d) HUD Employee Mortgage

For non-credit qualifying Streamline Refinances only, any HUD employee may have their Mortgage underwritten and approved/denied by the Mortgagee.

#### (e) Reviewing Limited Denial Participation and SAM Exclusion Lists

The Mortgagee must check the HUD [Limited Denial of Participation \(LDP\)](#) list to confirm the Borrower's eligibility to participate in an FHA-insured mortgage transaction.

The Mortgagee must check the [System for Award Management \(SAM\)](#) and must follow appropriate procedures defined by that system to confirm eligibility for participation.

#### (f) Borrower Additions to Title

##### **(g) Borrower Credit Reports**

FHA does not require a credit report on the non-credit qualifying Streamline Refinance. The Mortgagee must obtain a [credit report](#) for the credit qualifying Streamline Refinance.

If the Mortgagee obtains a credit score, the Mortgagee must enter it into [FHAC](#). If more than one credit score is obtained, the Mortgagee must enter all available credit scores into [FHAC](#).

##### **(h) Funds to Close**

The Mortgagee must verify Borrower's funds to close, in excess of the total Mortgage Payment of the new Mortgage, in accordance with [Sources of Funds](#).

Additionally, the Mortgagee may provide an unsecured interest-free Mortgage to establish a new escrow account in an amount not to exceed the present escrow balance on the existing Mortgage.

##### **(i) Maximum Mortgage Amortization Period**

The maximum amortization period of a Streamline Refinance is limited to the lesser of:

- the remaining amortization period of the existing Mortgage plus 12 years; or
- 30 years.

##### **(j) Maximum Mortgage Calculation for Streamline Refinances**

###### **(i) Standard**

For owner-occupied Principal Residences and HUD-approved Secondary Residences, the maximum Base Loan Amount for Streamline Refinances is:

- the lesser of:
  - the outstanding principal balance of the existing Mortgage as of the month prior to mortgage Disbursement; plus:
    - interest due on the existing Mortgage; and
    - MIP due on existing Mortgage; or
  - the original principal balance of the existing Mortgage (including financed UFMIP);
- less any refund of UFMIP (if financed in original Mortgage).

For Investment Properties, the maximum Base Loan Amount for Streamline Refinances is:

#### **Use of Estimates in Calculating Maximum Mortgage Amount**

The Mortgagee may utilize estimates in calculating the maximum mortgage amount to the extent that the total mortgage amount does not result in the Borrower receiving greater than \$500 cash back at mortgage Disbursement.

Cash to the Borrower resulting from the refund of Borrowers unused escrow balance from the previous Mortgage must not be considered in the \$500 cash back limit whether received at or subsequent to mortgage Disbursement.

#### **Excess Cash Back**

When the estimates utilized in calculating the maximum mortgage amount resulted in greater than \$500 cash back to the Borrower at mortgage Disbursement, Mortgagees may reduce the Borrower's outstanding principal balance to satisfy the \$500 cash back requirement.

#### **(ii) Required Documentation**

The Mortgagee must obtain the payoff statement on the existing Mortgage.

#### **(k) Maximum CLTV Ratio and Subordinate Financing**

Existing Subordinate financing, in place at the time of case number assignment, must be resubordinated to the Streamline Refinance. New Subordinate financing is permitted only where the proceeds of the subordinate financing are used to:

- reduce the principal amount of the existing FHA-insured Mortgage, or
- finance the origination fees, other closing costs, or discount points associated with the refinance

There is no maximum CLTV.

Mortgagees must contact the [National Servicing Center](#) for processing of any HUD held lien subordination.

##### (l) Appraisal and Inspection Requirements on Streamline Refinances

Appraisals are not required on Streamline Refinances. The receipt or possession of an appraisal by the Mortgagee does not affect the eligibility or maximum mortgage amount on Streamline Refinances.

##### (m) Assessing Upfront and Annual MIP

See [Appendix 1.0 – Mortgage Insurance Premiums](#) for assessing upfront and annual MIP.

For the purpose of calculating the MIP, FHA uses the original value of the Property to calculate the LTV.

##### (5) Streamline Refinance Non-Credit Qualifying

###### (a) Borrower Eligibility

A Borrower is eligible for a Streamline Refinance without credit qualification if all Borrowers on the existing Mortgage remain as Borrowers on the new Mortgage. Mortgages that have been assumed are eligible provided the previous Borrower was released from liability.

###### Exception

A Borrower on the Mortgage to be paid may be removed from title and new Mortgage in cases of divorce, legal separation or death when:

- the divorce decree or legal separation agreement awarded the Property and responsibility for payment to the remaining Borrower, if applicable; and

###### i. Definition

An Adjustable Rate Mortgage (ARM) refers to a Mortgage in which the interest rate can change annually based on an index plus a margin.

###### ii. Required Disclosures

The Borrower must sign a disclosure that explains the terms of the ARM at mortgage application.

###### iii. ARM Types

The Mortgagee must establish the initial interest rate and the margin. The margin must be constant for the entire term of the Mortgage.

The interest rate must remain constant for an initial period of 1, 3, 5, 7, or 10 years, depending on the ARM program chosen by the Borrower, and then may change annually for the remainder of the mortgage term.

A 1- and 3-year ARM may increase by one percentage point annually after the initial fixed interest rate period, and five percentage points over the life of the Mortgage.

A 5-year ARM may either allow for increases of one percentage point annually, and five percentage points over the life of the Mortgage; or increases of two percentage points annually, and six points over the life of the Mortgage.

A 7- and 10-year ARM may only increase by two percentage points annually after the initial fixed interest rate period, and six percentage points over the life of the Mortgage.

###### iv. Initial Interest Rate Adjustments

The first interest rate adjustment must occur in accordance with the following chart:

<b>If the ARM is initially at a fixed interest rate for ...</b>	<b>Then the first adjustment rate change may occur no sooner than ...</b>	<b>And no later than ...</b>
1 year	12 months	18 months.
3 years	36 months	42 months.
5 years	60 months	66 months.
7 years	84 months	90 months.

If the Mortgage is less than 95 percent, the Mortgagee must underwrite the Mortgage based on payments calculated using the initial interest rate.

##### viii. Mortgage Term

The ARM must be fully amortizing over a period of no more than 30 years.

##### ix. Required Documentation

#### 8. Programs and Products - Construction to Permanent

---

##### j. Construction to Permanent

###### i. Definition

A Construction to Permanent Mortgage combines the features of a construction loan (a short-term interim loan for financing the cost of construction) and the traditional long-term permanent residential Mortgage with a single mortgage closing prior to the start of construction.

###### ii. Borrower Eligibility

The Borrower must have contracted with a builder to construct the improvements. The builder must be a licensed general contractor. The Borrower may act as the general contractor, only if the Borrower is also a licensed general contractor.

###### iii. Property Eligibility

The Borrower must be purchasing the land at the closing of the construction loan, or have owned the land for six months or less at the date of case number assignment.

###### iv. Calculating Maximum Mortgage Amount

The maximum mortgage amount is calculated using the appropriate [purchase Loan-to-Value \(LTV\)](#) percentage of the lesser of the appraised value or the documented Acquisition Cost.

The documented Acquisition Cost of the Property includes:

- the builder's price to build;
- Borrower-paid extras over and above the contract specifications and/or out-of-pocket expenses not included in the builder's price to build;
- cost of the land if already owned, or with an acceptable gift documentation, the appraised value of the land may be used instead of the cost; and
- closing costs associated with any interim financing of the land.

If the land is being purchased from the builder, the cost must be included in the builder's price to build.

If the Property being constructed is Manufactured Housing, the builder's price to build shall include the sum of the cost of the unit(s) and all on-site installation costs.

###### v. Minimum Required Investment

###### (A) Standard

The Borrower may utilize any cash investment in the Acquisition Cost of the Property to satisfy the Minimum Required Investment (MRI).

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### A. Title II Insured Housing Programs Forward Mortgages

#### 8. Programs and Products - Construction to Permanent

---

##### **(B) Required Documentation**

The Mortgagee must document the cash investment was from an acceptable source of funds in accordance with [TOTAL](#) or [manual underwriting](#) requirements as applicable.

The Mortgagee must document the cost and date of purchase of the land, if already owned, by obtaining the Settlement Statement or similar legal document.

The Mortgagee must document any Borrower-paid extras over and above the contract specifications and any out-of-pocket expenses not included in the builder's price to build by obtaining evidence funds were derived from an acceptable source. The Mortgagee must obtain an itemization of the extras and expenses and the cost of each item.

##### **vi. Mortgage Interest Rate**

During the construction period, the interest rate may be variable. The Mortgagee and the Borrower must enter into an agreement that:

- documents the range in which the interest rate may float during construction;
- documents the point of interest rate lock-in;
- specifies that the permanent Mortgage will not exceed a specific maximum interest rate; and
- permits the Borrower to lock in at a lower rate, if available and they have not already locked in a rate.

The Mortgagee must qualify the Borrower for the Mortgage at the maximum rate at which the permanent Mortgage may be set.

##### **vii. Required Documentation for Closing**

In addition to standard FHA documents, the following documents must be used:

- (A) A Construction Rider to the Note, and Construction Loan Agreement.  
These construction documents may be in any form acceptable to the Mortgagee, but they must provide that all special construction terms end when the construction loan converts to a permanent Mortgage. After conversion, only the permanent mortgage terms (based on standard documents) continue to be effective, making the permanent Mortgage eligible for FHA mortgage insurance.
- (B) A disclosure issued to the Borrower explaining that the Mortgage is not eligible for FHA mortgage insurance until after a final inspection, or the issuance of a certificate of occupancy by the local governmental jurisdiction, whichever is later.
- (C) Either, a fully executed contract agreement between the builder and the Borrower, which includes the contractor's price to build; or documentation of the

actual costs of construction where the Borrower is acting as the general contractor.

(D) Documentation of land acquisition or land ownership.

(E) A payoff statement and evidence of the actual payoff if mortgage proceeds are used to purchase or pay off debt on the land.

#### viii. Escrow Account

At closing, after funds are disbursed to cover the purchase of the land, the balance of the mortgage proceeds must be placed in an escrow account to be disbursed as construction progresses.

The Mortgagee must obtain the Borrower's written authorization for each draw prior to disbursing funds to the contractor.

After completion of construction, the construction escrow account must be fully extinguished, and any remaining funds must be applied to the outstanding principal balance of the permanent Mortgage.

#### ix. Required Documentation for Endorsement

If the LTV exceeds 90 percent, the Mortgagee must comply with [Inspections or Warranties for Maximum Financing](#) and [Required Documentation for Maximum Financing](#).

If the LTV is 90 percent or less, the Mortgagee must comply with the documentation requirements found in the New Construction [Financing LTV Limit](#).

The following documentation is required for Mortgage endorsement:

- The Mortgagee must obtain a title update after conversion to the permanent Mortgage to show that the mortgaged Property is free and clear of all liens other than the Mortgage.
- The Mortgagee must verify and document that the construction was fully drawn down and that any remaining funds were used to pay down the principal balance on the permanent Mortgage.

#### x. Endorsement

The Mortgage must be endorsed within 60 Days of the final inspection or issuance of the Certificate of Occupancy (CO), whichever is later.

#### xi. Start of Amortization

Amortization of the permanent Mortgage must begin no later than the first of the month following 60 Days from the date of the final inspection or issuance of the CO.

---

##### k. Building on Own Land

###### i. Definition

Building on Own Land refers to a product of the 203(b) program used to finance the construction of a dwelling on land already owned by the Borrower for greater than 6 months from case number assignment.

###### ii. Borrower Eligibility

The Borrower must have contracted with a builder to construct the improvements. The builder must be a licensed general contractor. The Borrower may act as the general contractor, only if the Borrower is also a licensed general contractor.

###### iii. Maximum Mortgage Amount

The Mortgagee must use the lesser of the Property Value or the documented Acquisition Cost to determine the Adjusted Value.

The documented Acquisition Cost of the Property includes:

- builder's price or the sum of all subcontractor bids and materials;
- value of the land as shown in the site value of the appraisal; and
- interest and other costs associated with a construction loan obtained by the Borrower to fund construction.

If the Property being constructed is Manufactured Housing, the builder's price to build shall include the sum of the cost of the unit(s) and all on-site installation costs.

###### iv. Minimum Required Investment

The Mortgage is calculated using the [purchase Loan-to-Value \(LTV\)](#) limits. The Settlement Statement or similar legal document may be prepared as a refinance transaction. The Mortgagee must document any Borrower required funds to close are from an acceptable source of funds in accordance with [TOTAL](#) or [manual underwriting](#) requirements as applicable.

If the land was given as a gift to the Borrower, the Mortgagee must verify that the donor was not a prohibited source.

The Mortgagee must obtain standard gift documentation for any gift of land.

###### v. Borrower's Additional Equity in the Property

The Borrower may not receive cash back from the additional equity in the Property, but the Borrower may replenish their own cash expenditures for any Borrower-paid extras over and above the contract specifications and any out-of-pocket expenses not included in

If the original Mortgage was closed prior to December 15, 1989, the assuming Borrower may assume the Mortgage as a Principal Residence, HUD-approved Secondary Residence or Investment Property.

###### iii. Restrictions on Loan-to-Value Ratio

###### (A) Investment Property

The maximum Loan-to-Value (LTV) for an Investment Property assumption is 75%.

Either the original appraised value or new Property Value may be used to determine compliance with the 75% LTV limitation.

###### (B) HUD-Approved Secondary Residence

The maximum LTV for a HUD-approved Secondary Residence assumption is 85%.

Either the original appraised value or new Property Value may be used to determine compliance with the 85% LTV limitation.

###### iv. Processing of an Assumption

###### (A) Initiating Processing

Mortgagees must complete form [HUD 92210](#), *Request for Credit Approval of Substitute Mortgagor*, or equivalent form to document its processing of an assumption. The completion of such form does not formally release the original Borrower from personal liability for the mortgage Note.

###### (B) Release of Liability

##### (B) Exception to Minimum Required Investment

The assuming Borrower is not required to make a cash investment in the Property. The assuming Borrower may assume 100% of the outstanding principal balance of the Mortgage, **subject to the restrictions on LTV ratio for Investment Properties and HUD-approved Secondary Residences.**

##### (C) Responsibility of Direct Endorsement Underwriter

The holding or servicing Mortgagee is responsible for the underwriting review. The review must be completed by a Direct Endorsement (DE) underwriter registered by the Mortgagee in FHA Connection ([FHAC](#)). Where the holding or servicing Mortgagee does not originate Mortgages or is not approved under the DE program, it may:

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 1. Commencement of the Appraisal

---

### B. APPRAISER AND PROPERTY REQUIREMENTS FOR TITLE II FORWARD AND REVERSE MORTGAGES

The appraisal process provides the Mortgagee with necessary information to determine if a property meets the minimum requirements and eligibility standards for a Federal Housing Administration (FHA)-insured Mortgage and will serve as adequate security for a specific FHA-insured Mortgage. Mortgagees bear primary responsibility for determining eligibility and the sufficiency of collateral; however, the Appraiser provides preliminary verification that the Property Acceptability Criteria have been met and an appraised value for the property.

Property refers to the real estate entity that will serve as adequate security for a specific FHA-insured Mortgage.

The requirements in this section of the *FHA Single Family Housing Policy Handbook (SF Handbook)* contain the Property Acceptability Criteria for FHA mortgage insurance, which include [Minimum Property Requirements \(MPR\)](#) and [Minimum Property Standards \(MPS\)](#), and include by reference, associated rules and regulations. The criteria apply to residential Properties containing one- to four-family housing units, individual condominium units, and Manufactured Housing units, and related property improvements and the sites on which they are located, as well as the immediate environment for the dwelling, including streets and other services or facilities associated with the site. Manufactured Housing Properties have additional requirements contained in the [Property Acceptability Criteria for Manufactured Housing for Title II Insured Mortgages](#) section. This section also provides requirements for Appraisers in establishing a credible appraised value for a Property that is to serve as security for an FHA-insured Mortgage.

#### 1. Commencement of the Appraisal

##### a. Information Required before Commencement of Appraisal

The Appraiser must obtain all of the following from the Mortgagee before beginning an appraisal:

- a complete copy of the executed sales contract for the subject, if a purchase transaction;
- the land lease, if applicable;
- surveys or legal descriptions, if available;
- any other legal documents contained in the loan file; and
- a point of contact and contact information for the Mortgagee so that the Appraiser can communicate any noncompliance issues.

##### b. Additional Information Required Before Commencement of an Appraisal on New Construction

The Appraiser must obtain, from the Mortgagee, a fully executed form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*, dated no more than 30 Days prior to the date of the appraisal order and documents related to New Construction, including plans,

specifications, and any exhibits provided that will assist the Appraiser in determining what is to be built, or, if now Under Construction, what will be built when finished

#### 2. General Appraiser Requirements

The Appraiser must follow FHA guidance and comply with the [Uniform Standards of Professional Appraisal Practice \(USPAP\)](#) when completing appraisals of Property used as security for FHA-insured Mortgages.

When performing an appraisal, the Appraiser must review and analyze the following:

- the land lease, if applicable;
- surveys or legal descriptions, if available; and
- any other legal documents contained in the loan file,

and report the results of that analysis in the appraisal report.

#### Sales Transaction or New Construction

When performing an appraisal for a sales transaction or on New Construction, the Appraiser must also review and analyze the following:

- the complete copy of the executed sales contract for the subject; and
- documents related to New Construction, including plans, specifications, and any exhibits provided that will assist the Appraiser in determining what is to be built, or, if now Under Construction, what will be built when finished;

and report the results of that analysis in the appraisal report.

#### 3. Acceptable Appraisal Reporting Forms and Protocols

The Appraiser must complete the [Fannie Mae Form 1004 MC/Freddie Mac Form 71](#), *Market Conditions Addendum to the Appraisal Report*, for every appraisal. Other forms to be used in the completion of an FHA appraisal are as follows:

<b>Property/Assignment Type</b>	<b>Acceptable Reporting Form</b>

#### a. Additional Required Documentation required for Appraisals of New Construction

When New Construction is less than 90% complete at the time of the appraisal, the Appraiser must document the floor plan, plot plan, and exhibits necessary to determine the size and level of finish.

When New Construction is 90% or more complete, the Appraiser must document a list of components to be installed or completed after the date of appraisal.

#### Appraiser Responsibility to Report Property Compliance

The Appraiser must observe, analyze and report that the Property meets HUD's MPR and MPS.

Minimum Property Requirements (MPR) refer to general requirements that all homes insured by FHA be safe, sound, and secure.

Minimum Property Standards (MPS) refer to regulatory requirements relating to the safety, soundness and security of New Construction.

Every Property must be safe, sound, and secure so that the Mortgagee can determine eligibility. The Appraiser must note every instance where the Property is not safe, sound, and secure and does not comply with FHA's MPR and MPS.

#### **(b) Reverse Mortgage (HECM) Requirements**

A reverse mortgage, or Home Equity Conversion Mortgage (HECM), secured by real estate under Leasehold requires a renewable lease for not less than 99 years, or a lease having a remaining period of not less than 50 years beyond the date of the 100<sup>th</sup> birthday of the youngest mortgagor. Sub-Leasehold Estates are not eligible for FHA mortgage insurance.

#### **(3) Required Analysis and Reporting**

An Appraiser must contact the Mortgagee if the Leasehold Interest does not meet this requirement.

### **ii. Legal and Land Use Considerations**

#### **(A) Party or Lot Line Wall**

##### **(1) Standard**

A building constructed on or next to a property line must be separated from the adjoining building by a wall extending the full height of the building from the foundation to the ridge of the roof.

##### **(2) Required Analysis and Reporting**

The Appraiser must note if the party or lot line wall does not extend to the roof or beyond.

#### **(B) Non-Residential Use of Property**

##### **(1) Standard**

The non-residential portion of the total floor area may not exceed 49 percent.

Any non-residential use of the Property must be subordinate to its residential use, character and appearance. The Appraiser must calculate the non-residential portion of any residential Property. Storage areas or similar spaces that are integral parts of the non-residential portion must be included in the calculation of the non-residential area.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

---

The Appraiser must comment on any non-residential use within the Property and state the percentage of the total floor area that is utilized as non-residential. The Appraiser must report whether the non-residential usage is legal and in compliance with current zoning requirements.

The Appraiser must contact the Mortgagee if the non-residential portion of the Property exceeds 49 percent.

#### **(C) Zoning**

##### **(1) Standard**

FHA requires the Property to comply with all applicable zoning ordinances.

##### **(2) Required Analysis and Reporting**

The Appraiser must determine if current use complies with zoning ordinances.

If the existing Property does not comply with all of the current zoning ordinances but is accepted by the local zoning authority, the Appraiser must report the Property as “Legal Non-Conforming” and provide a brief explanation. The Appraiser must analyze and report any adverse effect that the non-conforming use has on the Property's value and marketability, and state whether the Property may be legally rebuilt if destroyed.

#### **(D) Encroachments**

##### **(1) Definition**

An Encroachment refers to an interference with or intrusion onto another's property.

##### **(2) Standard**

The Appraiser must report the presence of any Encroachments so that the Mortgagee can determine eligibility.

##### **(3) Required Analysis and Reporting**

The Appraiser must identify any Encroachments of the subject's dwelling, garage, or other improvement onto an adjacent Property, right-of-way, utility Easement, or building restriction line. The Appraiser must also identify any Encroachments of a neighboring dwelling, garage, other physical Structure or improvements onto the subject Property.

The Appraiser must notify the Mortgagee if, upon observation, it appears that an Encroachment affects the subject Property.

##### **(E) Easements and Deed Restrictions**

###### **(1) Definition**

An Easement refers to an interest in land owned by another person, consisting of the right to use or control the land, or an area above or below it, for a specific limited purpose.

A Deed Restriction refers to a private agreement that restricts the use of real estate in some way, and is listed in the deed.

###### **(2) Standard**

The Appraiser must note the presence of any Easements and Deed Restrictions to assist the Mortgagee in determining eligibility.

###### **(3) Required Analysis and Reporting**

The Appraiser must analyze and report the effect that Easements and other legal restrictions, such as Deed Restrictions, may have on the use, value and marketability of the Property. The Appraiser must review recorded subdivision plats when available through the normal course of business.

##### **iii. Externalities**

###### **(A) Definition**

Externalities refer to off-site conditions that affect a Property's value. Externalities include heavy traffic, airport noise and hazards, special airport hazards, proximity to high pressure gas lines, Overhead Electric Power Transmission Lines and Local Distribution Lines, smoke, fumes, and other offensive or noxious odors, and stationary storage tanks.

###### **(B) Standard**

The Appraiser must report the presence of Externalities so that the Mortgagee can determine eligibility.

###### **(C) Required Analysis and Reporting**

The Appraiser must consider how Externalities affect the marketability and value of the Property, report the issue and the market's reaction, and address any positive or negative effects on the value of the subject Property within the approaches to value.

##### **(1) Heavy Traffic**

The Appraiser must analyze and report if close proximity to heavily traveled roadways or railways has an effect on the marketability and value of a site because of excess noise and safety issues.

##### **(2) Airport Noise and Hazards**

The Appraiser must identify if the Property is affected by noise and hazards of low flying aircraft because it is near an airport. The Appraiser must review airport contour maps and analyze accordingly. The Appraiser must determine and report the marketability of the Property based on this analysis.

##### **(3) Special Airport Hazards**

The Appraiser must identify if the Property is located within a Runway Clear Zone (also known as a Runway Protection Zone) at a civil airport or Clear Zone military airfield and consider the effect of the airport hazards on the marketability when valuing the subject Property.

For Properties located in an Accident Potential Zone 1 (APZ 1) at military airfields, the Appraiser must require compliance with the Department of Defense (DoD) Guidelines and a buyer's acknowledgement.

##### **(a) Existing Dwelling**

The Appraiser must condition the appraisal on the Borrower's acknowledgment of the hazard.

##### **(b) Proposed Construction, Under Construction, and Existing Less than One Year**

The Appraiser must note that the Property is ineligible for FHA insurance and notify the Mortgagee.

##### **(4) Proximity to High Pressure Gas Lines**

The Appraiser must identify if the dwelling or related property improvement is near high-pressure gas or liquid petroleum pipelines or other volatile and explosive products, both aboveground and subsurface. The Appraiser must determine and report the marketability of the Property based on this analysis.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Property is not located more than 10 feet from the nearest boundary of the pipeline Easement.

##### (5) Overhead Electric Power Transmission and Local Distribution Lines

###### (a) Definitions

Overhead Electric Power Transmission Lines refer to electric lines that supply power from power generation stations to Local Distribution Lines.

Local Distribution Lines refer to electric lines that commonly supply power to residential housing developments, similar facilities and individual Properties.

###### (b) Required Analysis and Reporting

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Overhead Electric Power Transmission Lines or the Local Distribution Lines pass directly over any dwelling, Structure or related property improvement, including pools, spas, or water features.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the dwelling or related property improvements are located within an Easement or if they appear to be located within an unsafe distance of any power line or tower.

The Appraiser must note and comment on the effect on marketability resulting from the proximity to such site hazards and nuisances. The Appraiser must also determine if the guidelines for [Encroachments](#) apply.

##### (6) Smoke, Fumes and Offensive or Noxious Odors

The Appraiser must notify the Mortgagee if excessive smoke, chemical fumes, noxious odors, stagnant ponds or marshes, poor surface drainage or excessive dampness threaten the health and safety of the occupants or the marketability of the Property.

The Appraiser must consider the effect of the condition in the valuation of the Property if the conditions exist but do not threaten the occupants or marketability.

##### (7) Stationary Storage Tanks

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the subject property line is located within 300 feet of an aboveground or subsurface stationary storage tank with a capacity of 1,000 gallons or more of flammable or explosive material. This includes domestic and commercial uses as well as automotive service station tanks.

**iv. Site Conditions**

**(A) Access to Property**

**(1) Definition**

Adequate Vehicular Access to Property refers to an all-weather road surface over which emergency and typical passenger vehicles can pass at all times.

**(2) Required Analysis and Reporting**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Property does not have safe pedestrian access and Adequate Vehicular Access from a public street or private street that is protected by a permanent recorded Easement, ownership interest, or is owned and maintained by an HOA. Shared driveways that are not part of an HOA must also meet these requirements.

The Appraiser must note whether there is safe pedestrian access and Adequate Vehicular Access to the site and analyze any effect on value or marketability.

The Appraiser must report evidence of a permanent Easement.

The Appraiser must ask if a maintenance agreement exists and comment on the condition of the private road or lane.

**(B) Onsite Hazards and Nuisances**

**(1) Definition**

Onsite Hazards and Nuisances refer to conditions that may endanger the health and safety of the occupants or the structural integrity or marketability of the Property.

**(2) Standard**

The Appraiser must report the presence of all Onsite Hazards and Nuisances so that the Mortgagee can determine eligibility and any corrective work that may be necessary to mitigate potential adverse effects from the special conditions.

**(3) Required Analysis and Reporting**

The Appraiser must note and comment on all Onsite Hazards and Nuisances affecting the Property. The Appraiser must also provide photographs of potential problems or issues to assist the Mortgagee in understanding the problem.

Special site conditions include rock formations, unstable soils or slopes, high ground water levels, springs, and other conditions that may have a negative effect on the value.

##### **New and Proposed Construction**

The Appraiser must report any special conditions that may exist or arise during construction and necessitate precautionary or hazard mitigation measures.

##### **(C) Topography**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the surface and subsurface water is not diverted from the dwelling to ensure positive drainage away from the foundation.

The Appraiser must make the appraisal subject to an inspection by a qualified individual or Entity if the purchase contract or any other documentation indicates, or if the Appraiser observes dampness because of a foundation issue.

The Appraiser must report to the Mortgagee any danger due to topographic conditions (e.g., earth and mudslides from adjoining properties, falling rocks and avalanches) to the subject Property or the adjoining land.

##### **(D) Grading and Drainage**

The Appraiser must check for readily observable evidence of grading and drainage problems. Proper drainage control measures may include gutters and downspouts or appropriate grading or landscaping to divert the flow of water away from the foundation.

The Appraiser must make the appraisal subject to repair if the grading does not provide positive drainage away from the improvements. The Appraiser must note any readily observable evidence of standing water adjacent to the foundation that indicates improper drainage. The Appraiser must report this in the “Site” section of the report, if the standing water is problematic.

##### **(E) Suitability of Soil**

The Appraiser must consider the readily observable soil and subsoil conditions of the site, including the type and permeability of the soil, the depth of the water table, surface drainage conditions, compaction, rock formations and other physical features that affect the value of the site, or its suitability for development or support of the existing improvements.

The Appraiser should also consider events and published reports regarding the instability of the soil and surface support of the land as related to the subject and proximate properties.

The Appraiser must analyze and report how this would affect the Property.

#### **(F) Land Subsidence and Sinkholes**

##### **(1) Definition**

Land Subsidence refers to the lowering of the land-surface elevation from changes that take place underground, including damage caused by sinkholes.

##### **(2) Standard**

Danger of Land Subsidence may be encountered where buildings are constructed on uncontrolled fill or unsuitable soil containing foreign matter such as a high percentage of organic material, areas of mining activity or extraction of subsurface minerals, or where the subsoil or subsurface is unstable and subject to slippage or expansion. Typical signs include fissures or cracks in the terrain, damaged foundations, sinkholes or settlement problems.

##### **(3) Required Analysis and Reporting**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if there is probable or imminent danger of Land Subsidence so that the Mortgagee can determine eligibility or the need to require the purchase of subsidence insurance.

The Appraiser must analyze and report any readily observable conditions of the surface of the land that indicate potential problems from subsidence or the potential for lack of support for the surface of the land or building foundations.

In mining areas, the Appraiser must analyze and report the depth or extent of mining operations and the site of operating or abandoned shafts or tunnels to determine if the danger is imminent, probable or negligible.

#### **(G) Oil or Gas Wells**

##### **(1) Operating or Proposed**

The Appraiser must examine the site for the existence of any readily observable evidence of an oil or gas well and report the distance from the dwelling.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the dwelling is located within 75 feet of an operating or proposed well. The distance is measured from the dwelling to the site boundary, not to the actual well site.

##### **(2) Abandoned**

If the Appraiser notes an abandoned gas or oil well on the subject site or an adjacent Property, the Appraiser must stop work and notify the Mortgagee.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 3. Acceptable Appraisal Reporting Forms and Protocols

---

The Appraiser may resume work when the Mortgagee provides a letter from local jurisdiction or the appropriate state agency, stating that the subject well was permanently abandoned in a safe manner.

The Appraiser may only complete the appraisal on a Property located near a gas well that emits hydrogen sulfide if the minimum clearance has been established by a petroleum engineer. The Appraiser must assess any impact that the location of the well has on the value and marketability of the Property.

#### **Hydrogen Sulfide**

Hydrogen sulfide gas emitted from petroleum product wells is toxic and extremely hazardous. Minimum clearance from sour gas wells may be established only after a petroleum engineer has assessed the risk and state authorities have concurred on clearance recommendations for petroleum industry regulation and for public health and safety.

The Appraiser may only complete an appraisal on a Property if the Mortgagee has required an inspection by a qualified person and provided evidence that the minimum clearance has been established.

#### **(H) Slush Pits**

##### **(1) Definition**

A Slush Pit refers to a basin in which drilling “mud” is mixed and circulated during drilling to lubricate and cool the drill bit and to flush away rock cuttings.

##### **(2) Required Analysis and Reporting**

If the Property has a Slush Pit, the Appraiser must make the appraisal subject to the removal of all unstable and toxic materials and the site made safe.

#### **(I) Property Eligibility in Special Flood Hazard Areas**

The Appraiser must review the Federal Emergency Management Agency (FEMA) [Flood Insurance Rate Map](#) (FIRM) and make appropriate notations on the applicable appraisal reporting form. If the Property appears to be located within a [Special Flood Hazard Area](#) (SFHA), the Appraiser must attach a copy of the flood map panel to the appraisal report.

The Appraiser must enter the FEMA zone designation on the reporting form, and identify the map panel number and map date. If the Property is not shown on any map, the Appraiser must enter “not mapped.” The Appraiser must quantify the effect on value, if any, for Properties situated within a designated SFHA.

##### **(J) Coastal Barrier Resources System**

The Appraiser must stop work and notify the Mortgagee of the deficiency of MPR or MPS if the Property is located within a [Coastal Barrier Resources System](#) (CBRS) designated area.

The Appraiser must review the FEMA FIRM to determine if a Property is located within a CBRS. The FIRM will identify CBRS boundaries through patterns of backward-slanting diagonal lines, both solid and broken. If it appears that the Property is located in a CBRS, the Appraiser must review [CBRS location maps](#) to confirm.

##### **(K) Lava Zones**

When a Property is located in Hawaii, the Appraiser must review the U.S. Geological Survey (USGS) [Lava Flow Hazard Zone maps](#). The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the Property is located in Zones 1 or 2.

The Appraiser must report in the “Comments” section that the Property is in the Lava Flow Hazard Zone and provide the Zone Number.

##### **(L) Mineral, Oil, and Gas Reservations or Leases**

The Appraiser must analyze and report the degree to which the residential benefits may be impaired or the Property damaged by the exercise of the rights set forth in oil, gas, and mineral reservations or leases.

The Appraiser should consider the following:

- the infringement on the property rights of the fee owner caused by the rights granted by the reservation or lease; and
- the hazards, nuisances, or damages that may arise or accrue to the subject Property from exercise of reservation or lease privileges on neighboring properties.

##### **(M) Soil Contamination**

###### **(1) Definition**

Soil Contamination refers to the presence of manmade chemicals or other alterations to the natural soil environment.

###### **(2) Standard**

Conditions that indicate Soil Contamination include the existence of underground storage tanks used for heating oil, pools of liquid, pits, ponds, lagoons, stressed vegetation, stained soils or pavement, drums or odors.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 3. Acceptable Appraisal Reporting Forms and Protocols

---

##### (3) Required Analysis and Reporting

The Appraiser must check readily observable evidence of Soil Contamination and hazardous substances in the soil. The Appraiser must report the proximity to dumps, landfills, industrial sites or other sites that could contain hazardous wastes that may have a negative influence on the marketability and/or value of the subject Property.

##### (N) Residential Underground Storage Tanks

The Appraiser must note any readily observable surface evidence of residential underground storage tanks, such as fill pipes, pumps, ventilation caps, etc. If there is readily observable evidence of leakage or onsite contamination, the Appraiser must make a requirement for further inspection.

##### v. New Construction Site Analysis

The Appraiser must obtain a fully executed form [HUD-92541](#), *Builder's Certification of Plans, Specifications, and Site*, signed and dated no more than 30 Days prior to the date the appraisal was ordered, before performing the appraisal on Proposed Construction, Properties Under Construction or Properties Existing Less than One Year.

The Appraiser must review the form and analyze and report any discrepancies between the information provided by the builder and the Appraiser's observations.

##### vi. Excess and Surplus Land

###### (A) Definition

Excess Land refers to land that is not needed to serve or support the existing improvement. The highest and best use of the Excess Land may or may not be the same as the highest and best use of the improved parcel. Excess Land may have the potential to be sold separately.

Surplus Land refers to land that is not currently needed to support the existing improvement but cannot be separated from the Property and sold off. Surplus Land does not have an independent highest and best use and may or may not contribute to the value of the improved parcels.

###### (B) Required Analysis and Reporting

The Appraiser must include the highest and best use analysis in the appraisal report to support the Appraiser's conclusion of the existence of Excess Land. The Appraiser must include Surplus Land in the valuation.

If the subject of an appraisal contains two or more legally conforming platted lots under one legal description and ownership, and the second vacant lot is capable of

being divided and/or developed as a separate parcel where such a division will not result in a non-conformity in zoning regulations for the remaining improved lot, the second vacant lot is Excess Land. The value of the second lot must be excluded from the final value conclusion of the appraisal and the Appraiser must provide a value of only the principal site and improvements under a hypothetical condition.

#### **vii. Characteristics of Property Improvements**

##### **(A) Requirements for Living Unit**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if each living unit does not contain any one of the following:

- a continuing and sufficient supply of safe and potable water under adequate pressure and of appropriate quality for all household uses;
- sanitary facilities and a safe method of sewage disposal. Every living unit must have at least one bathroom, which must include, at a minimum, a water closet, lavatory, and a bathtub or shower;
- adequate space for healthful and comfortable living conditions;
- heating adequate for healthful and comfortable living conditions;
- domestic hot water; or
- electricity adequate for lighting, cooking and for mechanical equipment used in the living unit.

FHA does not have a minimum size requirement for one- to four-family dwellings and condominium units. For Manufactured Housing requirements, see the [Manufactured Housing](#) section.

##### **(B) Access to Living Unit**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if access to the living unit is not provided without passing through any other living unit or access to the rear yard is not provided without passing through any other living unit. For attached dwellings, the access may be by means of alley, Easement, common area or passage through the dwelling.

The Appraiser must report when the Property has security bars on bedroom windows or doors.

##### **(C) Non-Standard House Styles**

###### **(1) Definition**

Non-Standard House Style refers to unique Properties in the market area, including log houses, earth sheltered housing, dome houses, houses with lower than normal ceiling heights, and other houses that in the Appraiser's professional opinion, are unique.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

---

##### **(2) Required Analysis and Reporting**

The Appraiser must provide a comment that the non-standard house style appears structurally sound and readily marketable and must apply appropriate techniques for analysis and evaluation. In order for such a Property to be fully marketable, the Appraiser must demonstrate that it is located in an area of other similar types of construction and blend in with the landscape.

The Appraiser may require additional education, experience, or assistance for these types of Properties.

##### **(D) Modular Housing**

###### **(1) Definition**

Modular Housing refers to Structures constructed according to state and local codes off-site in a factory, transported to a building lot, and assembled by a contractor into a finished house. Although quality can vary, all of the materials – from framing, roofing and plumbing to cabinetry, interior finish and electrical – are identical to what is found in comparable quality conventional “stick-built” housing.

###### **(2) Required Analysis and Reporting**

The Appraiser must treat Modular Housing the same as stick-built housing, including reporting the appraisal on the same form. The Appraiser must select and analyze appropriate comparable sales, which may include conventionally built housing, Modular Housing or Manufactured Housing.

##### **(E) Identifying an Accessory Dwelling Unit**

###### **(1) Definition**

An Accessory Dwelling Unit (ADU) refers to a habitable living unit added to, created within, or detached from a primary one-unit Single Family dwelling, which together constitute a single interest in real estate. It is a separate additional living unit, including kitchen, sleeping, and bathroom facilities.

###### **(2) Required Analysis and Reporting**

As part of the highest and best use analysis, the Appraiser must make the determination to classify the Property as a Single Family dwelling with an ADU, or a two-family dwelling. The conclusion of the highest and best use analysis will then determine the classification of the Property and the analysis and reporting required.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

---

An ADU is usually subordinate in size, location and appearance to the primary Dwelling Unit and may or may not have separately metered utilities or separate means of ingress or egress. The Appraiser must not include the living area of the ADU in the calculation of the Gross Living Area (GLA) of the primary dwelling.

The Appraiser must notify the Mortgagee of the deficiency in MPR or MPS if more than one ADU is located on the subject Property.

#### **(F) Additional Manufactured Home on Property**

The Appraiser may consider a Manufactured Home to be an ADU if it meets the highest and best use and FHA requirements.

The Appraiser may value a Manufactured Home on the Property that physically or legally may not be used as a dwelling and does not pose any health and safety issues by its continued presence as a storage unit.

#### **(G) Leased Equipment, Components, and Mechanical Systems**

The Appraiser must not include the value of leased mechanical systems and components in the Market Value of the subject Property. This includes furnaces, water heaters, fuel or propane storage tanks, solar or wind systems (including power purchase agreements), and other mechanical systems and components that are not owned by the property owner. The Appraiser must identify such systems in the appraisal report.

### **d. Gross Living Area**

#### **i. Definition**

Gross Living Area (GLA) refers to the total area of finished, above-grade residential space calculated by measuring the outside perimeter of the Structure. It includes only finished, habitable, above-grade living space.

#### **ii. Required Analysis and Reporting**

The Appraiser must:

- identify non-contiguous living area and analyze its effect on functional utility;
- ensure that finished basements and unfinished attic areas are not included in the total GLA; and
- use the same measurement techniques for the subject and comparable sales, and report the building dimensions in a consistent manner.

When any part of a finished level is below grade, the Appraiser must report all of that level as below-grade finished area, and report that space on a different line in the appraisal report, unless the market considers it to be Partially Below-Grade Habitable Space.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

---

In the case of non-standard Properties and floor plans, the Appraiser must observe, analyze, and report the market expectations and reactions to the unique Property.

#### **iii. Additions and Converted Space**

The Appraiser must treat room additions and garage conversions as part of the GLA of the dwelling, provided that the addition or conversion space:

- is accessible from the interior of the main dwelling in a functional manner;
- has a permanent and sufficient heat source; and
- was built in keeping with the design, appeal, and quality of construction of the main dwelling.

Room additions and garage conversions that do not meet the criteria listed above are to be addressed as a separate line item in the sales grid, not in the GLA. The Appraiser must address the impact of inferior quality garage conversions and room additions on marketability as well as Contributory Value, if any.

The Appraiser must analyze and report differences in functional utility when selecting comparable properties of similar total GLA that do not include converted living space. If the Appraiser chooses to include converted living spaces as GLA, the Appraiser must include an explanation detailing the composition of the GLA reported for the comparable sales, functional utility of the subject and comparable properties, and market reaction.

Alternatively, the Appraiser may consider and analyze converted living spaces on a separate line within the sales comparison grid including the functional utility line in order to demonstrate market reaction.

The Appraiser must not add an ADU or secondary living area to the GLA.

#### **iv. Partially Below-Grade Habitable Space**

##### **(A) Definition**

Partially Below-Grade Habitable Space refers to living area constructed partially below grade, but has the full utility of GLA.

##### **(B) Required Analysis and Reporting**

The Appraiser must report the design and measurements of the subject, the market acceptance or preference, how the levels and areas of the dwelling are being calculated and compared, and the effect that this has on the analysis.

Regardless of the description of the rooms, bedrooms or baths as above grade or below grade, the Appraiser must analyze all components of the subject Property in the valuation process.

##### **v. Bedrooms**

The Appraiser must not identify a room as a bedroom that cannot accommodate ingress or egress in the event of an emergency, regardless of location above or below grade.

##### **e. Appliances**

###### **i. Definition**

Real Property refers to the interests, benefits, and rights inherent in the ownership of physical real estate.

Personal Property refers to tangible property, other than Real Property, such as cars, recreational vehicles, stamps, coins or other collectibles.

###### **ii. Standard**

Cabinets and built-in appliances that are considered Real Property must be present and operational.

###### **iii. Required Analysis and Reporting**

The Appraiser must note appliances present in the house at the time of observation and indicate whether that appliance is considered Personal Property or Real Property. The Appraiser must operate all conveyed appliances and observe their performance.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if any conveyed appliances are inoperable.

##### **f. Swimming Pools**

The Appraiser must report readily observable defects in a non-covered pool that would render the pool inoperable or unusable. If the pool water contains algae and is aesthetically unappealing, but the Appraiser has no evidence that the pool is otherwise contaminated, no cleaning is required. Swimming pools must be operational to provide full Contributory Value.

The Appraiser must condition the appraisal report for pools with unstable sides or structural issues to be repaired or permanently filled in accordance with local guidelines, and the surrounding land re-graded if necessary.

If the swimming pool has been winterized, or the Appraiser cannot determine if the pool is in working order, the Appraiser must complete the appraisal with the extraordinary assumption that the pool and its equipment can be restored to full operating condition at normal costs.

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

##### **g. Mechanical Components and Utilities**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if mechanical systems are not safe to operate; not protected from destructive elements; do not have reasonable future utility, durability and economy; or do not have adequate capacity.

The Appraiser must observe the physical condition of the plumbing, heating and electrical systems. The Appraiser must operate the applicable systems and observe their performance. If the systems are damaged or do not function properly, the Appraiser must condition the appraisal on its repair or further inspection.

If the Property is vacant, the Appraiser must note in the report whether the utilities were on or off at the time of the appraisal.

If the utilities are not on at the time of observation and the systems could not be operated, the Appraiser must:

1. render the appraisal as subject to re-observation;
2. condition the appraisal upon further observation to determine if the systems are in proper working order once the utilities are restored; and
3. complete the appraisal under the extraordinary assumption that utilities and mechanical systems, and appliances are in working order.

The Appraiser must note that the re-observation may result in additional repair requirements once all the utilities are on and fully functional.

If systems could not be operated due to weather conditions, the Appraiser must clearly note this in the report. The Appraiser should not operate the systems if doing so may damage equipment or when outside temperatures will not allow the system to operate.

Electrical, plumbing, or heating/cooling certifications may be required when the Appraiser cannot determine if one or all of these systems are working properly.

##### **i. Heating and Cooling Systems**

The Appraiser must examine the heating system to determine if it is adequate for healthful and comfortable living conditions, regardless of design, fuel or heat source.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the permanently installed heating system does not:

- automatically heat the living areas of the house to a minimum of 50 degrees Fahrenheit in all GLAs, as well as in non-GLAs containing building or system components subject to failure or damage due to freezing;
- provide healthful and comfortable heat or is not safe to operate;
- rely upon a fuel source that is readily obtainable within the subject's geographic area;
- have market acceptance within the subject's marketplace; and
- operate without human intervention for extended periods of time.

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

---

Central air conditioning is not required but, if installed, must be operational. If the air conditioning system is not operational, the Appraiser must indicate the level of deferred maintenance, analyze and report the effect on marketability, and include the cost to cure.

#### **ii. Electrical System**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the electrical system is not adequate to support the typical functions performed in the dwelling without disruption, including appliances adequate for the type and size of the dwelling.

The Appraiser must examine the electrical system to ensure that there is no visible frayed wiring or exposed wires in the dwelling, including garage and basement areas, and report if the amperage and panel size appears inadequate for the Property. The Appraiser must operate a sample of switches, lighting fixtures, and receptacles inside the house and garage, and on the exterior walls, and report any deficiencies. The Appraiser is not required to insert any tool, probe or testing device inside the electrical panel or to dismantle any electrical device or control.

#### **iii. Plumbing System**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the plumbing system does not function to supply water pressure, flow and waste removal.

The Appraiser must flush the toilets and operate a sample of faucets to check water pressure and flow, to determine that the plumbing system is intact, that it does not emit foul odors, that faucets function appropriately, that both cold and hot water run, and that there is no readily observable evidence of leaks or structural damage under fixtures.

The Appraiser must examine the water heater to ensure that it has a temperature and pressure-relief valve with piping to safely divert escaping steam or hot water.

If the Property has a septic system, the Appraiser must examine it for any signs of failure or surface evidence of malfunction. If there are deficiencies, the Appraiser must require repair or further inspection.

#### **h. Roof Covering**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the roof covering does not prevent entrance of moisture or provide reasonable future utility, durability and economy of maintenance and does not have a remaining physical life of at least two years.

The Appraiser must observe the roof to determine whether there are deficiencies that present a health and safety hazard or do not allow for reasonable future utility. The Appraiser must identify the roofing material type and the condition observed in the “Improvements” section of the report.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

---

The Appraiser must report if the roof has less than two years of remaining life, and make the appraisal subject to inspection by a professional roofer.

When the Appraiser is unable to view the roof, the Appraiser must explain why the roof is unobservable and report the results of the assessment of the underside of the roof, the attic, and the ceilings.

#### **i. Structural Conditions**

The Appraiser must report on structural conditions so that the Mortgagee can determine if the foundation and Structure of the Property will be serviceable for the life of the Mortgage.

The Appraiser must perform a visual observation of the foundation and Structure of the improvements and report those results. If the Appraiser notes any structural issues, the Appraiser must address the nature of the deficiency in the appraisal where physical deficiencies or adverse conditions are reported and require inspection.

#### **j. Defective Paint**

If the dwelling or related improvements were built after 1978, the Appraiser must report all defective paint surfaces on the exterior and require repair of any defective paint that exposes the subsurface to the elements.

If the dwelling or related improvements were built on or before December 31, 1978, refer to the section on [Lead-Based Paint](#).

#### **k. Attic Observation Requirements**

The Appraiser must observe the interiors of all attic spaces.

The Appraiser is not required to disturb insulation, move personal items, furniture, equipment or debris that obstructs access or visibility. If unable to view the area safely in their entirety, the Appraiser must contact the Mortgagee and reschedule a time when a complete visual observation can be performed, or complete the appraisal subject to inspection by a qualified third party. In cases where access through a scuttle is limited and the Appraiser cannot fully enter the attic, the insertion of at least the head and shoulders of the Appraiser will suffice.

If there is evidence of a deficient condition (such as a water-stained ceiling, insufficient ventilation, or smell of mold), the Appraiser must report this condition, and render the appraisal subject to inspection and repairs if necessary.

If there is no access or scuttle, the Appraiser must report the lack of accessibility to the area in the appraisal report. There is no requirement to cut open walls, ceilings or floors.

An observation performed in accordance with these guidelines is visual and is not technically exhaustive.

## II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 3. Acceptable Appraisal Reporting Forms and Protocols

---

##### I. Foundation

The Appraiser must examine the foundation for readily observable evidence of safety or structural deficiencies that may require repair. If a deficiency is noted, the Appraiser must describe the nature of the deficiency and report necessary repairs, alterations or required inspections in the appraisal where physical deficiencies or adverse conditions are reported.

For [Manufactured Housing](#), the appraisal must be conditioned upon the certification of an engineer or architect that the foundation is in compliance with the [Permanent Foundations Guide for Manufactured Housing \(PFGMH\)](#).

##### i. Basement

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the basement is not free of dampness, wetness, or obvious structural problems that might affect the health and safety of occupants or the soundness of the Structure.

##### ii. Sump Pumps

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the sump pump is not properly functioning at the time of appraisal. A sump pump may be hard-wired by an acceptable wiring method or may have a factory electrical cord that is to be connected to a receptacle suitable for such use.

##### m. Crawl Space Observation Requirements

The Appraiser must visually observe all areas of the crawl space and notify the Mortgagee of the deficiency of MPR and MPS when the crawl space does not satisfy any of the following criteria:

- The floor joists must be sufficiently above ground level to provide access for maintaining and repairing ductwork and plumbing.
- If the crawl space contains any system components, the minimum required vertical clearance is 18 inches between grade and the bottom of the floor joists.
- The crawl space must be properly vented unless the area is mechanically conditioned.
- The crawl space must be free of trash, debris, and vermin.
- The crawl space must not be excessively damp and must not have any water pooling. If moisture problems are evident, a vapor barrier and/or prevention of water infiltration must be required.

The Appraiser must report any evidence that may indicate issues with structural support, dampness, damage, or vermin that may affect the safety, soundness and security of the Property.

In cases where access through a scuttle is limited, and the Appraiser cannot fully enter the crawl space, the insertion of at least the head and shoulders of the Appraiser will suffice. If there is no access to the crawl space but there is evidence of a deficient condition (such as

water-stained subflooring or smell of mold), the Appraiser must report this condition and the Mortgagee must have a qualified third party perform an inspection.

If there is no access, the Appraiser must report the lack of accessibility to the area in the appraisal report. There is no requirement to cut open walls, ceilings or floors.

Not all houses (especially historic houses) with a vacant area beneath the flooring are considered to have a crawl space; it may be an intentional void, with no mechanical systems and no intention or reason for access.

#### **n. Environmental and Safety Hazards**

The Appraiser must report known environmental and safety hazards and adverse conditions that may affect the health and safety of the occupants, the Property's ability to serve as collateral, and the structural soundness of the improvements.

Environmental and safety hazards may include defective lead-based paint, mold, toxic chemicals, radioactive materials, other pollution, hazardous activities, and potential damage to the Structure from soil or other differential ground movements, subsidence, flood, and other hazards.

##### **i. Lead-Based Paint**

###### **(A) Improvements Built on or Before 1978**

The Appraiser must note the condition and location of all defective paint and require repair in compliance with [24 CFR § 200.810\(c\)](#) and any applicable EPA requirements. The Appraiser must observe all interior and exterior surfaces, including common areas, stairs, deck, porch, railings, windows and doors, for defective paint (cracking, scaling, chipping, peeling, or loose). Exterior surfaces include those surfaces on fences, detached garages, storage sheds, and other outbuildings and appurtenant Structures.

###### **(B) Condominium Units Built on or Before 1978**

The Appraiser must observe the interior of the unit, common unit and exterior surfaces and appurtenant Structures of the specific unit being appraised; and address the overall condition, maintenance and appearance of the Condominium Project. The Appraiser must note the condition and location of all defective paint in the unit, common area and exterior, and require repair in compliance with [24 CFR § 200.810\(c\)](#) and any applicable EPA requirements.

##### **ii. Methamphetamine Contaminated Property**

If the Mortgagee notifies the Appraiser or the Appraiser has evidence that a Property is contaminated by the presence of methamphetamine (meth), either by its manufacture or

by consumption, the Appraiser must render the appraisal subject to the Property being certified safe for habitation.

If the effective date of the appraisal is prior to certification that the Property (site and dwelling) is safe for habitation, the Appraiser will complete the appraisal subject to certification that the Property is safe for habitation.

If the effective date of the appraisal is after certification that the Property (site and dwelling) is safe for habitation, and the Mortgagee has provided a copy of the certification by the certified hygienist, the Appraiser must include a copy of the certification in the appraisal report.

The Appraiser must analyze and report any long-term stigma caused by the Property's contamination by meth and the impact on value or marketability.

#### **iii. Wood Destroying Insects/Organisms/Termites**

The Appraiser must observe the foundation and perimeter of the buildings for evidence of wood destroying pests. The Appraiser's observation is not required to be at the same level as a qualified pest control specialist.

If there is evidence or notification of infestation, including a prior treatment, the Appraiser must mark the evidence of infestation box in the "Improvements" section of the appraisal and make the appraisal subject to inspection by a qualified pest control specialist.

#### **o. Repair Requirements**

When examination of New or Existing Construction reveals non-compliance with MPR and MPS, the Appraiser must report the repairs necessary to make the Property comply, provide an estimated cost to cure, provide descriptive photographs, and condition the appraisal for the required repairs.

If compliance can only be effected by major repairs or alterations, the Appraiser must report all readily observable property deficiencies, as well as any adverse conditions discovered performing the research involved in completion of the appraisal, within the reporting form.

Regardless of the Appraiser's suggested repairs, the Mortgagee will determine which repairs are required.

#### **i. Limited Required Repairs**

The Appraiser must limit required repairs to those repairs necessary to:

- maintain the safety, security and soundness of the Property;
- preserve the continued marketability of the Property; and
- protect the health and safety of the occupants.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

##### **ii. As-Is Condition and Cosmetic Repairs**

The Appraiser may complete an as-is appraisal for existing Properties when minor property deficiencies, which generally result from deferred maintenance and normal wear and tear, do not affect the health and safety of the occupants or the security and soundness of the Property. Cosmetic or minor repairs are not required, but the Appraiser must report and consider them in the overall condition when rating and valuing the Property. Cosmetic repairs include missing handrails that do not pose a threat to safety, holes in window screens, cracked window glass, defective interior paint surfaces in housing constructed after 1978, minor plumbing leaks that do not cause damage (such as a dripping faucet), and other inoperable or damaged components that in the Appraiser's professional judgment do not pose a health and safety issue to the occupants of the house.

If an element is functioning well but has not reached the end of its useful life, the Appraiser should not recommend replacement because of age.

##### **iii. Defective Conditions Requiring Repair**

The nature and degree of any noted deficiency will determine whether the Appraiser must address the deficiency in the narrative comments area of the report under "condition of the property" or "physical deficiencies" affecting livability or structural soundness.

##### **iv. Conditions Requiring Inspection by a Qualified Individual or Entity**

The Appraiser must notify the Mortgagee and make the appraisal subject to an inspection by a qualified individual or Entity when the observation reveals evidence of a potential safety, soundness, or security issue beyond the Appraiser's ability to assess. The Appraiser must report and describe the indication of a particular problem when requiring an inspection of any mechanical system, structural system, or other component requiring a repair.

#### **p. Utility Services**

##### **i. Definition**

Utility Services refer to those services consumed by the public such as individual electric, water, natural gas, sewage, and telephone.

##### **ii. Required Analysis and Reporting**

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if the subject Property is an attached, detached, or manufactured Single Family dwelling and the utilities are not independent for each living unit. This does not apply to ADUs.

The Appraiser must also notify the Mortgagee of the deficiency of MPR or MPS if utilities are not located on Easements that have been permanently dedicated to the local government or appropriate public utility body.

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **3. Acceptable Appraisal Reporting Forms and Protocols**

##### **(A) Multiple Living Units Under Single Ownership**

The Appraiser should not note a deficiency of MPR or MPS if the Property contains multiple living units under a single Mortgage or ownership (two- to four-family Properties) that utilize common services, such as water, sewer, gas and electricity and is served by one meter in jurisdictions that allow single meter rental properties, unless separate utility service shut-offs are not provided for each.

The Appraiser must notify the Mortgagee of the deficiency of MPR or MPS if other facilities are not independent for each living unit, except common services such as laundry, storage space or heating, which may be provided in two- to four-living unit buildings under a single Mortgage.

##### **(B) Living Units Under Separate Ownership**

The Appraiser should not note the deficiency of MPR or MPS if the Property contains living units under separate ownership and part of a larger planned community, that utilize common utility services provided from the main to the building line when protected by an Easement or covenant and maintenance agreement, unless individual utilities serving a living unit pass over, under, or through another living unit without provision for repair and maintenance of utilities without trespass on adjoining properties, or legal provision for permanent right of access for maintenance and repair of utilities.

If a single drain line in the building serves more than one unit, and the building drain clean-outs are not accessible from the exterior, the Appraiser must note the deficiency of MPR or MPS to the Mortgagee.

#### **iii. Individual Water Supply Systems**

##### **(A) Definition**

An Individual Water Supply System refers to a potable water source providing water to an individual Property.

##### **(B) Standard**

When an Individual Water Supply System is present, water quality must meet the requirements of the health authority with jurisdiction. If there are no local (or state) water quality standards, then water must be potable, which may be demonstrated by compliance with the current [EPA Manual of Individual and Non-Public Water Supply Systems](#).

Soil poisoning is an unacceptable method for treating termites unless satisfactory assurance is provided that the treatment will not endanger the quality of the water supply.

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 3. Acceptable Appraisal Reporting Forms and Protocols

---

#### (C) Required Analysis and Reporting

When the Appraiser obtains evidence that any of the water quality requirements are not met, the Appraiser must notify the Mortgagee and provide a cost cure.

##### (1) Conditions for Individual Water Supplies

The Appraiser must note the deficiency of MPR or MPS if the subject Property contains a well located within the foundation walls of an existing dwelling and there is no evidence that the local jurisdiction recognizes and permits such a location, that it is common for the market area, and does not adversely affect marketability unless the well is located within the foundation walls of a New Construction dwelling in an arctic or sub-arctic region.

The Appraiser must report when water to a Property is supplied by dug wells, cisterns or holding tanks used in conjunction with water purchased and hauled to the site. The Appraiser must report whether such systems are readily accepted by local market participants and that the water supply system may violate MPR or MPS.

The Appraiser must note the deficiency of MPR or MPS if the subject Property has a water source that includes a mechanical chlorinator or is served by springs, lakes, rivers, sand-point or artesian wells.

A pressure tank with a minimum capacity of 42 gallons must be provided. However, pre-pressured tanks and other pressurizing devices are acceptable if delivery between pump cycles equal or exceed that of a 42-gallon tank. Tanks must be equipped with a clean-out plug at the lowest point and a suitable pressure relief valve.

##### (2) Required Analysis and Reporting

The Appraiser must note any readily observable deficiencies regarding the well and require test or inspection if any of the following apply:

- the water supply relies upon a water purification system due to the presence of contaminates;
- corrosion of pipes (plumbing);
- areas of intensive agricultural uses within one quarter mile;
- coal mining or gas drilling operations within one quarter mile;
- a dump, junkyard, landfill, factory, gas station, or dry cleaning operation within one quarter mile; or
- an unusually objectionable taste, smell, or appearance of well water.

The Appraiser must also be familiar with the [minimum distance requirements](#) between private wells and sources of pollution and, if discernible, comment on them. The Appraiser is not required to sketch or note distances between the well, property lines, septic tanks, drain fields, or building Structures but may provide

estimated distances where they are comfortable doing so. When available, the Appraiser should obtain from the homeowner or Mortgagee a copy of a survey or other documents attesting to the separation distances between the well and septic system or other sources of pollution.

#### iv. Shared Wells

##### (A) Definition

A Shared Well refers to a well that services two to four homes where there is a binding [Shared Well Agreement](#) between the property owners that meets FHA requirements.

##### (B) Required Analysis and Reporting

If the Property has a Shared Well, the Appraiser must report it and note any readily observable deficiencies. The Appraiser must also obtain a Shared Well Agreement and include it in the appraisal report so that the Mortgagee may review the agreement to determine eligibility. The Appraiser must also require an [inspection under the same circumstances as an individual well](#).

#### v. Community Water Systems

##### (A) Definition

A Community Water System refers to a central system that is owned, operated and maintained by a private corporation or a nonprofit property owners' association.

##### (B) Required Analysis and Reporting

If the Property is on a Community Water System, the Appraiser must note the name of the water company on the appraisal report.

The Appraiser must report on the availability of connection to public and/or Community Water System or sewer system, and any jurisdictional conditions requiring connection.

#### q. Onsite Sewage Disposal Systems

##### i. Definition

An Onsite Sewage Disposal System refers to wastewater systems designed to treat and dispose of effluent on the same Property that produces the wastewater.

##### ii. Required Analysis and Reporting

an Onsite Sewage Disposal System adequate to dispose of all domestic wastes in a manner that will not create a nuisance, or in any way endanger the public health.

The Appraiser must visually inspect the Onsite Sewage Disposal System and its surrounding area. The Appraiser must require an inspection to ensure that the system is in proper working order if there are readily observable signs of system failure. The Appraiser must report on the availability of public sewer to the site.

The Appraiser must note the deficiency of MPR or MPS and notify the Mortgagee if the Appraiser has evidence that the Onsite Sewage Disposal System is not sufficient.

#### 4. Valuation and Reporting Protocols

##### a. Photograph, Exhibits and Map Requirements

The Appraiser must include a legible street map showing the location of the subject and each of the comparable properties, including sales, rentals, listings, and other data points utilized. If substantial distance exists between the subject and comparable properties, additional legible maps must be included.

The Appraiser must include a building sketch showing the GLA, all exterior dimensions of the house, patios, porches, decks, garages, breezeways, and any other attachments or out buildings contributing value. The sketch must show “covered” or “uncovered” to indicate a roof or no roof (such as over a patio). The Appraiser must show the calculations used to arrive at the estimated GLA. The Appraiser must provide an interior sketch or floor plan for Properties exhibiting functional obsolescence attributable to the floor plan design.

The Appraiser must provide photographs as required in the table below and any additional exterior and interior photographs, reports, studies, analysis, or copies of prior listings in support of the Appraiser’s observation and analysis.

#### b. Intended Use and Intended Users of Appraisal

The intended use of the appraisal is solely to assist FHA in assessing the risk of the Property securing the FHA-insured Mortgage ([24 CFR § 200.145\(b\)](#)).

FHA and the Mortgagee are the intended users of the appraisal report.

The FHA Appraiser does not guarantee that the Property is free from defects. The appraisal establishes the value of the Property for mortgage insurance purposes only.

#### c. Development of the Market Value

##### i. Value Required

##### (A) Definition of Market Value

Market Value refers to the most probable price which a Property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal

consideration for the Property sold unaffected by special or creative financing or Sales Concessions granted by anyone associated with the sale.

Adjustments to the comparables must be made for special or creative financing or Sales Concessions. No adjustments are necessary for those costs, which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable Property by comparisons to financing terms offered by a third-party institutional lender that is not already involved in the Property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the Appraiser's judgment.

#### **(B) Standard**

The Appraiser must determine the Market Value of the subject Property.

#### **(C) Required Analysis and Reporting**

The Appraiser must analyze all data researched and collected prior to reporting the value.

### **ii. Appraisal Conditions**

#### **(A) Definition**

Appraisal Conditions refer to anything the Appraiser requires to occur or be known before the value of conclusion can be considered valid.

#### **(B) Standard**

Conclusions about the observed conditions of the Property provide the rationale for the opinion of Market Value.

The completed appraisal form, together with the required exhibits, constitutes the reporting instrument for FHA-insured Mortgages. Conditions of the Property, mortgage type and the market will determine if the appraisal is to be performed as-is, or if the value opinion needs to be conditioned upon an extraordinary assumption(s), a hypothetical condition(s), subject to an additional inspection, or completion of construction, repairs or alterations.

#### **(C) Required Analysis and Reporting**

The Appraiser must state in the appraisal report whether repairs, alterations or inspections are necessary to eliminate conditions threatening the continued use, security, and marketability of the Property.

**B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

**iii. Valuation Development**

**(A) Standard**

There are three valuation approaches as applied to one-to four-residential unit Properties:

- sales comparison approach;
- cost approach; and
- income approach to value.

**(B) Required Analysis and Reporting**

The Appraiser must obtain credible and verifiable data to support the application of the three approaches to value.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **4. Valuation and Reporting Protocols**

---

The Appraiser must perform a thorough analysis of the characteristics of the market, including the supply of properties that would compete with the subject and the corresponding demand.

The Appraiser must perform a highest and best use of the Property, using all four tests and report the results of that analysis.

#### **(C) FHA Data Requirements for the Subject and Comparable Properties**

The Appraiser must verify the characteristics of the transaction (such as sale price, date, seller concessions, conditions of sale) and the characteristics of the comparable property at the time of sale through reliable data sources.

The Appraiser must verify transactional data via public records and the parties to the transaction: agents, buyers, sellers, Mortgagees, or other parties with relevant information. If the sale cannot be verified by a party to the transaction, the Appraiser may rely on public records or another verifiable impartial source.

MLS records and property site visits alone are not acceptable verification sources.

#### **(D) Effective Age and Remaining Economic Life**

##### **(1) Standard**

The effective age reflects the condition of a Property relative to similar competitive properties. The effective age may be greater than, less than, or equal to the actual age. Any significant difference between the actual and effective ages requires an explanation.

##### **(2) Required Analysis and Reporting**

The Appraiser must state the remaining economic life as a single number or as a range for all property types, including condominiums. The Appraiser must provide an explanation if the remaining economic life is less than 30 years.

The Appraiser must apply the appropriate technique to estimate the economic life of the subject and not just report a number without analysis.

#### **(E) Approaches to Value**

The Appraiser must consider and attempt all approaches to value and must develop and reconcile each approach that is relevant.

##### **(1) Cost Approach to Value**

The Appraiser may use any of the credible and recognized methods to complete the cost approach (unit in place, segregated costs, price per unit, detailed builder's cost method, or any other credible source that can be duplicated by the reader).

**II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**  
**B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**  
**4. Valuation and Reporting Protocols**

If the Appraiser uses cost estimates provided by the contractor or builder of the Property, the cost estimates must be reasonable and independently verified.

**(a) Land Valuation**

**(i) Standard**

If the cost approach is applicable, the Appraiser must estimate the site value. Acceptable methodology used to estimate land value include sales comparison, allocation, and extraction.

**(ii) Required Analysis and Reporting**

The Appraiser must include a summary of the supporting documentation and analysis in the appraisal. The Appraiser must maintain comparable land sales data and analysis or other supporting information in the Appraiser's file and include it by reference in the appraisal. [For Properties with Excess Land](#), the Appraiser must include all comparable land sale data and analysis in the report.

**(b) Estimate of Cost New for Housing**

**(i) Standard**

The Appraiser may use either the replacement cost or the reproduction cost.

**(ii) Required Analysis and Reporting**

The Appraiser must state the method used and the source of the data.

The Appraiser must use the current version of a published cost data source recognized by the industry. The Appraiser must report the quality rating selected and utilized, as well as identify the source of the data, and its publication and/or effective date. The Appraiser is expected to be aware of local cost data from builders, contractors, building supply firms, and other building industry participants as a check against the published cost data.

The Appraiser must also provide a supporting explanation when applying adjustments to the published cost data, such as adjustments for:

- transportation and labor in remote areas;
- entrepreneurial profit; or
- fees and charges unique to the area.

Specific requirements for the cost approach as applied to Manufactured Homes are addressed in the [FHA Single Family Housing Appraisal Report and Data Delivery Guide - Manufactured Home Appraisal Report](#).

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **4. Valuation and Reporting Protocols**

---

### **(2) Income Approach to Value for Residential Properties**

#### **(a) Standard**

The Appraiser should apply the income approach to a Single Family residential Property when there is evidence of recently rented and then sold data pairs.

The Appraiser must verify if the subject or the comparable rentals and sales are subject to rent control restrictions. If comparable sales do not have rent control restrictions similar to those of the subject, an appropriate adjustment should be applied.

#### **(b) Required Analysis and Reporting**

The Appraiser must analyze rental data and provide support for the estimated market rents and adjustments applied to the comparable rentals in the reconciliation of this approach.

The Appraiser must derive the Gross Rent Multiplier (GRM) factor from market data and support it prior to applying it to the market rent for the subject.

### **(3) Sales Comparison Approach**

#### **(a) Standard**

The sales comparison approach is required for all appraisals.

#### **(b) Required Analysis and Reporting**

The Appraiser must present the data, points of comparison, and analysis; provide support for the Appraiser's choice of comparable properties, and the adjustments for dissimilarities to the subject; and include sufficient description and explanation to support the facts, analyses and the Appraiser's conclusion.

If the data from the market area is insufficient to support some of these requirements, the Appraiser must provide the best information available and include an explanation of the issue, the data available, the conclusions reached and the steps taken by the Appraiser to attempt to meet the guidelines.

##### (c) Comparable Sale Selection

###### (i) Characteristics of the Property

Comparable sale selection must be based on properties having the same or similar locational characteristics, physical characteristics and the priority the market assigns to each factor, including:

- site;
- site view;
- location;
- design;
- appeal;
- style;
- age;
- size;
- utility;
- quality;
- condition; and
- any other factor that in the Appraiser's professional judgment is recognized as relevant in the subject market.

###### (ii) Characteristics of the Transaction

###### Definition

An Arm's Length Transaction refers to a transaction between unrelated parties and meets the requirements of Market Value.

###### Standard

The Appraiser must utilize Arm's Length Transactions for comparable properties except when there is evidence that REO sales or short sale/Pre-Foreclosure Sale (PFS) transactions are so prevalent that normal Arm's Length Transactions are not present or supported by the market trend.

A transaction involving a foreclosure transfer to a mortgagee is not evidence of the Market Value, and is not a valid type of comparable sale for an FHA-insured Mortgage.

The common types of property transfers listed below require investigation and analysis to ensure that they meet the definition of an Arm's Length Transaction:

- REO sale – transfer from mortgagee to new owner;
- short sale/PFS;
- estate sale;
- court ordered sale;

#### 4. Valuation and Reporting Protocols

---

- relocation sale; and
- flip transactions.

#### **Required Analysis and Reporting**

The Appraiser must include as many comparable properties as are necessary to support the Appraiser's analysis and conclusion. At a minimum, the Appraiser must include the most recent and relevant sales, preferably within the last six months. The Appraiser must include at least three sales that settled no longer than 12 months prior to the effective date of the appraisal. The Appraiser must provide additional support by including more sales, offerings, offerings now under contract, or relevant sales that settled more than 12 months prior to the effective date of the appraisal.

The Appraiser must analyze the whole market, including when there are a number of sales that may or may not be classified as arm's length sales or may not be classified as directly similar to the Property.

#### **(d) Adjusting Comparable Properties**

##### **(i) Standard**

Calculation of the Contributory Value includes methods based on the:

- direct sales comparison approach;
- cost approach; and
- income approach.

##### **(ii) Required Analysis and Reporting**

The Appraiser must apply all appropriate techniques and methods, conduct an analysis, and report the results. The Appraiser must include the reasoning that supports the analyses, opinions, and conclusions in the report.

#### **(e) Comparable Selection in Diverse Real Estate Markets**

##### **(i) Standard**

Comparable sales should be selected based on similar locational and physical characteristics, not sales price.

#### **Subdivisions, Condominiums or Planned Unit Development Projects**

Arm's length resale activity from within the established subdivision, condominium or PUD project is often the best indicator of value.

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

### **B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages**

#### **4. Valuation and Reporting Protocols**

---

##### **(ii) Required Analysis and Reporting**

The Appraiser must include an analysis of the comparable properties that includes an explanation. The analysis must reflect typical Borrower expectations and behavior.

##### **Subdivisions, Condominiums or Planned Unit Development Projects**

If the Appraiser uses sales of comparable properties that are located outside of the subject's subdivision or project, the analysis must reflect typical Borrower expectations and behavior.

For Properties in new subdivisions, or units in new (or recently converted) Condominium Projects, the Appraiser must include, for comparison, properties in the subject market area as well as properties within the subject subdivision or project. Whenever possible, the Appraiser must select at least one sale from a competing subdivision or project and one sale from within the subject subdivision or project so that this market acceptance may be directly compared. If the new project is mature enough to have experienced arm's length resales, the Appraiser must also analyze and report those properties.

##### **(f) Comparable Sale Selection in Rural and Slow Growth Markets**

If insufficient comparable sales have occurred within the previous six months, the Appraiser must include at least three sales that occurred less than 12 months prior to the date of appraisal.

Where there is a scarcity of recent comparable sales data, the Appraiser may include sales older than 12 months as additional sales in markets. The Appraiser must report the most recent and relevant sales, and include a thorough explanation of the market conditions, the levels of supply and demand, and a reason for the lack of recent sales data.

##### **(g) Sales Concessions**

###### **(i) Definition**

Sales Concessions refer to non-realty items, upgraded features in newly constructed houses, or special financing incentives.

###### **(ii) Standard**

Adjustments are not calculated on a dollar for dollar cost of the financing or Sales Concession. However, the dollar amount of any adjustment should approximate the market's reaction to the Sales Concessions based on the Appraiser's analysis of observable and supportable market trends

## **II. ORIGINATION THROUGH POST-CLOSING/ENDORSEMENT**

#### **4. Valuation and Reporting Protocols**

---

and expectations. The adjustment should reflect the difference between the sales price with the Sales Concessions, and what the Property would have sold for without the concessions under typical market conditions.

#### **(iii) Required Analysis and Reporting**

The Appraiser must verify all comparable sales transactions for Sales Concessions and report those findings in the appraisal. The Appraiser must clearly state how and to what extent the sale was verified. If the sale cannot be verified with someone who has first-hand knowledge of the transaction (buyers, sellers, real estate agents involved in the transaction, or one of their representatives), the Appraiser must report the lack of verification.

The Appraiser must make market-based adjustments to the comparable sales for any sales or financing concessions that may have affected the sales price. The Sales Concessions of the comparable properties are adjusted to typical market expectations, not to the specific terms or conditions of the sale of the subject. The Appraiser must include an explanation of the effect of the Sales Concessions on the sale price of the comparable.

#### **(h) Bracketing**

##### **(i) Definition**

Bracketing refers to selecting comparable properties with features that are superior to and inferior to the subject features.

##### **(ii) Standard**

Comparable properties must be selected based on the principle of substitution, and the analysis will reveal the relevance of that data. Comparable properties should not be chosen only because their prices bracket a desired or estimated value.

##### **(iii) Required Analysis and Reporting**

In analyzing the comparable pool to determine the best comparable sales to display and compare in the adjustment grid, the Appraiser must use Bracketing techniques when possible and appropriate.

##### **(i) Market Condition (Time) Adjustments**

###### **(i) Definition**

Market Condition Adjustments refer to adjustments made to reflect value changes in the market between the date of the contract for the comparable sale and the effective date of the appraisal.

###### **(ii) Standard**

Within the sales adjustment grid, the potentially comparable properties may be adjusted if they were contracted for sale during a market period different from that of the date of valuation. If a market-to-market (time) adjustment is warranted, it must be applied to the date of contract rather than the date of closing or deed recordation.

###### **(iii) Required Analysis and Reporting**

The Appraiser must provide a summary comment and support for all conclusions relating to the trend of the current market.

##### **(F) FHA Appraisal Requirements in Changing Markets**

###### **(1) Standard**

An analysis of market trends for at least the past 12 to 24 months preceding the effective date of the appraisal is necessary in order to establish a benchmark for reporting present market conditions.

The final conclusion must be based on the reconciliation of all data.

###### **(a) Increasing Markets**

In an increasing market, positive Market Condition Adjustments should be applied if there is sufficient proof of the trend from a credible source based on a thorough analysis of specific market trends and as evidenced by a sale and resale comparison.

###### **(b) Declining Markets**

Although there is no standard industry definition, for purposes of performing appraisals of Properties that are to be collateral for FHA-insured Mortgages, a Declining Market refers to any neighborhood, market area or region that demonstrates a decline in prices or deterioration in other market conditions as evidenced by an oversupply of existing inventory and extended marketing times. Generally, a trend in the housing market is identifiable when it extends

for a period of at least six months or two quarters prior to the effective date of the appraisal.

In a Declining Market, negative Market Condition Adjustments should be applied if there is sufficient proof of the trend from a credible source based on a thorough analysis of specific market trends and as evidenced by a sale and resale comparison.

#### **(2) Required Analysis and Reporting**

The Appraiser must accurately report market conditions and determine when housing trends are increasing, stable or declining. The Appraiser must provide a summary comment as to the continuance of the current trend or if the trend appears to be changing, and provide support for all conclusions. If the Appraiser bases the adjustment on a published source, the Appraiser must include a copy of which must be included in the addendum.

The Appraiser must include an absorption rate analysis, and at least two comparable sales that closed within 90 Days prior to the effective date of the appraisal. If the Appraiser cannot comply with this requirement due to the lack of market data, a detailed explanation is required.

The Appraiser must include a minimum of two active listings or pending sales on the appraisal grid (in addition to at least three recently settled sales).

For active listings or pending sales, the Appraiser must:

- ensure they are market tested and have reasonable market exposure to avoid the use of overpriced properties as comparable properties;
- use the actual contract purchase price, or, when not available, adjust comparable properties to reflect listing to sale price ratios;
- include the original list price, any revised list prices, and calculate the total Days on Market (DOM). The Appraiser must provide an explanation for the DOM that does not approximate periods reported in the “Neighborhood” section of the appraisal reporting form;
- reconcile the Adjusted Values of active listings or pending sales with the Adjusted Values of the settled sales provided; and
- if the Adjusted Values of the settled comparable properties are higher than the Adjusted Values of the active listings or pending sales, determine if a Market Condition Adjustment is appropriate.

### **(G) Final Reconciliation and Conclusion**

#### **(1) Definition**

Final Reconciliation refers to the process by which an Appraiser evaluates and selects from among alternative conclusions to reach a final value estimate, and reports the results of the analysis.

#### **(2) Standard**

After the approaches to value are completed, the Appraiser must check the data, calculations and conclusions. The Appraiser must reconcile each approach to value, and must reconcile all approaches into a final estimate of value for the Property.

#### **(3) Required Analysis and Reporting**

If the appraisal has no conditions, the Appraiser must render an as-is value opinion.

If the Appraiser must conclude the report under a hypothetical condition or extraordinary assumption, the Appraiser must report the issues and requirements as one of the following:

- “subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed;”
- “subject to the following repairs or alterations (list them) on the basis of a hypothetical condition that the repairs or alterations have been completed;” or
- “subject to a required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair.”

### **(H) Signature**

#### **(1) Standard**

The FHA Roster Appraiser must sign the certification of the appraisal and perform all parts of the analysis and reconciliation. Appraiser trainees or licensees may not sign the appraisal report.

A trainee or licensee may assist in any part of the appraisal, but the opinions and analysis must be performed by the FHA Roster Appraiser. A trainee or licensee may accompany the FHA Roster Appraiser on the observations but may not perform the observations in place of the FHA Roster Appraiser.

The FHA Roster Appraiser must select the comparable properties and perform all critical analyses contained in the appraisal report as well as the [Market Conditions](#)

- have a floor area of not less than 400 square feet;
- was constructed on or after June 15, 1976, in conformance with the federal MHCSS, as evidenced by an affixed HUD Certification Label in accordance with [24 CFR § 3280.11](#) (Manufactured Homes produced prior to that date are ineligible for insured financing);
- The Manufactured Home and site exists together as a real estate Entity in accordance with state law (but need not be treated as real estate for taxation purposes);
- was moved from the factory or dealer directly to the site;
- was designed to be used as a dwelling with a permanent foundation built to comply with the [PFGMH](#);
- The finished grade elevation beneath the Manufactured Home or, if a basement is used, the grade beneath the basement floor is at or above the 100-year return frequency flood elevation;

##### c. Foundation Systems

###### i. New Construction for Manufactured Housing

###### (A) Definition

New Construction for Manufactured Housing refers to a Manufactured Home that has been permanently erected on a site for less than one year prior to the case number assignment date.

###### (B) Standard

The space beneath the house must be enclosed by a continuous foundation type construction designed to resist all forces to which it is subject without transmitting forces to the building superstructure. The enclosure must be adequately secured to the perimeter of the house and be constructed of materials that conform, accordingly, to HUD MPS (such as concrete, masonry or treated wood) and the [PFGMH](#) for foundations.

###### (C) Required Analysis and Reporting

If the Manufactured Home foundation does not meet the requirements for New Construction, the Appraiser must notify the Mortgagee and report the deficiency of the MPR or MPS.

###### ii. Existing Construction for Manufactured Housing

###### (A) Definition

Existing Construction for Manufactured Housing refers to a Manufactured Home that has been permanently installed on a site for one year or more prior to the case number assignment date.

###### (B) Standard

If the perimeter enclosure is non-load-bearing skirting comprised of lightweight material, the entire surface area of the skirting must be permanently attached to backing made of concrete, masonry, treated wood or a product with similar strength and durability.

###### Skirting

Skirting refers to a non-structural enclosure of a foundation crawl space. Typically, but not always, it is a lightweight material such as vinyl or metal attached to the side of the Structure, extending to the ground (generally, not installed below frost depth).

##### **d. Running Gear**

###### **i. Definition**

Running Gear refers to a mechanical system designed to allow the Manufactured Housing unit to be towed over public roads.

###### **ii. Standard**

The towing hitch and Running Gear must be removed.

###### **iii. Required Analysis and Reporting**

The Appraiser must notify the Mortgagee and report deficiency of MPR or MPS if the Running Gear or towing hitch are still attached to the Manufactured Housing unit.

##### **e. Perimeter Enclosure**

###### **i. Standard**

The space beneath Manufactured Homes must be properly enclosed. The perimeter enclosure must be a continuous wall that is adequately secured to the perimeter of the unit and allows for proper ventilation of the crawl space.

#### **iii. Required Analysis and Reporting**

The Appraiser must report the HUD label number for all sections, or report that the HUD Certification Label is missing or that the Appraiser was unable to locate it.

### **g. Data Plate**

#### **i. Definition**

Data Plate refers to a paper document located on the interior of the Property that contains specific information about the unit and its manufacturer.

#### **ii. Standard**

Manufactured Homes have a Data Plate affixed in a permanent manner, typically adjacent to the electric service panel, the utility room or within a cabinet in the kitchen.

#### **iii. Required Analysis and Reporting**

The Appraiser must report the information on the Data Plate within the appraisal, including the manufacturer name, serial number, model and date of manufacture, as well as wind, roof load and thermal zone maps.

If the Data Plate is missing or the Appraiser is unable to locate it, the Appraiser must report this in the appraisal and is not required to secure the Data Plate information from another source.

### **h. Flood Zone**

The Appraiser must stop work and contact the Mortgagee if the Appraiser determines that a Manufactured Home is located in FEMA Flood Zones A or V. The Appraiser may continue to work on the assignment if the Mortgagee provides a Letter of Map Amendment (LOMA) or Letter of Map Revision (LOMR) or flood elevation certification. If the Appraiser is provided with a LOMA or LOMR that removes the Property from the flood zone, the Appraiser does not need to indicate that the Property is in a flood zone. If provided with an elevation certificate, the Appraiser must indicate the Property is in a flood hazard area on the appraisal report.

##### k. Sales Comparison Approach for Manufactured Housing

The Appraiser must include a sufficient number of sales to produce a credible value. The Appraiser must include at least two Manufactured Homes in the comparable sales grid.

##### l. Estimate of Cost New for Manufactured Housing

The Appraiser must apply the cost approach for New Construction Manufactured Housing.

The Appraiser can find specific requirements for the cost approach as applied to Manufactured Housing in the [FHA Single Family Housing Appraisal Report and Data Delivery Guide - Manufactured Home Appraisal Report](#).

In addition to the requirements for analysis and reporting of the Manufactured Home, the Appraiser must inspect the Condominium Project and provide the project information data as an addendum to the appraisal report. Required data includes all data elements as found in the Project Information Section of Fannie Mae Form 1073/Freddie Mac Form 465.

#### 7. Valuation of Leasehold Interests

##### a. Definition

Leasehold Interests refer to real estate where the residential improvements are located on land that is subject to long-term lease from the underlying fee owner, creating a divided estate in the Property.

Ground Rent refers to the rent paid for the right to use and occupy the land. Improvements made by the ground lessee typically revert to the ground lessor at the end of the lease term.

Eligible Leasehold terms must meet the requirements included in [Leasehold Interests](#).

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 7. Valuation of Leasehold Interests

---

##### c. Required Analysis and Reporting

The Appraiser must obtain a copy of the lease from the Mortgagee. The Appraiser must analyze and report the terms of the ground lease, including the amount of the Ground Rent, the term of the lease, if the lease is renewable, if the lessee has the right of redemption (the right to obtain a Fee Simple title by paying the value of the Leased Fee to the lessor, thereby cancelling the Ground Rent), and if the Ground Rent can increase or decrease over the life of the lease term.

The Appraiser must estimate and report the value of the Leasehold Interest using the calculation in the box below. The Appraiser must provide support for the capitalization rate selected.

Calculation of the Leasehold Interest
Formulas:
$\text{Value of Leased Fee} = \text{Ground Rent} / \text{Capitalization Rate}$
$\text{Value of Leasehold} = \text{Value of Fee Simple} - \text{Value of Leased Fee}$

In valuing the Leasehold Interest, the Appraiser must apply the appropriate techniques to each of the approaches to value included in the analysis.

- In the cost approach, the value of the land reported must be its Leasehold Interest.
- In the GRM income approach, the sales used to derive the GRM factor must be based on properties under similar Ground Rent terms (or be adjusted to similar Ground Rent terms).
- In the sales comparison analysis, the comparable sales must be adjusted for their lack of similarity to the subject in the “Ownership Rights” section of the sales adjustment grid.

##### d. Mixed Use One- to Four-Unit Single Family Properties

###### i. Definition

Mixed Use refers to a Property suitable for a combination of uses including any of the following: commercial, residential, retail, office or parking space.

###### ii. Required Analysis and Reporting

The Appraiser must include all components of the real estate in the analysis. The Appraiser must not include business valuation or the value of Personal Property or business fixtures in the appraisal.

The Appraiser must provide measurements and calculations of the building area on the building sketch to show what portion of the Property is allocated to residential use, and what portion is allocated to non-residential use.

#### **8. Additional Appraisal Requirements for 223(e) Mortgages**

---

The Appraiser must provide a statement as to whether the commercial use will or will not affect the health and safety of the occupants of the residential Property.

#### **8. Additional Appraisal Requirements for 223(e) Mortgages**

Section 223(e) is a mortgage insurance program for Properties located in older, declining urban areas. The program allows for the acquisition, repair, and/or renovation or construction of a residential Property.

The Appraiser must provide a remaining physical life in addition to the remaining economic life if the Mortgagee orders an appraisal for a Property to be insured under the 223(e) program.

#### **9. Unimproved Property Appraisal**

##### **a. Definition**

Unimproved Property Appraisal refers to the valuation of an interest in land without human made Structures.

##### **b. Standard**

An Unimproved Property Appraisal may be warranted when:

- the Property does not include building improvements;
- the prior improvements on the Property were demolished;
- the improvements are in such deteriorated condition as to provide no Contributory Value to the Property; or
- condemnation proceedings by the local authority have acquired the improvements in part or in their entirety.

##### **c. Required Analysis and Reporting**

The Appraiser must provide a written narrative format or a commercially available reporting form. The appraisal report must include, at minimum, the following:

- property address;
- legal description;
- owner of record;
- occupancy;
- assessment and tax information;
- property rights appraised;
- site size;
- zoning;
- highest and best use;
- shape;
- topography;
- drainage;
- availability of utilities;

---

- if it is located within a FEMA-designated SFHA;
- a sales grid, including:
  - detailed information on at least three comparable sales;
  - a quantitative comparison of those property attributes to the subject; and
  - a comparison of the number of comparable unimproved properties sold with the number of offered and listed for sale to determine supply and demand, absorption rate, and other market data required so that the report is not misleading;
- certification and limiting conditions as included in the *URAR*, [Fannie Mae Form 1004/Freddie Mac Form 70](#); and
- any other forms and documentation necessary to comply with USPAP Standard 2.

When completing the sales grid, the Appraiser must compare and appropriately adjust the sales of comparable unimproved building lots or sites for differences in location, size, zoning, utility connection or availability of utility connection, site improvement and any other pertinent factors. The Appraiser must then reconcile the adjusted sales into a value conclusion.

The Appraiser must calculate and extract any costs to be incurred from razing the existing improvements and cleaning up the site from the value of the supporting land to arrive at a final conclusion of value of the site as if vacant and ready to be put to its highest and best use.

#### 10. Update of Appraisal

Appraisers may perform an update of a previously completed appraisal using the [Fannie Mae Form 1004D/Freddie Mac Form 442/March 2005](#) when requested by the Mortgagee.

The Appraiser must adhere to the Scope of Work and Appraiser's Certification listed on the form, which includes an exterior inspection of the subject Property from, at least, the street; and research, analyze and verify current market data to determine whether the Property has or has not declined in value since the effective date of the appraisal report being updated.

If the Appraiser concurs with the original appraisal report and determines that the value has not declined, the Appraiser must indicate this on the form, provide any necessary comments, and provide a photo of the front of the subject Property taken from the public street. If the Appraiser does not concur with the original data report or the Property Value has declined, the Appraiser must indicate this on the form and a photo is not required.

#### 11. Market Conditions Addendum, Fannie Mae Form 1004MC/Freddie Mac Form 71, Instructions Applicable to FHA Appraisals

##### a. Standard

The Appraiser must complete the [Fannie Mae Form 1004MC/Freddie Mac Form 71](#), *Market Conditions Addendum to the Appraisal Report*, for all appraisal assignments. The analysis and valuation of FHA-insured Properties must properly analyze and address market trends in the subject's market. Whether these trends are positive, neutral or negative, proper data

collection and reporting are imperative components of a complete market conditions analysis; this is most important where markets are demonstrating negative trends.

##### **b. Required Analysis and Reporting**

The Appraiser must analyze the broad market area first (neighborhood analysis), then analyze the specific market (direct sales comparison), and then report how the subject relates to its market area.

The Appraiser must provide support for conclusions regarding housing trends and overall market conditions as reported in the “Neighborhood” section of the appraisal report form. The Appraiser’s analysis and conclusions must be based on the information reported on this form. The Appraiser’s study of the market affecting the subject Property must include sufficient data for a statistical analysis to be relevant.

The Appraiser must fill in all the information to the extent it is available and reliable and must provide analysis as indicated. If any required data is unavailable or is considered unreliable, the Appraiser must provide an explanation. It is recognized that not all data sources will be able to provide data for the shaded areas on the form; if it is available, however, the Appraiser must include the data in the analysis.

If data sources provide the required information as an average instead of the median, the Appraiser must report the available figure and identify it as an average. The Appraiser must explain any anomalies in the data, such as seasonal markets, New Construction, foreclosures, etc.

##### **a. Section 248 Indian Land Program**

###### **i. Property Rights to be Appraised**

The Appraiser must identify the interest to be appraised based on the type of ownership.

Fee Simple Unrestricted ownership refers to ownership in Real Property that may be bought, sold and transferred between Native American and non-Native American purchasers without review by the tribe or the Bureau of Indian Affairs (BIA).

###### **(B) Tribal Trust Lands, Restricted Trust Land**

###### **(1) Standard**

The FHA Section 248 program insures Mortgages on houses that are located on Indian tribal trust land or Restricted Trust Lands. For these Properties, leased ownership of the underlying land remains with the tribe and will be subject to a

long-term, 50-year ground lease (or a 25-year lease with a 25-year renewable term).

#### (2) Required Analysis and Reporting

The Appraiser must determine the value for the Leasehold Estate using the analysis and reporting guidance on [Leasehold](#) in this *SF Handbook*.

#### ii. Access to Property

Tribally owned and maintained streets and utilities are considered publicly owned. The Appraiser must report Easements and maintenance agreements for non-public, common ownership interests that affect the access and utility of the Property.

#### iii. Approaches to Value

The Appraiser must be familiar with the applicable ownership and use restrictions and develop a credible value for the Property. The supply of comparable sales and rental transactions varies by site and by tribe. Until sufficient sales exist on a reservation or within the specific Indian area to provide a reasonable sales comparison approach for determining the value of tribal trust Leaseholds or allotted land sales, the Appraiser must rely on other value indicators. The appraisal process must be documented more thoroughly than a typical market appraisal. USPAP Standards #1 and #2 are effective in allowing the Appraiser to “correctly employ those recognized methods and techniques that are necessary to produce a credible appraisal.” In addition, “in reporting the results of a Real Property appraisal an appraiser must communicate each analysis, opinion and conclusion in a manner that is not misleading.” An appraisal on trust land may rely more on the cost approach or data developed from other tribes. HUD will accept the report if the Appraiser has documented the research, information developed and conclusions clearly for the intended users to understand.

#### iv. Cost Approach to Value

The cost approach is often the primary indication of value based on the unique nature of land rights in the reservation. The value of the site as vacant will depend on the property rights held by an individual. If the Appraiser’s analysis indicates that the value of the site may be zero or a small Leasehold value, the Appraiser must enter this information in the “Cost Approach” section of the form and enter the statement “subject is on Tribal Trust Land with annual rent not capitalized” in the “Comments” section. If a market exists and an interest in the land was purchased, the value is estimated via traditional [cost approach methods](#) described in this *SF Handbook*.

### B. Appraiser and Property Requirements for Title II Forward and Reverse Mortgages

#### 12. Programs and Products

---

In addition to including the cost of water, septic, and any other onsite costs in the cost approach, for lands within the reservation the Appraiser may provide an allowance for off-site development costs. The lesser of actual pro-rated costs or up to 15 percent of the cost of the construction of the subject house may be added for off-site infrastructure associated with development of the subject lot. This policy applies principally to New Construction where such charges are assessed by tribally approved entities, such as housing entities or housing authorities, or agreements with other federal or local government bodies for providing power, utilities, sewer, water or road construction. The costs to bring utilities, including public water, sewer, electricity and telephone, to sites represent significant development costs. The traditional tract development of residential houses may not be a part of the local culture. Therefore, the utility costs to hook up to any form of a public system in a more rural area can exceed local standards.

In remote areas, the construction costs in construction cost manuals may have to be adjusted for transportation, labor or other costs not included in the basic estimate. Architect fees are not typically reflected in the base building costs. Due to special circumstances, the normal allocation for this fee may not automatically reflect the above actual cost. The Appraiser must provide a supporting explanation for the adjustments to the construction costs.

#### **(B) Cost Approach for Existing Construction**

Where market sales are limited, FHA requires the cost approach to be completed on all tribal trust appraisals, including a credible estimate of depreciation. In addition to developing the [cost approach](#) described in this *SF Handbook* the Appraiser must report the following:

1. the name of the cost service;
2. the source and date, if electronic version. Upload as an exhibit into the report when available;
3. the page numbers of cost tables or factors, if paper version. The reviewer or reader must be able to replicate;
4. all current multipliers applicable to locale and time as updated and published by the cost service used; and
5. depreciation due to normal aging, which may be derived from the tables in the cost service book.

A computer-generated cost analysis is acceptable in place of the above as long as the printout contains sufficient information to verify that all significant property features have been properly addressed in the cost analysis.

#### **v. Sales Comparison Approach to Value**

The Appraiser must follow the [sales comparison approach](#) instructions outlined in this *SF Handbook*. In addition to the typical data sources the Appraiser must obtain sales

#### 12. Programs and Products

---

information from the local tribal or BIA realty office if available. The Appraiser may consider sales from other reservations within the region if appropriate.

The order of selection preferences for sales depends upon the type of interest in the land being appraised:

- tribal trust Leasehold sales (market sales between tribal members);
- sales of allotted land trust between tribal members;
- Fee Simple within the reservation (residual value of the improvements by adjusting out the land contribution); or
- Fee Simple proximate to the reservation.

The Appraiser must report the property rights in the “Ownership” line of the grid and apply an appropriate adjustment (if any). In addition, the Appraiser must explain the differences in ownership rights of the comparable properties as compared to the subject, and the basis for any adjustment.

#### vi. Income Approach to Value

If the Appraiser determines that this approach can be credibly completed, refer to the [Income Approach](#) section in this *SF Handbook*. If the Property includes a rental unit(s), the Appraiser must provide an estimate of monthly rent for each unit and note if the rent is limited to the tribal sub-market.

#### vii. Final Reconciliation of Value

The Appraiser must follow the [final reconciliation of value](#) instructions outlined in this *SF Handbook*. Where market information is limited and the support for the sales comparison analysis is weaker, the Appraiser may need to place greater consideration on the cost approach.

### b. Section 247 Hawaiian Homelands Program

Due to the nature of the title and property rights, the Appraiser must develop the cost for both Existing and Proposed Construction. When appropriate, the Appraiser must attempt to apply the income and sales comparison approaches.

The Appraiser must include the following language in the Appraiser report: *“The value defined for this appraisal is not ‘Market Value’ as defined in the standard documents of form appraisal reports. This appraisal has been completed for FHA mortgage insurance purposes, per HUD instructions for Department of Hawaiian Home Lands (DHHL) properties.”*

The Appraiser must develop a cost approach from a published cost service in addition to developing the [cost approach](#) described in this *SF Handbook*. The Appraiser’s report must include:

- photocopies of all pages used to derive the cost figures, except as noted below;
- application of all current multipliers necessary and published by the cost service;

- no marketing expense to the cost analysis of a DHHL property appraisal because these Properties are not freely marketable;
- entrepreneurial venture may only be included if reasonable profit and overhead are not already included in all costs;
- depreciation due to normal aging, which may be derived from the tables in the cost service book. Depreciation from incurable external or functional obsolescence should be based on verifiable market extractions, by paired-sales analysis and capitalized rent loss.

The Appraiser must include a computer-generated cost analysis as long as the printout conforms to the format of the cost service form and contains sufficient information to verify that all significant property features have been properly addressed in the cost analysis. Accordingly, the Appraiser will not be required to supplement a computer-generated cost analysis with photocopies from the cost service book.

#### c. Standard 203(k) and Limited 203(k) Rehabilitation Mortgages

The Appraiser may be asked to perform two separate types of valuation by the Mortgagee for Standard 203(k) and Limited 203(k) Rehabilitation Mortgages. The Mortgagee may order both reports from the same Appraiser or select two different Appraisers for the two valuation assignments.

If a Mortgagee requires both an as-is and an after-improved value of the Property, the case will require two separate appraisal assignments and reports:

- an analysis to provide the as-is value; and
- a separate analysis performed under the hypothetical condition that the repairs have been completed.

#### i. Appraisal of the Property “As Is”

##### (A) Standard

Assignment conditions for this appraisal are the same as in all FHA appraisal assignments, except that the value of the Property is to be estimated “as is” even though the Property may not meet the Property Acceptability Criteria required for FHA-insured Properties.

##### (B) Required Analysis and Reporting

The Appraiser must provide an analysis and report of the value of the subject Property “as is.” If the Appraiser observes property conditions that do not meet the Property Acceptability Criteria, the Appraiser must report those items or conditions and note that the Property, in its “as is” condition, does not meet the Property Acceptability Criteria for an FHA-insured Mortgage. This appraisal must not be rendered “subject to repairs.”

##### **ii. After Improved Value of the Property**

###### **(A) Definition**

After Improved Value refers to the value as determined by the Appraiser based on a hypothetical condition that the repairs or alterations have been completed.

###### **(B) Standard**

The Appraiser must provide an “After Improved Value.” The Appraiser must make the appraisal “subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed.”

###### **(C) Required Analysis and Reporting**

The Appraiser must review the 203(k) Consultant’s Work Write-Up or the contractor’s proposal and Cost Estimates. The Appraiser must notify the Mortgagee of any health and safety issues in the Property that are not addressed in the Work Write-Up or proposal. When the Consultant or contractor has modified the Work Write-Up or proposal, the Appraiser must complete the appraisal based on the final Work Write-Up or the contractor’s final proposal and Cost Estimates.

The Appraiser must include the Work Write-Up or proposal as an exhibit to the appraisal report.

##### **d. Special Energy-Related Building Components**

###### **i. Special Energy Components**

###### **(A) Definition**

A Special Energy System refers to any addition, alteration, or improvement to an existing or new Structure that is designed to utilize wind, geothermal or solar energy to produce energy to support the habitability of the Structure.

###### **(B) Standard**

Active, passive and photovoltaic solar energy systems are permitted in this program. Solar collectors must be located where they will be free from natural or man-made obstructions to the sun. Special Energy Systems not part of the real estate must not be included in the appraised value.

###### **(C) Required Analysis and Reporting**

The Appraiser must analyze and report the local market acceptance of special energy-related building components and equipment, including solar energy components, high-energy efficiency housing features and components, geothermal systems, and wind powered components.

##### **ii. Other Energy Related Building Components**

###### **(A) Definition**

Other Energy Related Building Components refer to components in the Property designed to reduce energy requirements.

###### **(B) Required Analysis and Reporting**

The Appraiser must note which features are installed in a house and calculate how each component affects the value of the Property.

##### **iii. Measurement and Reporting of Contribution to Value**

###### **(A) Definition**

Contributory Value refers to the change in the value of a Property as a whole, whether positive or negative, resulting from the addition or deletion of a property component.

###### **(B) Standard**

Measurement of the Contributory Value of the component is accomplished by the application of techniques based on one or more of the recognized three approaches to value: cost approach, income approach, and sales comparison approach. Each of these recognized methods and techniques requires the Appraiser to collect, verify, and analyze all information necessary for credible assignment results.

###### **(C) Required Analysis and Reporting**

The Appraiser must apply all appropriate methods and techniques necessary for credible assignment results.

###### **(D) Sales Comparison Based Extraction Method**

If there is sufficient data based on direct sales comparison to produce credible results, the Appraiser must calculate the adjustment and explain the methodology and analysis supporting the method and results in the appraisal report. The Appraiser must apply the extracted adjustment to the comparable sales and include the reasoning that supports the analyses, opinions, and conclusions in the report.

If there is insufficient data to perform a matched pairs analysis the Appraiser must analyze and report one of the approaches below to calculate an appropriate adjustment.

###### **(E) Cost Approach Based Method**

The Appraiser must include the details of the item(s) being valued and measure the Contributory Value of the component(s) to the whole by calculating the cost of the

---

item less accrued depreciation. The Appraiser must include consideration of physical depreciation, functional obsolescence (including superadequacies) and external obsolescence in the estimate of accrued depreciation and apply the resulting calculation of the Contributory Value to the comparable sales.

#### **(F) Income Approach Based Methods**

##### **(1) Gross Rent Multiplier Method**

If the Property is located in a market where the Appraiser can calculate a GRM, and rental data for properties with similar special energy components is available, the Appraiser must extract an adjustment relevant to the rental value of the feature from the analysis of those similar rentals and apply the appropriate GRM factor to calculate an adjustment for the comparable sales.

##### **(2) Net Income/Savings Capitalization Method**

The Appraiser may use an income approach solution based on capitalization of savings attendant to the alternative energy source. The Appraiser may estimate the present value of the future benefit using the discounted cash flow technique or commercially available tools; however, the Appraiser must be competent to use them and provide an explanation of the analysis.

#### **(G) Reconciliation of the Approaches**

The Appraiser may elect to utilize some of the tools and training available from professional organizations and energy-related firms. The Appraiser must provide a credible analysis and reconciliation explaining the methodology and support for the adjustment.

As related to special building components, the Appraiser must provide an analysis of the information and conclusions supporting the application of adjustments.

The Appraiser must reconcile all the methods utilized and resolve to a final opinion of the adjustment, analyzing both the quantity and quality of available data.

#### **e. HUD Real Estate Owned Properties**

##### **i. Definition**

A HUD REO Property, also known as a HUD home or a HUD-owned home, refers to a one- to four-unit residential Property acquired by HUD as a result of a foreclosure on an FHA-insured Mortgage, whereby the Secretary of HUD becomes the property owner and offers it for sale to recover the mortgage insurance claim that HUD paid to the Mortgagee.

##### ii. Standard

An appraisal may be ordered on a HUD REO Property as one of one or more evaluation tools to establish list price or subsequent price adjustments.

##### (A) Assignment Type

Under “Assignment Type” in the “Subject” section of the appraisal reporting form, the Appraiser must mark the box labeled “other” and indicate that the Property is a HUD REO Property.

##### (B) Intended Use of Appraisal

The intended use of the appraisal for a HUD REO Property is as one of one or more evaluation tools to establish list price or subsequent price adjustments.

##### (C) Intended User

The intended user of an appraisal of a HUD REO Property is HUD/FHA or its contractors.

##### iii. Required Analysis and Reporting

##### (A) Appraiser’s Inspection

The Appraiser must inspect the interior and exterior of the Property. The Appraiser must describe any differences found between the information contained in the Property Condition Report (PCR) and the Appraiser’s observations. The Appraiser must support this description with photographs when warranted.

##### (B) Utilities - Mechanical Components

If the utilities are off at the time of inspection, the Appraiser must ask to have them turned on and complete all requirements under [Mechanical Components](#). However, if it is not feasible to have the utilities turned on, then the appraisal must be completed without the utilities turned on or the mechanical systems functioning.

##### (C) Sales Comparison Approach, Use of Real Estate Owned Sales as Comparable Sales

When considering sales to be utilized as comparables, the Appraiser must note the conditions of the sale and the motivation of the sellers and purchasers.

In some markets, non-arm’s length sales constitute the majority of recent transactions of similar properties and thus are significant in the analysis of the subject. This assignment is to estimate Market Value, so REO sales, short sales and other non-arm’s length transactions must not automatically be chosen as comparables. If there is compelling evidence in the market to warrant their use, the Appraiser must provide

additional explanation and support in the “Analysis” section of the sales comparison approach.

Transfers to a Mortgagee or Entity that owns the Mortgage by deed of trust, through foreclosure sale or sheriff’s sale, are not acceptable as comparable sales.

Appraisers must exercise due diligence and care in the research and validation of REO sales to ensure similarity to the subject, especially in physical condition.

#### **(D) Appraisal Conditions**

The Appraiser must provide an analysis and report of the value of the subject Property “as is.” The appraisal report must include the applicable property specific appraisal reporting form, all required exhibits, and a copy of the PCR.

For Manufactured Housing, the Appraiser must **not** require a certification that the foundation complies with the PFGMH.

#### **(E) Extraordinary Conditions**

The as-is value can be impacted by extraordinary conditions. If the Property has an illegal use or an extraordinary condition, the Appraiser must estimate the cost to bring the Property into compliance with zoning or typical marketability. The Appraiser must report whether any grandfathered use is allowed. The Appraiser may contact the Asset Management (AM) contractor for guidance and clarification when appraising a HUD home that is impacted by extraordinary circumstances.

#### **(F) Statement of Insurability**

The Appraiser must include a Statement of Insurability in the “Comments” section of the appraisal report.

##### **(1) Insurable**

The Appraiser must state that the Property is insurable if, at the time of the appraisal, the Property meets MPR and MPS without needing repairs.

##### **(2) Insurable With Repair Escrow**

If the Property requires no more than \$5,000 in repair, the Appraiser must state that the Property is insurable with a repair escrow.

##### **(3) Uninsurable**

If the cost of repairs is greater than \$5,000, the Appraiser must state that the Property is uninsurable.

##### **(H) Claims Without Conveyance of Title Properties**

###### **(1) Assignment Type**

Under "Assignment Type" in the "Subject" section of the appraisal reporting form, the Appraiser must mark the box labeled "other" and indicate that the Property is a HUD Claims Without Conveyance of Title (CWCOT) Property.

The intended use of the appraisal is to develop the as-is Market Value, which is a Mortgagee's tool for calculating the Commissioner's Adjusted Fair Market Value (CAFMV) ([24 CFR § 203.368](#)).

###### **(3) Intended User**

FHA is the intended user of a CWCOT appraisal.

###### **(4) Appraiser's Inspection**

The Appraiser must inspect the interior and exterior of the Property. If the Appraiser cannot enter the Property, the Appraiser may perform the valuation based on an exterior-only inspection on the [Fannie Mae Form 2055/Freddie Mac Form 2055](#), *Exterior-Only Inspection Residential Appraisal Report*, dated March 2005, or the [Fannie Mae Form 1075/Freddie Mac Form 466](#), *Exterior-Only Inspection Individual Condominium Unit Appraisal Report*, for a condominium Property. The Appraiser must indicate that the Property could not be entered and identify the sources of the factual property data employed by the Appraiser in determining the value.

## **A. QUALITY CONTROL OF LENDERS AND MORTGAGEES**

### **1. Quality Control Program Overview**

#### **a. Purpose of Quality Control Program**

Quality Control (QC) Programs must be designed to:

- ensure compliance with FHA and Mortgagee policy and guidelines related to FHA Loan Administration;
- protect FHA and the Mortgagee from unacceptable risk;
- guard against errors, omissions, negligence, and fraud from those involved in the Mortgagee's Loan Administration;
- determine the root cause of any deficiencies and identify potential internal and external control weaknesses;
- alert Mortgagee management to patterns of deficiencies with respect to mortgage process and personnel;
- ensure timely and appropriate corrective action;
- ensure the existence of required documentation (e.g., credit, loan, and appraisal information) that is the basis of underwriting and servicing decisions;
- ensure Mortgages are secured by properties with values sufficient to support the Mortgage; and
- ensure compliance with fair lending laws, including the Fair Housing Act and the Equal Credit Opportunity Act (ECOA).

#### **b. Definitions**

##### **i. Quality Control Program**

A Quality Control (QC) Program is the process and written procedures through which the Mortgagee seeks to ensure that FHA operations and loan quality are in compliance with all applicable requirements.

##### **ii. Quality Control Plan**

A Quality Control (QC) Plan is a written plan that sets forth a Mortgagee's procedures for ensuring quality control. A QC Plan is the written element of a Mortgagee's QC Program.

##### **iii. Loan Administration**

Loan Administration refers to all aspects of the FHA mortgage lifecycle, including origination, underwriting, closing, endorsement, and servicing of FHA-insured Mortgages that are governed by FHA policies and procedures.

##### c. Standard

The Mortgagee must adopt and implement a QC Program that fully complies with the requirements of this *SF Handbook*, and, where applicable, the additional Multifamily QC requirements outlined in the [Multifamily Accelerated Processing \(MAP\) Guide, 4430.G](#). The Mortgagee must maintain and update its QC Program as needed to ensure it is fully compliant with all applicable FHA requirements at all times.

The QC Program must cover the lifecycle of an FHA-insured Mortgage, including origination, underwriting, closing, endorsement, and servicing functions that are conducted by the Mortgagee.

The QC Program must cover all policies and procedures, whether performed by the Mortgagee or outsourced to a contractor, to ensure full compliance with FHA requirements for Loan Administration.

The QC Program must provide the Mortgagee's management with information sufficient to adequately monitor and oversee the Mortgagee's compliance, and measure performance as it relates to the Mortgagee's FHA mortgage activity.

##### d. Required Documentation

The Mortgagee must document the existence of its QC Program and evidence of its implementation, including written procedures, QC reports, and corrective action plans.

###### i. Time Frame for Retention

The Mortgagee must retain all QC review results, including all selection criteria, review documentation, Findings, and actions taken to mitigate Findings, for a period of two years from the initial QC review, or from the last action taken to mitigate Findings, whichever is later.

###### ii. Production of Documents

The Mortgagee must make all documentation relating to its QC Program available to FHA at any time upon request.

#### **ii. Contractors**

The Mortgagee may contract with outside vendors to perform QC functions if:

- the Mortgagee assumes full responsibility for the contractor's conduct of QC reviews in compliance with FHA requirements;
- the Mortgagee and the contractor have a valid contractual agreement in place that specifies the roles and responsibilities of each party; and
- the Mortgagee acknowledges that the existence of such contract for the provision of QC services does not satisfy the Mortgagee's obligation to have a written QC Plan that fully complies with FHA requirements.

The Mortgagee must ensure that its QC Plan provides for the following required reviews.

##### **(A) Training**

##### **(1) Loan Administration and Quality Control Processes**

The random sample must be drawn from all of the Mortgagee's FHA-insured Mortgages, regardless of origination source or program type.

#### (B) Early Payment Defaults

##### (1) Definition

#### 2. Employee Improprieties Attributed to the Mortgagee

Criminal, fraudulent, or other seriously improper conduct by an officer, director, shareholder, partner, employee, or other individual associated with a Mortgagee may be attributed to the Mortgagee with which the individual is connected when the improper conduct occurred in connection to the individual's performance of duties for or on behalf of the Mortgagee, or with the Mortgagee's knowledge, approval, or acquiescence. Such impropriety may result in appropriate administrative sanctions against the Mortgagee.

#### 3. Program Office Actions and Sanctions

FHA's Office of Single Family Housing is authorized to take the following enforcement actions against Mortgagees that do not comply with FHA requirements.

##### a. Actions and Sanctions Against Mortgagees

##### i. Probation of Direct Endorsement Authority

FHA may place a Mortgagee on DE probation for a specified period of time for the purpose of evaluating the Mortgagee's compliance with the requirements of the DE Program. The scope of the probation depends upon the seriousness of the problems and deficiencies exhibited by the Mortgagee. For additional information on this authority, see [24 CFR § 203.3\(d\)\(1\)](#). This action is separate and apart from probation imposed by the MRB.

##### (A) Scope

##### (5) Pre-Closing Review Status

FHA may place a Mortgagee back in pre-closing review status and subject the Mortgagee's cases to technical underwriting reviews and firm commitment processing prior to endorsement (see [Supplemental Mortgage Authorities](#)).

###### (a) Time Frame

Pre-closing review status continues until the Mortgagee corrects its underwriting deficiencies or until the Mortgagee's DE approval is withdrawn.

###### (b) Cause

A return to pre-closing status may result from, but is not limited to, the following circumstances:

- final Title II loan review results that demonstrate a Mortgagee's failure to follow FHA requirements;
- a pattern of fraud identified by FHA, of which the Mortgagee was aware, or should have been aware; or
- the results of on-site or other reviews of the Mortgagee.

##### (6) Additional Elements

FHA may impose additional elements of probation reasonably related to the Mortgagee's underlying violations that allow FHA to monitor the Mortgagee and assist FHA with bringing the Mortgagee into compliance with FHA regulations.

###### (B) Notice

FHA will send a written notice of probation to the Mortgagee. The probation notice will list the violations that precipitated the probation and explain the elements being applied to the Mortgagee's probation.

###### (C) Effective Date

Probation is effective immediately upon the receipt of the notice of probation by the Mortgagee.

##### ii. Withdrawal of Direct Endorsement Authority

FHA may withdraw the DE authority of any Mortgagee that demonstrates a pattern or practice of failing to comply with FHA underwriting guidelines or program requirements. This action is separate and apart from the termination action described in the [Credit Watch Termination](#) section.

##### (A) Scope

FHA may terminate a Mortgagee's approval to participate in the DE Program in a particular jurisdiction or on a nationwide basis.

##### (A) Notice and Appeal

FHA will provide the Mortgagee with written notice of the proposed withdrawal that identifies the grounds for the action and advises the Mortgagee of its right to an informal conference.

###### (1) Informal Conference

FHA will expeditiously arrange for a conference where the Mortgagee may present information and argument in opposition to the proposed withdrawal. The Mortgagee may be represented by counsel.

###### (2) Determination

After consideration of the material presented, FHA will issue a decision in writing stating whether the proposed termination is rescinded, modified, or affirmed.

###### (3) Appeal and Final Agency Action

The Mortgagee may appeal the decision to the Deputy Assistant Secretary (DAS) for Single Family Housing or his or her designee. A decision by the DAS for Single Family Housing or his or her designee constitutes final agency action.

### iii. Credit Watch Termination

HUD may terminate a Mortgagee's authority to originate or underwrite FHA-insured Single Family Mortgages in any geographic area where the Mortgagee has an excessive rate of early defaults and claims in accordance with the Credit Watch Termination regulations at [24 CFR § 202.3\(c\)\(2\)](#). Credit Watch Termination is separate and apart from any action that may be taken by the MRB.

##### (A) Frequency and Scope

FHA reviews the default and claim rate of FHA-insured Single Family Mortgages on a quarterly basis. FHA compares the rate of each participating Mortgagee with the rates of other Mortgagees in the same geographic area. The review is limited to Mortgages with an amortization date within the preceding 24 months.

##### (A) Cause

FHA may terminate the origination or underwriting authority of any Mortgagee whose default and claim rate exceeds both the national default and claim rate and 200

#### **(B) Notice and Appeal**

FHA will issue a Proposed Credit Watch Termination Notice to the Mortgagee prior to terminating the Mortgagee's approval. The Mortgagee may appeal the proposed termination by submitting a written request for an informal conference with the DAS for Single Family Housing or his or her designee within 30 Days of receipt of the Notice.

##### **(1) Informal Conference**

The Mortgagee or its representative may make an oral and/or written presentation to oppose the proposed termination. FHA will only consider presentations that specifically address relevant mitigating factors and present facts and circumstances to explain the Mortgagee's poor performance.

##### **(2) Mitigating Factors**

FHA will consider relevant mitigating factors in deciding whether to terminate a Mortgagee's origination and/or underwriting authority.

##### **(3) Determination**

After the informal conference, FHA will make a determination whether to sustain or withdraw the termination. FHA will notify the Mortgagee of its decision in writing via a Final Notice of Determination. If sustained, the termination will not take effect until the Mortgagee receives the Final Notice.

##### **(4) Waiver of Appeal**

If a Mortgagee does not request an informal conference within 30 Days of receiving the Proposed Credit Watch Termination Notice, the Mortgagee has waived its appeal and its authority will be terminated 60 Days from the date of the Proposed Credit Watch Termination Notice without further notice from HUD.

#### **(C) Effect of Termination**

A Mortgagee whose authority has been terminated under Credit Watch is prohibited from originating or underwriting FHA-insured Single Family Mortgages within the area of the HUD field office(s) listed in the Notice. The Mortgagee's general FHA approval and supplemental authorities (see [Supplemental Mortgage Authorities](#)) remain unaffected.

##### (1) Case Status

###### (a) Definition

An Approved Mortgage is a Mortgage underwritten and approved by a DE underwriter, or covered by a firm commitment issued by HUD.

###### (b) Standard

Mortgages that closed or were approved before the termination became effective may be endorsed. Cases at earlier stages of processing cannot be submitted for insurance by the terminated Mortgagee. However, the cases may be transferred for completion of processing and underwriting to another Mortgagee authorized to underwrite FHA-insured Mortgages in that area.

##### (2) Public Notice

HUD will publish a list of Mortgagees who have had their authority terminated in the Federal Register and on HUD's website with a general explanation of the cause and effect of the termination.

#### (D) Reinstatement

##### (1) Waiting Period

A terminated Mortgagee may request to have its authority reinstated no earlier than six months after the effective date of the termination.

##### (2) Independent Review

The Mortgagee must obtain an independent review of the terminated area's operation and mortgage origination or underwriting, specifically including the FHA-insured Mortgages cited in the termination notice. The analysis must identify the underlying cause for the Mortgagee's high default and claim rate. The review must be conducted and issued by an independent Certified Public Accountant (CPA) qualified to perform audits under Government Auditing Standards as set forth by the General Accounting Office.

##### (3) Corrective Action Plan

The Mortgagee must submit a corrective action plan to address each of the issues identified in the CPA's report, along with evidence that the plan has been implemented. FHA reserves the right to impose additional requirements for reinstatement.

#### iv. Suspension or Termination of Lender Insurance Authority

##### (A) Definition

The Lender Insurance (LI) Compare Ratio is the percentage of Mortgages underwritten by the Mortgagee that are in claim or default status compared with the percentage of Mortgages in claim or default status for all Mortgagees operating in the same state(s) over the preceding two-year period.

##### (A) Scope

FHA monitors Mortgagees participating in the LI program whose LI Compare Ratios exceed 150 percent.

##### (B) Cause

FHA may immediately terminate or temporarily suspend a Mortgagee's LI authority for any cause set forth in [24 CFR § 203.4\(d\)](#).

##### (C) Notice and Appeal

FHA will provide written notice to any Mortgagee whose LI authority has been suspended or terminated. Mortgagees may appeal the suspension or termination by requesting an informal conference with the DAS for Single Family Housing or his or her designee.

##### (1) Informal Conference

The suspension or termination letter will provide the address to where the request for an informal conference may be sent, and the time frame for the informal conference. The informal conference must be requested in writing within 30 Days of the notice of suspension or termination.

##### (2) Determination

The DAS or the designee will issue a decision in writing after the informal conference to either affirm the suspension or termination, or reinstate the Mortgagee's LI authority. This decision represents a final agency action pursuant to section 256(d) of the National Housing Act ([12 U.S.C. § 1715z-21\(d\)](#)) and is not subject to further appeal or judicial review.

##### (3) Waiver of Appeal

If a Mortgagee does not request an informal conference within 30 Days of receiving the suspension or termination letter, the Mortgagee has waived its right to appeal.

##### (D) Effective Date

The suspension or termination of the Mortgagee's LI authority is effective immediately upon the receipt of the notice by the Mortgagee.

##### (E) Effect of Suspension or Termination

A Mortgagee's DE authority is not affected by the suspension or termination of its LI authority. Mortgagees who have had their LI authority suspended or terminated may continue to underwrite and close FHA Mortgages without prior review by HUD.

##### (F) Reinstatement

###### (1) Waiting Period

A Mortgagee whose LI authority has been terminated is prohibited from applying for reinstatement of its LI authority for six months from the date of termination.

###### (2) Claim and Default Rate

At the time of the application for reinstatement, the Mortgagee must have unconditional DE authority and a two-year claim and default rate that does not exceed 150 percent of the aggregate claim and default rate for the states in which it underwrote Mortgages.

###### (3) Application for Reinstatement

Applications for reinstatement of LI authority must be submitted to FHA through [LEAP](#). The application must include:

- a copy of the *Acknowledgment of Terms and Conditions for LI* page from [FHAC](#) signed by an authorized official registered with HUD;
- a corrective action plan identifying the changes in internal policies and procedures that address the issues that resulted in the termination of LI authority; and
- documentation evidencing that the Mortgagee has implemented the corrective action plan.

#### 4. Mortgagee Review Board Actions and Sanctions

The MRB is authorized to impose civil money penalties and take administrative action against any FHA-approved Mortgagee that does not comply with HUD and FHA statutory, regulatory, and any Handbook requirements, the Real Estate Settlement Procedures Act (RESPA), or the non-discrimination requirements of the ECOA, the Fair Housing Act, or Executive Order 11063 on Equal Opportunity in Housing.

##### a. Actions and Sanctions

The following actions and sanctions may be imposed by the MRB:

- a letter of reprimand;
- probation;
- suspension;
- withdrawal of FHA approval; and
- civil money penalties.

The MRB may also enter into settlement agreements with non-complying Mortgagees.

The following are general descriptions of the types of actions and sanctions that may be taken by the MRB and are for informational purposes only. The specific requirements for and procedures applicable to these actions are set forth in sections 202(c) and 536 of the National Housing Act ([12 U.S.C. §§ 1708\(c\) and 1735f-14](#)), and Parts 25 and 30 of Title 24 of the Code of Federal Regulations ([24 CFR Parts 25 and 30](#)).

##### i. Letter of Reprimand

The MRB may issue a letter of reprimand to inform a Mortgagee of its violation of FHA requirements. A letter of reprimand is effective upon receipt of the letter by the Mortgagee.

##### (G) Case Status

A letter of reprimand has no impact on the Mortgagee's authority to originate, underwrite, or service FHA-insured Mortgages.

##### (H) Duration

There is no time duration associated with a letter of reprimand.

##### (I) Appeal

The Mortgagee has no right to appeal a letter of reprimand within HUD.

##### v. Probation

The MRB may place a Mortgagee on probation for violation of FHA requirements. The MRB will specify the scope, terms, and conditions of the probation, which are designed to allow FHA to monitor the Mortgagee and assist FHA with bringing the Mortgagee into compliance with FHA regulations.

###### (A) Case Status

Unless specified in the terms of the probation, a Mortgagee on probation retains its origination, underwriting, and servicing authorities, as applicable.

###### (B) Duration

The MRB may place a Mortgagee on probation for a period of up to six months.

###### (C) Appeal

The Mortgagee has the right to appeal a probation action in accordance with the provisions of [24 CFR Parts 25 and 26](#).

##### vi. Suspension

Suspension is a temporary measure that is applied to a Mortgagee when there is adequate evidence that the interests of HUD or the public would not be served by continuing to allow the Mortgagee to participate in FHA programs, pending the completion of any investigation, other review, or legal or administrative proceedings the Mortgagee is involved in.

###### (A) Effective Date

If the MRB determines there is adequate evidence that immediate action is required to protect the financial interests of HUD or the public, the MRB is authorized to suspend a Mortgagee's FHA approval immediately upon issuance of the notice of suspension and without prior issuance of a [Notice of Violation](#) (NOV) as set forth in [24 CFR § 25.7\(d\)](#).

Any other suspension is effective upon the Mortgagee's receipt of the notice of suspension as set forth in [24 CFR § 25.5\(d\)](#).

###### (B) Case Status

During the period of suspension, HUD will not endorse any Mortgage originated by the suspended Mortgagee unless it was an Approved Mortgage prior to the date of suspension.

The Mortgagee must transfer all other applications in process to another FHA-approved Mortgagee for completion of processing, submission, and endorsement.

##### (D) Appeal

The Mortgagee has the right to appeal a suspension in accordance with the provisions of [24 CFR Parts 25 and 26](#).

#### vii. Withdrawal of FHA Approval

Only the MRB may withdraw a Mortgagee's FHA approval. Withdrawal of FHA approval applies to all offices of the Mortgagee.

##### (A) Effective Date

If the MRB determines there is adequate evidence that immediate action is required to protect the financial interests of HUD or the public, the MRB is authorized to withdraw a Mortgagee's FHA approval immediately; in this case, the withdrawal is effective upon the Mortgagee's receipt of the notice of withdrawal.

Any other withdrawal is effective upon either:

- the expiration of the 30-Day appeal period, if the Mortgagee does not request a hearing; or
- the receipt of the Administrative Law Judge's final decision, if the Mortgagee does request a hearing within the 30-Day appeal period.

##### (B) Case Status

HUD will not endorse any Mortgage originated by the withdrawn Mortgagee unless it was an Approved Mortgage prior to the date of withdrawal.

The withdrawn Mortgagee must transfer its servicing portfolio to another FHA-approved Mortgagee (see [Transfers of Servicing and Sales of Mortgages](#)).

Withdrawn FHA approval means that the Mortgagee may not originate, underwrite, service, or purchase any FHA-insured Mortgages.

##### (C) Duration

The MRB's withdrawal of a Mortgagee's FHA approval will be for a reasonable, specified period of time, but not less than one year. The MRB may permanently withdraw a Mortgagee's FHA approval if it finds the Mortgagee's violations to be egregious or willful.

##### **(B) Maximum Civil Money Penalties**

The MRB is authorized to impose a civil money penalty, in accordance with the provisions of [24 CFR Part 30](#), against a party that knowingly and materially violates FHA program regulations or requirements. A civil money penalty may be imposed with respect to each insured Mortgage or other separate occurrence of a violation up to the maximum permitted under Part 30.

##### **(C) Mitigating and Aggravating Factors**

In determining the amount of a civil money penalty, the MRB will consider the following factors:

- the injury to the public;
- the benefits received by the violator;
- the extent of potential benefit to other persons;
- deterrence of future violations; and

If the Mortgagee fails to respond to the NOV within 30 Days, the MRB will make a final determination based upon the information available to it.

##### (B) Preservation of Documents

Upon receipt of the NOV, the Mortgagee is required to preserve and maintain all documents and data, including electronically stored data, within the Mortgagee's possession or control that may relate to the violations alleged in the NOV.

##### ii. Notice of Administrative Action

If proceedings are not initiated, a suspension may not exceed 12 months. The suspending official may extend the 12-month limit for an additional six months under limited circumstances described in [2 CFR § 180.760](#). In no event may a suspension exceed 18 months without initiating legal or debarment proceedings.

##### (A) Notice of Deficiency

###### (1) Standard

A Notice of Deficiency (NOD) refers to a formal notification from FHA to an Appraiser when a review identifies an error or lack of compliance. An NOD is not a sanction and is not considered severe enough to require remedial education or removal.

An NOD is noted on the Appraiser's record and multiple NODs may result in further action by FHA.

###### (2) Cause

An Appraiser may receive an NOD if an FHA review has determined gaps in due diligence and professionalism or errors or noncompliance.

###### (3) Notice

FHA will provide the Appraiser with written notice outlining deficiencies found in a specific appraisal.

###### (4) Appeal

An NOD is not a sanction and no appeal is available.

The Appraiser must complete remedial education within 60 Days of the date of notification and provide proof of successful completion. Failure to comply with a remedial education action may result in escalation of the action to an administrative sanction, including removal from the [FHA Appraiser Roster](#).

###### (2) Cause

Cause for remedial education includes, but is not limited to, identification of more serious deficiencies in the appraisal report that indicate lack of competence, including incomplete data collection or support for analysis and conclusions.

FHA will provide the Appraiser with written notice of the required remedial education that identifies the ground for the requirement.

Remedial education is not a sanction and no appeal is available.

##### (C) Removal

###### (1) Standard

FHA may remove an Appraiser from the [FHA Appraiser Roster](#) for failure to comply with the requirements outlined in this *SF Handbook*. The Appraiser may be required to take remedial education in addition to the removal.

FHA will notify the state licensing or certification agency in writing when an Appraiser has received a final notice of removal from the FHA Appraiser Roster. HUD is required by law to refer Appraisers to these boards if HUD considers the actions to be of such magnitude or frequency as to warrant such referral.

###### (2) Causes

Causes for removal include, but are not limited to, any of the following:

- significant deficiencies in appraisals, including non-compliance with Civil Rights requirements regarding appraisals;
- losing standing as a state-certified Appraiser due to disciplinary action in any state in which the Appraiser is certified;

#### (3) Notice

An Appraiser that is debarred, suspended, subject to a limited denial of participation or has lost standing as a state-certified Appraiser due to disciplinary action or expiration of a state certification, will be automatically removed from the FHA Appraiser Roster and notified of the removal.

In all other cases, the Appraiser will be given written notice of the proposed removal, and the notice will include the reasons for the proposed removal and the duration of the proposed removal.

#### (4) Appeal

The Appraiser will have 20 Days from the date of the notice of removal to submit a written response appealing the proposed removal and to request a conference. A request for a conference must be in writing and must be submitted along with a written response.

Within 30 Days of FHA's receipt of the Appraiser's written response, or if the Appraiser has requested a conference, within 30 Days after the completion of the conference, an FHA official, designated by the Secretary, will review the appeal and will send a final decision either affirming, modifying, or canceling the removal from the Appraiser Roster. FHA may extend this time upon giving notice. The FHA official designated by the Secretary to review the appeal will not be someone involved in FHA's initial removal decision nor will it be someone who reports to a person involved in that initial decision.

If the Appraiser does not submit a written response, the removal will be effective 20 Days after the date of FHA's initial removal notice. If the Appraiser submits a written response, and the removal decision is affirmed or modified, the removal or modification will be effective on the date of FHA's notice affirming or modifying the initial removal decision.

### Analyzing IRS Form 1120, U.S. Corporation Income Tax Return

A Corporation refers to a state-chartered business owned by its stockholders.

To determine the Borrower’s income, the adjusted business income must be multiplied by the Borrower’s percentage of ownership in the business.

Corporate compensation to the officers, in proportion to the percentage of ownership, is shown on the corporate tax return (IRS Form 1120), and individual tax returns. If the Borrower’s percentage of ownership does not appear on the tax returns, the Mortgagee must obtain the information from the corporations’ accountant, along with evidence that the Borrower has the right to any compensation.

The table below describes the items found on IRS Form 1120 for which an adjustment must be made in order to determine adjusted business income.

Adjustment Item	Description of Adjustment
Depreciation and Depletion	Add the corporation’s depreciation and depletion back to the after-tax income.
Fiscal Year vs. Calendar Year	If the corporation operates on a fiscal year that is different from the calendar year, an adjustment must be made to relate corporate income to the individual tax return.
Cash Withdrawals	The Borrower’s withdrawal of cash from the corporation may have a severe negative impact on the corporation’s ability to continue operating.

**Analyzing IRS Form 1120S, *U.S. Income Tax Return for an S Corporation***

An “S” Corporation refers to a small start-up business, with gains and losses passed to stockholders in proportion to each stockholder’s percentage of business ownership.

Income for owners of “S” corporations comes from W-2 wages, and is taxed at the individual rate. The IRS Form 1120S, Compensation of Officers line item is transferred to the Borrower’s individual IRS Form 1040.

Depreciation and depletion may be added back to income in proportion to the Borrower’s percentage of ownership in the corporation.

The Borrower’s income must be reduced proportionately by the total obligations payable by the corporation in less than one year.

**Analyzing IRS Form 1065, *U.S. Return of Partnership Income***

A Partnership refers to when two or more individuals form a business, and share in profits, losses, and responsibility for running the company. Each partner pays taxes on their proportionate share of the partnership’s net income.

Both general and limited partnerships report income on IRS Form 1065, and the partners’ share of income is carried over to Schedule E of IRS Form 1040.

Both depreciation and depletion may be added back to the income in proportion to the Borrower’s share of the income.

The Borrower’s income must be reduced proportionately by the total obligation payable by the partnership in less than one year.
